To accomplish this seemingly impossible goal, Garenland's top spies are dispatched to place magical patches on the portals in every capital. Behind enemy lines and on their own, it will be a miracle if the spies can survive, much less complete their missions. Five men will determine Garenland's future. Can they complete the mission or will they die trying?

*The Great Portal Wars Trilogy* Pauline Marquez, 2010-12 Jen's father is missing when a mystic being called Hope draws Jen into another dimension. Reunited, Jen and her father encounter majestic and terrifying creatures while embroiled in a war being waged against mankind.

Homefront Jay Allan, 2016-02-07 The stunning conclusion to the Portal Wars trilogy...Jake Taylor and his cyborg soldiers have fought their way from one Portal planet to another, moving steadily homeward with one goal in mind - the utter destruction of the corrupt rulers who sent them to hell to fight and die as pawns in a dishonest war, one started not by the alien enemy, but by Earth's own government, as a tool in its plot to seize total power. And now, after the fighting, the suffering, the bitter losses...finally, it is time. Time for the final invasion of Earth. Time to liberate their homeland from the totalitarian government that controls it utterly, to find those responsible for all that has happened...and to kill them all. Jake and his warriors are hopelessly outnumbered, but they are determined to battle to the last, to sacrifice all for any hope of victory, however small. But Taylor and his soldiers are not alone in their fight, for in Earth's shadows, in the rotting slums and the remote countryside, in dark corners and crumbling cellars, a spark of defiance has survived and grown, men and women who remember liberty, and are willing to die for the chance to regain what they lost a generation before. They are preparing...and waiting. Waiting for the chance to strike a blow for freedom. But those who cling to power will not give it up easily. Indeed, the politicians who run UNGov will see Earth a charred ruin, the dead lying in unburied heaps before they will yield their positions. The battle is about to begin...and it will not end until only one side remains. Is Jake Taylor willing to go all the way, to fight to the end, do whatever he must...to accept nothing less than death or total victory, whatever the cost?
