

Temple Of The Ascending Flame

Denerah Erzebet

Vovin Denerah Erzebet,2020-08-04 Vovin is a unique contribution to the Left Hand Path and the Draconian tradition. In these pages you will find a first-hand account of the transformative power of the Temple of Ascending Flame. Many people have written their occult autobiographies throughout the years, but virtually none have focused on the gnosis they gained through working the system of the temple. Most authors are content to share their amazing magick tales, and be done with it, but here you find very little of that. Instead, you will see not only an analysis of the temple itself, but also personal gnosis that was gained through working the temple's system. In this way, it is not just a memoirs, rather it is closer to a manifesto. Even then, this work is set apart due to the fact that what is being written about is an active temple, and not one that is a footnote in a magical history book. If you want to get to know Denerah more, and get a glimpse of what gnosis is possible through working with the material of the Temple of Ascending Flame, turn the page and enjoy the text!

Magical States of Consciousness Melita Denning,2025-05-23 Available Once Again—the Groundbreaking Guide to Qabalistic Pathworking Pathworking is one of the most powerful techniques employed in the practical Qabalah, the core of the Western Esoteric Tradition. Llewellyn is pleased to bring back—by popular demand— **Magical States of Consciousness**, the classic text by renowned magicians Osborne Phillips and the late Melita Denning that first made the practice of pathworking widely available. Revealed here are the methods by which deep dimensions of the human psyche may be reached—dimensions that give you access to profound knowledge and the power of creation. Ascend the Tree of Life to enter the Sphere of Tiphareth, the seat of the Higher Self. Train your mind and imagination, enhance your physical and emotional health, gain knowledge and spiritual initiation, experience adventure and self-empowerment—all through Qabalistic pathworking. Designed for both the beginner and the established mage, this sought-after book includes the complete narrative texts for the inward journeys of classic pathworking. Plus, mandalas are included that serve as gateways to altered states of consciousness and magical images of the Sephirothic archetypes—the sources of mystical power which exist not only cosmically but in the depths of each person's own being.
