

Anthony Bourdain On Henry Kissinger

Bhaskar Sunkara, René Rojas, Jonah Walter

Christopher Hitchens Ben Burgis, 2021-12-31 'Burgis offers a fascinating and nuanced dive into the life, work, and political views of Christopher Hitchens. It's rare to come across a book that manages to combine an enjoyable and informative mix of history, philosophy, religion, and biography. Burgis accomplishes this difficult task well, and also helps the reader to interpret today's political climate.' Ana Kasparian, host and executive producer, The Young Turks While his post-9/11 turn to the right has defined Christopher Hitchens for the last two decades, we may now be in a position to rehabilitate his long pre-9/11 career as a left-wing polemicist. Burgis reminds readers about what was best in Hitchens's writings and helps us gain a better understanding of how someone whose whole political life was animated by the values of the socialist left could have ended up holding grotesque positions on Iraq and the War on Terror. Burgis' book makes a case for the enduring importance of engaging with Hitchen's complicated legacy.

The Fight Against Monsanto's Roundup Mitchel Cohen, 2019-01-08 "We are being poisoned, and this book is sounding a well-informed alarm. Read it. Get educated and then join the thousands rising up against those who care more for profit than the health of our bodies and our earth." -Eve Ensler, New York Times bestselling author Chemical poisons have infiltrated all facets of our lives - housing, agriculture, work places, sidewalks, subways, schools, parks, even the air we breathe. More than half a century since Rachel Carson issued *Silent Spring* - her call-to-arms against the poisoning of our drinking water, food, animals, air, and the natural environment - *The Fight Against Monsanto's Roundup* takes a fresh look at the politics underlying the mass use of pesticides and the challenges people around the world are making against the purveyors of poison and the governments that enable them. The scientists and activists contributing to *The Fight Against Monsanto's Roundup*, edited by long-time Green activist Mitchel Cohen, explore not only the dangers of glyphosate - better known as "Roundup" - but the campaign resulting in glyphosate being declared as a probable cancer-causing agent. In an age where banned pesticides are simply replaced with newer and more deadly ones, and where corporations such as Monsanto, Bayer, Dow and DuPont scuttle attempts to regulate the products they manufacture, what is the effective, practical, and philosophical framework for banning glyphosate and other pesticides? *The Fight Against Monsanto's Roundup: The Politics of Pesticides* takes lessons from activists who have come before and offers a radical approach that is essential for defending life on this planet and creating for our kids, and for ourselves, a future worth living in.

The Linguistics Wars Randy Allen Harris, 2021-09-13 An updated and expanded history of the field of linguistics from the 1950s to the current day. The Linguistics Wars tells the tumultuous history of language and cognition studies from the rise of Noam Chomsky's Transformational Grammar to the current day. Focusing on the rupture that split the field between Chomsky's structuralist vision and George Lakoff's meaning-driven theories, Randy Allen Harris portrays the extraordinary personalities that were central to the dispute and its aftermath, alongside the data, technical developments, and social currents that fueled the unfolding and expanding schism. This new edition, updated to cover the more than twenty-five years since its original publication and to trace the impact of that schism on the shape of linguistics in the twenty-first century, is essential reading for all those interested in the study of language, the making of knowledge, and some of the most brilliant minds of our era.

Journalism and the Metaverse John V. Pavlik, 2024-06-04 Journalism has been in a state of disruption since the development of the Internet. The Metaverse, what some describe as the future of the Internet, is likely to fuel even further disruption in journalism. Digital platforms and journalism enterprises are already investing substantial resources into the Metaverse or its likely components of augmented reality, virtual reality, and artificial intelligence.. Although research shows most of the public has little knowledge of the Metaverse, many are keenly interested in what it or its components may bring. Gartner (2022) predicts that a quarter of the public will spend at least one hour per day in the Metaverse by 2026. Journalism may be an important part of this future. This book will provide a critical examination of the implications of the Metaverse for the continuing transformation of journalism in the digital age.

Cypria Alex Christofi, 2024-05-09 A WATERSTONES BOOK OF THE YEAR 2024 A brilliant exploration of Cyprus's long history of cultural resilience. Superbly composed. -- Guardian Poetic...Compelling -- New Statesman One of National Geographic's Summer Reads 2024 Think of a place where you can stand at the intersection of Christian and Arab cultures, at the crossroads of the British, Ottoman, Byzantine, Roman and Egyptian empires; a place marked by the struggle between fascism and communism and where the capital city is divided in half as a result of bloody conflict; where the ancient olive trees of Homer's time exist alongside the undersea cables which link up the world's internet. In Cypria, named after a lost Cypriot epic which was the prequel to The Odyssey, British Cypriot writer Alex Christofi writes a deeply personal, lyrical history of the island of Cyprus, from the era of goddesses and mythical beasts to the present day. This sprawling, evocative and poetic book begins with the legend of the cyclops and the storytelling at the heart of the Mediterranean culture. Christofi travels to salt lakes, crusader castles, mosques and the eerie town deserted at the start of the 1974 war. He retells the particularly bloody history of Cyprus during the twentieth century and considers his own identity as traveler and returner, as Odysseus was. Written in sensitive, witty and beautifully rendered prose, with a novelist's flair and eye for detail, Cypria combines the political, cultural and geographical history of Cyprus with reflections on time, place and belonging.

World Travel Anthony Bourdain, Laurie Woolever, 2021-04-20 A guide to some of the world's most fascinating places, as seen and experienced by writer, television host, and relentlessly curious traveler Anthony Bourdain. Anthony Bourdain saw more of the world than nearly anyone. His travels took him from the hidden pockets of his hometown of New York to a tribal longhouse in Borneo, from cosmopolitan Buenos Aires, Paris, and Shanghai to Tanzania's utter beauty and the stunning desert solitude of Oman's Empty Quarter—and many places beyond. In *World Travel*, a life of experience is collected into an entertaining, practical, fun and frank travel guide that gives readers an introduction to some of his favorite places—in his own words. Featuring essential advice on how to get there, what to eat, where to stay and, in some cases, what to avoid, *World Travel* provides essential context that will help readers further appreciate the reasons why Bourdain found a place enchanting and memorable. Supplementing Bourdain's words are a handful of essays by friends, colleagues, and family that tell even deeper stories about a place, including sardonic accounts of traveling with Bourdain by his brother, Christopher; a guide to Chicago's best cheap eats by legendary music producer Steve Albini, and more. Additionally, each chapter includes illustrations by Wesley Allsbrook. For veteran travelers, armchair enthusiasts, and those in between, *World Travel* offers a chance to experience the world like Anthony Bourdain.

Comer, viajar, descubrir (Edición mexicana) Anthony Bourdain, 2021-08-16 Una celebración de la vida y el legado de uno de los escritores gastronómicos más importantes. Anthony Bourdain vio más mundo que nadie. Sus viajes lo llevaron desde los rincones más secretos de su Nueva York natal hasta una comuna tribal en Borneo, isla del Sudeste Asiático, pasando por las cosmopolitas Buenos Aires, París y Shanghái, la impresionante belleza de Tanzania y hasta la inmensa soledad del desierto árabe de Omán. Este es el libro que Bourdain dejó esbozado en el momento de su muerte y ahora ve por fin la luz. Reúne sus experiencias vitales alrededor del mundo con un tono honesto y mordaz. Con consejos imprescindibles sobre cómo llegar, dónde comer, dónde alojarse y, en algunos casos, qué evitar, esta irreverente guía de viajes ofrece todo lo necesario para que el lector comprenda las razones por las que Bourdain describía un lugar como cautivador y memorable, y ofrece una inmersión deslumbrante y práctica a algunos de los sitios que más le fascinaban. Para viajeros veteranos, turistas de sillón o exploradores de tiempo parcial, *Comer, viajar, descubrir* ofrece la oportunidad de experimentar y conocer el mundo tal como lo hizo el gran Anthony Bourdain.

The Trial of Henry Kissinger Christopher Hitchens, 2001 In this incendiary book, Hitchens takes the floor as prosecuting counsel and mounts a devastating indictment of Henry Kissinger, whose ambitions and ruthlessness have directly resulted in both individual murders and widespread, indiscriminate slaughter.

Henry Kissinger, 1975

Henry Kissinger Henry Alfred Kissinger, 1983

The Good Die Young Bhaskar Sunkara, René Rojas, Jonah Walter, 2024-01-17 The collection strikes a blackly comic but erudite tone. -Sophia Nguyen, The Washington Post Kissinger is dead but his blood-soaked legacy endures If the American foreign policy establishment is a grand citadel, then Henry Kissinger is the ghoul haunting its hallways. For half a century, he was an omnipresent figure in war rooms and at press briefings, dutifully shepherding the American empire through successive rounds of growing pains. For multiple generations of anti-war activists, Kissinger personified the depravity of the American war machine. The world Kissinger wrought is the world we live in, where ideal investment conditions are generated from the barrel of a gun. Today, global capitalism and United States hegemony are underwritten by the most

powerful military ever devised. Any political vision worth fighting for must promise an end to the cycle of never-ending wars afflicting the world in the twenty-first century. And breaking that cycle means placing the twin evils of capitalism and imperialism in our crosshairs. In this book, Jacobin follows Kissinger's fiery trajectory around the world — not because he was evil incarnate, but because he, more than any other public figure, illustrates the links between capitalism, empire, and the feedback loop of endless war-making that still plagues us today.

Henry Kissinger Heather Lehr Wagner, 2013 Surveys the life of Henry Kissinger and discusses how as National Security Advisor and Secretary of State he influenced American foreign policy.

Miscellaneous Publications by and about Henry Kissinger Henry Kissinger,

Kissinger's Shadow Greg Grandin, 2025-10-16 A new account of America's most controversial diplomat that moves beyond praise or condemnation to reveal Kissinger as the architect of America's current imperial stance In his fascinating new book *Kissinger's Shadow*, acclaimed historian Greg Grandin argues that to understand the crisis of contemporary America—its never-ending wars abroad and political polarization at home—we have to understand Henry Kissinger. Examining Kissinger's own writings, as well as a wealth of newly declassified documents, Grandin reveals how Richard Nixon's top foreign policy advisor, even as he was presiding over defeat in Vietnam and a disastrous, secret, and illegal war in Cambodia, was helping to revive a militarized version of American exceptionalism centered on an imperial presidency. Believing that reality could be bent to his will, insisting that intuition is more important in determining policy than hard facts, and vowing that past mistakes should never hinder future bold action, Kissinger anticipated, even enabled, the ascendance of the neoconservative idealists who took America into crippling wars in Afghanistan and Iraq. Going beyond accounts focusing either on Kissinger's crimes or accomplishments, Grandin offers a compelling new interpretation of the diplomat's continuing influence on how the United States views its role in the world.

Henry Kissinger, his personality and policies Dan Caldwell, 1983

Reckless Robert K. Brigham, 2018-09-04 Henry Kissinger's role in the Vietnam War prolonged the American tragedy and doomed the government of South Vietnam The American war in Vietnam was concluded in 1973 after eight years of fighting, bloodshed, and loss. Yet the terms of the truce that ended the war were effectively identical to what had been offered to the Nixon administration four years earlier. Those four years cost America and Vietnam thousands of lives and billions of dollars, and they were the direct result of the supposed master plan of the most important voice in American foreign policy: Henry Kissinger. Using newly available archival material from the Nixon Presidential Library, Kissinger's personal papers, and material from the archives in Vietnam, Robert K. Brigham punctures the myth of Kissinger as an infallible mastermind. Instead, he constructs a portrait of a rash, opportunistic, and suggestible politician. It was personal political rivalries, the domestic political climate, and strategic confusion that drove Kissinger's actions. There was no great master plan or

Bismarckian theory that supported how the US continued the war or conducted peace negotiations. Its length was doubled for nothing but the ego and poor judgment of a single figure. This distant tragedy, perpetuated by Kissinger's actions, forever changed both countries. Now, perhaps for the first time, we can see the full scale of that tragedy and the machinations that fed it.

Immerse yourself in the artistry of words with is expressive creation, **Anthony Bourdain On Henry Kissinger** .
