

The Penderwicks Series In Order

Karen Coats, Gretchen Papazian

[The Penderwicks Collection](#) Jeanne Birdsall, 2014-06-24 A digital collection of the first three Penderwicks novels. With over one million copies sold, this irresistible series of modern classics about the charming Penderwick family, from National Book Award winner and New York Times bestselling author Jeanne Birdsall, is perfect for fans of Noel Streatfeild and Edward Eager.

The Penderwicks at Point Mouette Jeanne Birdsall, 2011 When the three younger Penderwick sisters go to Maine with Aunt Claire and are separated from oldest sister Rosalind for the first time in their lives, an uncertain Skye is left in charge as the OAP--oldest available Penderwick.

The Penderwicks Jeanne Birdsall, 2007-03-13 This series of modern classics about the charming Penderwick family from National Book Award winner and New York Times bestseller Jeanne Birdsall is perfect for fans of Noel Streatfeild and Edward Eager. Over one million copies sold, now with a bright new look! This summer the Penderwick sisters have a wonderful surprise: a holiday on the grounds of a beautiful estate called Arundel. Soon they are busy discovering the summertime magic of Arundel's sprawling gardens, treasure-filled attic, tame rabbits, and the cook who makes the best gingerbread in Massachusetts. But the best discovery of all is Jeffrey Tifton, son of Arundel's owner, who quickly proves to be the perfect companion for their adventures. The icy-hearted Mrs. Tifton is not as pleased with the Penderwicks as Jeffrey is, though, and warns the new friends to stay out of trouble. Which, of course, they will--won't they? One thing's for sure: it will be a summer the Penderwicks will never forget. Deliciously nostalgic and quaintly witty, this is a story as breezy and carefree as a summer day.

The Penderwicks at Last Jeanne Birdsall, 2019-05-14 Return to the place where it all began for a Penderwick wedding--and the finale to a National Book Award winning and New York Times bestselling series! Lydia's older sister Rosalind is getting married and in the most perfect setting--Arundel! Now, the entire family is going back to the spot where they met their honorary brother Jeffrey and had endless adventures! And sure enough, the adventures do not stop. There are close calls involving almost too many dogs to count, dances at bus stops, and the reappearance of a longtime enemy. But most of all, there are six siblings with a bond that's as unshakeable as ever. The Penderwicks at Last may be the end of a cherished series, but the family we love will never be forgotten.

The Penderwicks on Gardam Street Jeanne Birdsall, 2008-04-08 With over one million copies sold, this series of modern classics about the charming Penderwick family from National Book Award winner and New York Times bestseller Jeanne Birdsall is perfect for fans of Noel Streatfeild and Edward Eager. The Penderwick sisters are home on Gardam Street and ready for an adventure! But the adventure they get isn't quite what they had in mind. Mr. Penderwick's sister has decided it's time for him to start dating—and the girls know that can only mean one thing: disaster. Enter the Save-Daddy Plan—a plot so brilliant, so bold, so funny, that only the Penderwick girls could have come up with it. It's high jinks, big laughs, and loads of family warmth as the Penderwicks triumphantly return.

The Penderwicks in Spring Jeanne Birdsall, 2015-03-24 With over one million copies sold, this series of modern classics about the charming Penderwick family, from National Book Award winner and New York Times bestseller Jeanne Birdsall, is perfect for fans of Noel Streatfeild and Edward Eager. Springtime is finally arriving on Gardam Street, and there are surprises in store for each member of the family. Some surprises are just wonderful, like neighbor Nick Geiger coming home from war. And some are ridiculous, like Batty's new dog-walking business. Batty is saving up her dog-walking money for an extra-special surprise for her family, which she plans to present on her upcoming birthday. But when some unwelcome surprises make themselves known, the best-laid plans fall apart. Filled with all the heart, hilarity, and charm that has come to define this beloved clan, *The Penderwicks in Spring* is about fun and family and friends (and dogs), and what happens when you bring what's hidden into the bright light of the spring sun.

The Penderwicks at Point Mouette Jeanne Birdsall, 2012-05-08 A latest entry in the series that began with the National Book Award-winning *The Penderwicks* finds the younger Penderwick sisters rejoining their Aunt Claire and friend, Jeffrey, for a summer at the Maine cottage, where Skye struggles to follow Rosal

Jim Trelease's Read-Aloud Handbook Jim Trelease, Cyndi Giorgis, 2019-09-03 The classic million-copy bestselling handbook on reading aloud to children--revised and updated for a new generation of readers Recommended by Dear Abby upon its first publication in 1982, millions of parents and educators have turned to Jim Trelease's beloved classic for more than three decades to help countless children become avid readers through awakening their imaginations and improving their language skills. Jim Trelease's *Read-Aloud Handbook*, updated and revised by education specialist Cyndi Giorgis, discusses the benefits, the rewards, and the importance of reading aloud to children of a new generation. Supported by delightful anecdotes as well as the latest research, an updated treasury of book recommendations curated with an eye for diversity, Jim Trelease's *Read-Aloud Handbook* offers proven techniques and strategies for helping children of all backgrounds and abilities discover the pleasures of reading and setting them on the road to becoming lifelong readers.

Emotion in Texts for Children and Young Adults Karen Coats, Gretchen Papazian, 2023-01-06 *Emotion in Texts for Children and Young Adults: Moving stories* takes up key issues in affect studies while putting forward new approaches and

ways of thinking about the intricate entanglements of emotion, affect, and story in relation to the functions, processes, and influences of texts designed for youth. With an emphasis on national literatures and international scholarship, it examines a variety of storytelling forms, formats, genres, and media crafted for readers ranging from the very young to the newly adult. Layering recent cognitive approaches to emotion, affect studies, and feminist perspectives on emotion, it investigates not only what texts for children and young adults have to say about emotion but also how such texts try to move their readers. In this, the chapters draw attention to the ways narrative literary texts address, elicit, shape, and/or embody emotion.

The Oxford Companion to Children's Literature Daniel Hahn, Michael Morpurgo, 2015 The last thirty years have witnessed one of the most fertile periods in the history of children's books. A fascinating reference guide to the world of children's literature, this volume covers every genre from fairy tales to chapbooks; school stories to science fiction; comics to children's hymns

The Penderwicks 3-Book Boxed Set Jeanne Birdsall, 2014-03-25 Collects three adventures featuring the Penderwick sisters, including a summer spent on a beautiful estate; saving their father from his sister's plans to get him a date; and a summer holiday for Rosalind without her sisters.

Raising an Active Reader Samantha Cleaver, 2020-05-18 This book will prove a valuable resource for parents, teachers, and librarians on the vital topic of reading aloud. Library Journal, Starred Review Parents and teachers know that reading aloud to children is important, and many parents of infants and toddlers read aloud to them daily. However, when children start to read on their own, parents often stop reading aloud. But these early elementary school years are actually a perfect time to build vocabulary and comprehension skills through reading aloud and Active Reading. *Raising an Active Reader* makes clear the process of learning to read, how Active Reading fits into raising strong readers, and what adults can do to encourage strong language, comprehension, and vocabulary in children in grades K-3. This book extends on the ABCs of Active Reading (Ask Questions, Build Vocabulary, and make Connections) as they apply to older children for picture books, chapter books, and novels. It provides parents and teachers with examples, clear explanations, and ideas for making one-on-one or small group read aloud sessions a powerful way to build children's early literacy and language skills, all while creating a lifelong love of reading.

Good Books Matter Larry Swartz, Debbie Nyman, 2008 Based on extensive research on the features that make children's books appealing and appropriate, this valuable teacher resource offers guidance on selecting books, strategies for specific grade levels, suggestions for extension, and tips for assessment. This teacher-friendly book is organized around the major genres — traditional literature, picture books, nonfiction, poetry, and multicultural texts — that will inspire young readers. Throughout the book, teachers will find suggestions for using literature to implement shared reading, reading aloud, and response strategies with emergent, developing, and independent readers. This comprehensive book is rooted in the belief

that educators must consider and offer a wide range of choice to ensure that students read good books. It argues that the choices children make about what they read should be governed by their interests and desire to learn; not by a grade or reading level.

The Fight against Book Bans Shannon M. Oltmann, 2023-06-30 Book bans and challenges frequently make the news, but when the reporting ends, how do we put them in context? The Fight against Book Bans captures the views of dozens of librarians and library science professors regarding the recent flood of book challenges across the United States, gathered in a comprehensive analysis of their impact and significance. It also serves as a guide to responding to challenges. Chapter authors provide first-hand accounts of facing book challenges and describe how they have prepared for challenges, overcome opposition to certain books, and shown the value of specific library materials. Library science faculty with a range of specialties provide relevant background information to bolster these on-the-ground views. Together, the chapters both articulate the importance of intellectual freedom and demonstrate how to convey that significance to others in the community with passion and wisdom. This volume provides a timely and thorough overview of the complex issues surrounding the ongoing spate of book challenges faced by public and school libraries.
