The Alchemy of Becoming Diane Fulford, Karen Diguier, 2023-09-13 This is a book to be experienced, not simply read. The Alchemy of Becoming series sets out a methodology that empowers you to raise your level of consciousness to levels never imagined possible. The first book and level of this process, *Being of Truth*, laid a foundation of authenticity and personal truth. In this second installment, *Being of Love*, the journey continues as you discover that love is not just a feeling or emotion but rather a powerful, life-enhancing and life-creating force. Level 1 reframed fear to trust. In Level 2, love is claimed over and beyond fear. This is transformation. Not just inspiration, but transformation to a state of higher consciousness available to us all. Einstein claimed that no problem can be solved from the same level of consciousness that created it. It is only in higher consciousness that the intractable issues of our times can be addressed. This applies equally to our individual lives be it our health, relationships, and to our sense of worth and well-being. Higher consciousness takes you from life happening to you, to life happening by you and expressed as you. The seven-stage alchemic process is the framework for transformation and while the process is universal, no two people will have the same experience. The experience is personalized to you, meaning that it is aligned to your unique vibrational makeup. This is a powerful, affirming aspect of this methodology as what is revealed to you can only be known by you. It all starts with you. Transforming yourself to be the alchemist of your own life while serving as a gateway for the change our world so desperately needs.
