The Notion of "religion" in Comparative Research Ugo Bianchi, 1994 Nel 1990 si tenne a Roma il XVI Congresso del I.A.H.R. che ebbe come tema la nozione di religione. Venne particolarmente analizzato l'uso di tale termine da parte degli studiosi di lingua europea nei rapporti con le culture non europee e viceversa.

Who's Who in Food Chemistry Reto Battaglia, Werner Pfannhauser, Michael Murkovic, 2013-06-29 The FCES Working Party on Food Chemistry was stimulated by many inquiries and suggestions of their member delegates to start a project called Who's Who in Food Science - Europe It turned out that there is a real need to contact scientific partners all over Europe and establish cooperation and obtain information in the own field of interest as quickly as possible. A project group within the FECS Working Party on Food Chemistry located in Austria at the Graz University of Technology was formed and questionnaires were distributed by the national delegates. As a first result this booklet has been edited on the occasion of EURO FOOD CHEM VIII Conference in Vienna (18 - 20 September 1995). It is somewhat a Zero-Edition with the purpose to make known to the scientific audience what is planned and to ask for suggestions and comments. The editors would like to emphasize that all European scientists active in the field of food science are kindly requested to fill in a questionnaire and contribute by doing so to an enlarged edition a useful publication promoting communication between food scientists

throughout Europe.
