A Cop Walks Down Memory Lane...! K. Manickavasagam, 2020-05-26 All the memories of a man in his life, whether it might be of heart-warming or heart-breaking, should not go buried along with his last breath, but should leave some inputs to his family members, relatives and friends to make them aware of his past life track for their future guidance. At the same time, if the same man happens to be a person who had served in any public service organization, then his memories should not go vanished away along with his soul. However, such memories should necessarily leave a lesson to his successors and all the common public to learn the morals and to realize the things, as to how the problems are raised in societies and how the same could be prevented. Unlike the other departmental officials of the government services, the police officials would not have an opportunity of second innings to continue their services in any other sector after their retirement, as the police service is entirely different from other services of the governing bodies, like technical, educational, medical, and commercial services. Because of this, most of the retired police officials would feel themselves isolated and spend the remaining part of their lifetime in a lackadaisical manner. Under such circumstances, it is my son Arulmurugan, and my daughter Sivasakthi, who are now living respectively in Michigan and Arizona States of USA, have suggested me to write some useful articles in blog, a kind of website, to share my thoughts in good faith with hundreds and thousands of readers over the months and years. My children's encouragement and guidance empowered me to enter into such blog-writings and publish the same in my blog site. As far as the police department is concerned in olden days, our traditional practice was to write everything manually by our own hand for all kinds of script works until the police department was modernized. As I had been accustomed for a long time only to such manual writings, I gradually learned the system related works and started to login into my blog site and write the articles directly in my blog after my superannuation. Initially, I was writing on some social issues in my blog. Then, a spark came in my mind as to why should not I write short stories in my blog, based on the cruxes of some past occurrences that came across in my police service. Since I had been in the regular habit of preparing my case diaries and the investigation reports in my own handwriting throughout my service, it was easy for me to recollect some past occurrences and shape up the same in the form of short stories, adding some spicy essence to pep up the style of writing. While writing such short stories, I shaped up the same with an object of giving some moral messages, thrill, fun, and some social thoughts to every reader, without touching the sentiments of anyone. The names of the characters in the short stories

and the articles have been changed. I have spent almost all the days, after my superannuation, in writing fifty-five episodes, most of which are short stories and few are satirical article to poke fun at some social evils and injustice, with a narrative style of a professional storyteller. At this moment, I would like to make a self-explanation. Yes! Some may think as to why this Policeman has written this book in English. First, I would like to state that I love my mother tongue Tamil, the most ancient of all other languages. Anyhow, I had a little passion of learning one more language in addition to my mother tongue, because of which, I had a brief interest in grooming the English language in me. I have written this book in English with an idea of conveying my short stories and thoughts to all the people irrespective of linguistic variations and regional differences. -

Nepotism Dr. Ganesh Khanderao, Dr. Sanjay Deosthale, Dr. Manoj Bhagat,2022-10-14 It is a matter of both honour and pleasure for us as editors of this much awaited an edited book on the current topic like 'Nepotism'. Writing a preface for this book on Nepotism is itself a separate and great experience. Actually, this book is an outcome or the result of great endurance and painstaking efforts taken by all of us. Prof. Dr. Manoj Bhagat has done a sincere job of proofreading and he has taken care of all the technical aspects from the first day of collections of all research papers and articles up to compilation of them properly for this edited book. Of course, Prof. Dr. Sanjay Deosthale stood along with us in the complete process of this book, his guidance proved to be fruitful as an outcome of the final copy of 'Nepotism' book. It was really a laborious as well as difficult task to call a research paper or article on such a hot topic which has influenced almost all areas of life and work, but ultimately, we could do it with cooperation and team spirit within us. I must be grateful to Prof. Dr. Manoj Bhagat for suggestion to work on the selected topic i.e. Nepotism and bring it into the form of an edited book. Now, this most debatable topic like Nepotism has attracted the attention of critics and readers towards it. It has not only come up as a separate branch of study in humanities, social science and other correlated subjects also.

Ruling Dynasties of Independent India - Volume 2 Ravindra Padalkar,2021-02-14 This book is written to get an overall idea of "dynastic politics" in India. It is always kept in mind that a citizen of India should know more about the politicians who are in the Government and form policies, etc. to take the country in the proper direction, at the same time the book should be interesting. Wherever possible, family trees are shown as well as the assets of our politicians. It was natural to start with the Nehru Gandhi family, being one of the largest and long-ruling families at the helm of all affairs. Then State-wise, the families are chosen and the account is presented. Since the volume is huge, this book is in two volumes. States are

chosen alphabetically. So, even if the Nehru Gandhi family is in Volume 1, Tamil Nadu, Telangana, Uttar Pradesh, etc. are in Volume 2. Early rulers in Indian history used to handover the throne to their sons and then to the next generations for generations to come until some larger event upset the process, mostly conspiracies by persons like very close aides of the king or a revolt. Similar lines were followed even during our democracy passing on the rule to the next generation, which gave rise to dynastic rule. Indian politics has witnessed a large spectrum of politicians from various fields. Initially, it consisted mainly of leaders from the field of law. But now, we find that we have eminent personalities from the sports field, actors, actresses, superstars from the silver screen; the literary field is no exception; we have writers, poets, and so on; economists find a special place in the political arena; politics does not shun even criminals or few dacoits who then turned to politics after their surrender. Businessmen, kings or we can say princes from princely states as Britishers decided to call them are also found here. We have the learned people in politics as well as the illiterate people (angutha chhaap) who learnt to sign only after assuming office on getting elected.

Celluloid Deities Preminda Jacob, 2008-10-23 Towering billboards featuring photorealistic portraits of popular cinema stars and political leaders dominated the cityscape of Chennai, in the south Indian state of Tamil Nadu, throughout the second half of the twentieth century. Studying the manufacture and reception of these billboards_ known locally as banners and cutouts_ within the context of the entwined histories of the cinema industry and political parties in Tamil Nadu, Preminda Jacob reveals the broader significance of these fragments of visual culture beyond their immediate function as pretty pieces of advertising. Jacob analyzes the juxtaposition of cinematic and political imagery in the extra-cinematic terrain of Chennai's city streets and how this placement was pivotal to the elevation of regional celebrities to cult status. When interpreting these images and discussing their political and cultural resonance within the Tamil Nadu community, Jacob draws upon multiple perspectives to give appropriate context to this fascinating form of visual media.

Tamil Cinema Selvaraj Velayutham, 2008-04-03 This book examines Tamil cinema, which has recently overtaken Bollywood in terms of annual output, outlining its history and distinctive characteristics, and proceeds to consider a number of important themes such as gender, religion, class, caste, fandom, cinematic genre, the politics of identity and diaspora.
