**Sonia E. Howe**

*Russian History* Geoffrey Hosking, 2012-03-29 Spanning the divide between Europe and Asia, Russia is a multi-ethnic empire with a huge territory, strategically placed and abundantly provided with natural resources. But Russia's territory has a harsh climate, is cut off from most maritime contact with the outside world, and has open and vulnerable land frontiers. It has therefore had to devote much of its wealth to the armed forces, and the sheer size of the empire has made it difficult to mobilise resources and to govern effectively, especially given the diversity of its people. In this Very Short Introduction, Geoffrey Hosking discusses all aspects of Russian history, from the struggle by the state to control society, the transformation of the empire into a multi-ethnic empire, Russia's relationship with the West/Europe, the Soviet experience, and the post-Soviet era. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**Modern Russian History** Aleksandr Aleksandrovich Kornilov, 1916

Russian History Neil M. Heyman, 1993

**A Companion to Russian History** Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day. Includes essays by both prominent and emerging scholars from Russia, Great Britain, the US, and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs, through the Yeltsin Era, and future prospects for post-Soviet Russia Offers an extensive review of the medieval period, religion, culture, and the experiences of ordinary people Offers a balanced review of both traditional and cutting-edge topics, demonstrating the range and dynamism of the field

**A Brief History of Russia** Michael Kort, 2008 Serves as a guide to the history and culture of Russia. This book details the social, economic, and political changes and crises that the people of Russia have had to endure. It includes a chronology, bibliography, and, suggested readings. It also covers the conquest and rule of Russia by the Mongol Golden Horde as well as the reign of terror.

*A Concise History of Russia* Paul Bushkovitch, 2011-12-05 Accessible to students, tourists, and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art, and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy, and Mendeleev in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system, and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

*The Origins of Autocracy* Alexander Yanov, 1981-01-01 Traces the role of Ivan the Terrible in Russian history and the thinking of Russian historians, emphasizing the political actions and ideals of the sixteenth-century czar as they have shaped Russia's development through the present

New York, The Borzoi, A.A. Knopf, 1916.

**Readings in Russian History** Warren Bartlett Walsh, 1950

*A Thousand Years of Russian History (Classic Reprint)* Sonia E. Howe, 2017-09-18 Excerpt from A Thousand Years of Russian History There are few people in England, probably, who have not read some book or article on Russia, and some aspects of the life of that country are well known to English people; yet it is not too much to say that great ignorance prevails about Russia as a whole. The thing lacking is a knowledge of history, for history alone explains the present by the past, and offers the right vantage ground from which to view the great drama in action at this time. History alone will explain, for example, why Russia is so irresistibly drawn towards Constantinople, and why so much blood has been shed in vain attempts to gain possession of the latchkey to her own front door which the Western Powers have prevented her again and again from getting into her hands. The ancient story of Oleg the Wise hanging his shield on the gate of Byzantium in 911 is a symbol of Russia's policy. A knowledge of history will also enable the reader to understand the living bond which exists between Russians and Balkan Slavs, who are all members of the same race and of the same Church, and how this bond has always

reasserted itself when the weaker brothers had reason to call upon the stronger for help against Turkish Moslems. There are also other vital points which have to be explained before Russia's political position can be rightly understood; for the mighty Russian Empire has not been built in a day - from a small beginning and by a number of different processes it has grown to its present dimensions. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

**A Short History of Russia** Mark Galeotti, 2020-07-07 A Library Journal 2020 Title to Watch Terrific - and an amazing achievement to cover so much ground in such a short and wonderfully readable book. -Peter Frankopan, bestselling author of *The Silk Roads* Russia's epic story told in an accessible, lively and short form, using the country's fascinating history to help us understand its actions today and what the future might hold A country with no natural borders, no single ethnic group, no true central identity, Russia has mythologized its past to unite its people, to justify its military decisions, and to signal strength to outsiders. Mark Galeotti takes us behind the myths to the heart of the Russian story, covering key moments such as: the formation of a nation through its early legends, including Ivan the Terrible and Catherine the Great the rise and fall of the Romanovs, the Russian Revolution, the Cold War, Chernobyl and the Soviet Union the arrival of an obscure politician named Vladimir Putin and his ambitions for Russia *A Short History of Russia* explores the history of this fascinating, extraordinary, desperate and exasperating country through two intertwined issues: the way successive influences from beyond its borders have shaped Russia, and the way Russians came to terms with this influence, writing and rewriting their past to understand their present and try to shape their future. In turn, this self-invented history has come to affect not just their constant nation-building project but also their relations with the world.

**The Story of Russia** Orlando Figes, 2022-09-20 "This is the essential backstory, the history book that you need if you want to understand modern Russia and its wars with Ukraine, with its neighbors, with America, and with the West." —Anne Applebaum, author of *Twilight of Democracy* and *Red Famine* Named a Most Anticipated Book of the Year by Publishers Weekly and Kirkus Reviews From "the great storyteller of Russian history" (Financial Times), a brilliant account of the national mythologies and imperial ideologies that have shaped Russia's past and politics—essential reading for understanding the country today *The Story of Russia* is a fresh approach to the thousand years of Russia's history, concerned as much with the ideas that have shaped how Russians think about their past as it is with the events and personalities comprising it. No other country has reimagined its own story so often, in a perpetual effort to stay in step with the shifts of ruling ideologies.

From the founding of Kievan Rus in the first millennium to Putin's war against Ukraine, Orlando Figes explores the ideas that have guided Russia's actions throughout its long and troubled existence. Whether he's describing the crowning of Ivan the Terrible in a candlelit cathedral or the dramatic upheaval of the peasant revolution, he reveals the impulses, often unappreciated or misunderstood by foreigners, that have driven Russian history: the medieval myth of Mother Russia's holy mission to the world; the imperial tendency toward autocratic rule; the popular belief in a paternal tsar dispensing truth and justice; the cult of sacrifice rooted in the idea of the "Russian soul"; and always, the nationalist myth of Russia's unjust treatment by the West. How the Russians came to tell their story and to revise it so often as they went along is not only a vital aspect of their history; it is also our best means of understanding how the country thinks and acts today. Based on a lifetime of scholarship and enthrallingly written, *The Story of Russia* is quintessential Figes: sweeping, revelatory, and masterful.

*History of Russia Captivating History*, 2019-05-30 This new captivating history book serves as an overview of Russian history over the span of more than a millennium, from the foundation of the Russian state by the Viking prince Rurik in 862 AD until the collapse of the Soviet Union at the end of 1991.

**History of Russia in 100 Minutes** Tanel Vahisalu, 2017-03-12 History of Russia in 100 Minutes is a crash course for beginners. Here you will find the complete history summarized and retold in simple language with accurate dates, the most relevant names and essential concepts. After finishing the course, you will know: - The basic characteristics of Russian history in different epochs - The 54 most important rulers and 106 historical persons in Russian history - 126 key dates and events in Russian history - The basic terms and concepts of Russian history The text is accompanied by numerous online resources: - 20,000 pictures - 700 videos - 3,500 songs - 100 podcast episodes All that is available via the [smarthistories.com](https://smarthistories.com) website.

Russia's Long Twentieth Century Choi Chatterjee, Deborah A. Field, Lisa A. Kirschenbaum, 2025-06-10 Covering the sweep of Russian history from empire to Soviet Union to post-Soviet state, this new edition of *Russia's Long Twentieth Century* is an accessible textbook that encourages students to start a lively conversation with Russia's storied past.

**A Thousand Years of Russian History** Sonia Elizabeth Howe, 1915

**Russian and Soviet History** Steven A. Usitalo, William Benton Whisenhunt, 2008-02-04 An original and thought-provoking text, *Russian and Soviet History* uses noteworthy themes and important events from Russian history to spark classroom discussion. Consisting of twenty essays written by experts in each area, the book does not simply repeat the conventional themes found in nearly all Russian history texts, anthologies, and documentary compilations. Rather, it showcases current thinking on Russian cultural, political, economic, and social history from the end of the sixteenth century to the demise of the Soviet experiment. Informed by archival work in the former Soviet Union and a broad range of published

sources, this book is intended to introduce students to Russian history in an accessible and provocative format. Its eclectic essays offer readers an incomparable taste of the complexity and richness of Russia as it has evolved from late Muscovy to the modern era. This text is perfect for undergraduate and graduate students in Russian history and is a great resource for scholars in the field. Contributions by: Sergei Arutiunov, Richard Bidlack, Kees Boterbloem, James Cracraft, Chester S. L. Dunning, Colum Leckey, Alexander M. Martin, Susan P. McCaffray, Martha Merritt, Patrick O'Meara, Scott W. Palmer, Jelena Pogosjan, Thomas E. Porter, Ana Siljak, Douglas Smith, William Taubman, Steven A. Usitalo, Jeffrey Veidlinger, Rex A. Wade, and William Benton Whisenhunt

**Empire and Nation in Russian History** Geoffrey A. Hosking, 1993 Hosking presents the historical conception of Russia as two nations--imperial and ethnic--and relates this to the challenge facing present-day Russia, that of creating a democratic nation without an empire.

Russia and the Russians Geoffrey Hosking, 2001 From the Carpathians in the west to the Greater Khingan range in the east, a huge, flat expanse dominates the Eurasian continent. Here, over more than a thousand years, the history and destiny of Russia have unfolded. In a sweeping narrative, one of the English-speaking world's leading historians of Russia follows this story from the first emergence of the Slavs in the historical record in the 6th century to the Russians' persistent appearances in today's headlines. Hosking's is a monumental story of competing legacies, of an enormous power uneasily balanced between the ideas and realities of Asian empire, European culture and Byzantine religion; of a constantly shifting identity, from Kievan Rus to Muscovy to Russian Empire to Soviet Union to Russian Federation, and of tsars and leaders struggling over the centuries to articulate that identity.

*A History of Russia: Medieval, Modern, and Contemporary* Paul Dukes, 1974

## Reviewing **Books On Russian History**: Unlocking the Spellbinding Force of Linguistics
