

Biografia De Frida Kahlo

Claudia Schaefer

Frida Hayden Herrera, 2019-11-14 La mejor biografía que se ha escrito sobre Frida Kahlo, la pintora mexicana por excelencia. Edición revisada con prólogo de Valeria Luiselli Frida fue una figura mítica creada por sí misma, el centro exótico de una esfera que incluía a amigos como León Trotsky y Nelson Rockefeller, Isamu Noguchi y André Breton, Dolores del Río y Paulette Goddard. Fue esposa del gran muralista Diego Rivera y artista brillante por derecho propio. Esta edición ampliamente revisada de la biografía de la pintora mexicana por excelencia nos revela a una mujer con un magnetismo y una originalidad legendarios, cuya vida fue tan dramática y obsesiva como las imágenes que pintaba. La sensualidad de sus cuadros, el ambiente extraño y denso que los impregna, surgieron directamente de sus propias experiencias: su infancia durante la Revolución, el devastador accidente sufrido a los dieciocho años, su vínculo con el Partido Comunista a través de Diego Rivera, su pasión por el folclore y la cultura de México... Frida realizó una fascinante obra autobiográfica plasmada en la pintura: una irresistible serie de autorretratos que representaban el desarrollo de su urgente necesidad de conocerse a sí misma, creados entre 1926 y 1954, fecha en que murió. Quienes la conocieron relatan la historia de su vida como una novela llena de encanto y joie de vivre, hasta el trágico final. Pese a que la verdad es más desoladora, la historia de Frida Kahlo sigue siendo tan extraordinaria como la leyenda que creó. Reseñas: «Una biografía íntima fruto de una concienzuda investigación e ilustrada con numerosas imágenes de sus cuadros. Ya era hora de que se recuperara.» Sunday Times «Herrera no solo nos regala una descripción detallada del carácter sensual y apasionado de Frida Kahlo, sino que comenta sus cuadros con la destreza crítica de una verdadera experta. Insuperable.» Janet Kaplan «Frida pasará a la historia como la primera gran biografía de una de las artistas más viscerales de todos los tiempos.» The Observer «Es admirable como Hayden Herrera rehúye del mito y a la vez logra capturar a esta desdichada mujer en toda su grandeza.» The Independent «Una historia cautivadora sobre el arte radical, una visión romántica de la política, los grandes amores y un profundo dolor.» TIME Magazine

Frida Kahlo Claudia Schaefer,2008-11-30 Frida Kahlo was born in 1907 to parents of German and Spanish descent, in Coyoacan, outside Mexico City. After contracting polio at age six, Frida also suffered severe injuries in a bus accident. Her time spent in recovery turned her toward a painting career. These experiences, combined with a difficult marriage to the artist Diego Rivera, generated vibrant works depicting Frida's experiences with pain as well as the symbolism and spirit of Mexican culture. Though she died in 1954, interest in her work continues to grow, with museum exhibitions and publications

around the world. This biography will introduce art students and adult readers to one of the Latino culture's most beloved artists. In 2002, the film *Frida* introduced the artist and her works to a new audience. In 2007, the 100th anniversary of Kahlo's birth, a major exhibition of her work was held at the Museum of the Fine Arts Palace in Mexico. In 2007 through 2008, another major exhibition began its journey to museums throughout the United States.

Frida Kahlo: The Last Interview Frida Kahlo, 2020-09-01 Frida Kahlo's legacy continues to grow in the public imagination in the nearly fifty years since her discovery in the 1970s. This collection of conversations over the course of her brief career

allows a peek at the woman behind the hype. And allows us to see the image of herself she carefully crafted for the public. Frida Kahlo is now an icon. In the decades since her death, Kahlo has been celebrated as a proto-feminist, a misunderstood genius, and a leftist hero, but during her lifetime most knew her as ... Diego Rivera's wife. Featuring conversations with American scholar and Marxist, Bertram D. Wolfe, and art critic Raquel Tibol, this collection shows an artist undervalued, but also a woman in control of her image. From her timid beginnings after her first solo show, to a woman who confidently states that she is her only influence, the many faces of Kahlo presented here clearly show us the woman behind the Fridamania we know today.
