**Paul Foss, Meaghan Morris**

*Celebrating Europe* Asad Latif, 2012 In this book, a lifelong admirer of Europe casts a critical yet loving eye on the continent to ask what it means to him. The book revolves around a series of personal encounters. These range from following his father to Cambridge, and meeting two Bengali lovers in Calcutta who cherish Eros with classical Greek purity, to watching his wife recover in a Polish hospital that lavishes care on her for almost free.

*Turning Back the Clock* Umberto Eco, 2007 The time: 2000 to 2005, the years of neoconservatism, terrorism, the twenty-four-hour news cycle, the ascension of Bush, Blair, and Berlusconi, and the invasions of Afghanistan and Iraq. Umberto Eco's response is a provocative, passionate, and witty series of essays--which originally appeared in the Italian newspapers *La Repubblica* and *L'Espresso*--that leaves no slogan unexamined, no innovation unexposed. What led us into this age of hot wars and media populism, and how was it sold to us as progress? Eco discusses such topics as racism, mythology, the European Union, rhetoric, the Middle East, technology, September 11, medieval Latin, television ads, globalization, Harry Potter, anti-Semitism, logic, the Tower of Babel, intelligent design, Italian street demonstrations, fundamentalism, *The Da Vinci Code*, and magic and magical thinking. The famous author and respected scholar shows his practical, engaged side: an intellectual involved in events both local and global, a man concerned about taste, politics, education, ethics, and where our troubled world is headed.

Centuries of Silence Leonardo Ferreira, 2006-10-30 The history of Latin American journalism is ultimately the story of a people who have been silenced over the centuries, primarily Native Americans, women, peasants, and the urban poor. This book seeks to correct the record propounded by most English-language surveys of Latin American journalism, which tend to neglect pre-Columbian forms of reporting, the ways in which technology has been used as a tool of colonization, and the Latin American conceptual foundations of a free press. Challenging the conventional notion of a free marketplace of ideas in a region plagued with serious problems of poverty, violence, propaganda, political intolerance, poor ethics, journalism education deficiencies, and media concentration in the hands of an elite, Ferreira debunks the myth of a free press in Latin America. The diffusion of colonial presses in the New World resulted in the imposition of a structural censorship with elements that remain to this day. They include ethnic and gender discrimination, technological elitism, state and religious authoritarianism, and ideological controls. Impoverished, afraid of crime and violence, and without access to an effective

democracy, ordinary Latin Americans still live silenced by ruling actors that include a dominant and concentrated media. Thus, not only is the press not free in Latin America, but it is also itself an instrument of oppression.

The Fire Within Elena Borelli, 2014-04-11 Desire for love, desire for knowledge, desire to possess, desire to desire and to be desired: our life is shaped by what we want and by our efforts to achieve it. Hailed by philosophers and psychoanalysts as the core of human identity, desire informs not only our actions, but also our dreams and hopes and their sublimation into art and literature. This collection of essays explores how desire is portrayed in modern and contemporary Italian literature, by analysing some of the most interesting literary figures of the last two centuries. The authors of this collection approach desire from various perspectives – psychoanalytical, sociological, political and semiotic – in order to show that desire, albeit at times not explicitly mentioned, pervades the literary works of modern and contemporary Italy, either as a central theme or as the secret motor of the narrative. Through the fil rouge of desire, the essays of this collection highlight the international dimension of Italian literature, establishing a connection between Italian authors and the major theoretical works of the last two centuries. As the notion of desire, as represented in literary texts, is informed by psychoanalytical and philosophical concepts that operate across the boundaries of nationality and language, modernists and scholars of Comparative Literature will find the papers in this book of considerable interest.

*Inventing the Enemy* Umberto Eco, 2012-09-04 This essay collection by the revered public intellectual displays his “profound erudition, lively wit, and passion for ideas of all shapes and sizes” (Booklist). In these fourteen essays, Umberto Eco examines many of the ideas that have inspired his provocative and illuminating fiction. From the title essay—a disquisition of the notion that every country needs an enemy—he takes readers on an exploration of lost islands, mythical realms, and the medieval world. His topics range from indignant reviews of James Joyce’s *Ulysses* by fascist journalists, to an examination of Saint Thomas Aquinas’s notions about the soul of an unborn child, to censorship, violence and WikiLeaks. Here are essays full of passion, curiosity, and probing intellect by one of the world’s most esteemed scholars and critically acclaimed, best-selling novelists. “True wit and wisdom coexist with fierce scholarship inside Umberto Eco, a writer who actually knows a thing or two about being truly human.” — Buffalo News

*How to Spot a Fascist* Umberto Eco, 2020-08-13 We are here to remember what happened and to declare solemnly that 'they' must never do it again. But who are 'they'? *HOW TO SPOT A FASCIST* is a selection of three thought-provoking essays on freedom and fascism, censorship and tolerance - including Eco's iconic essay 'Ur-Fascism', which lists the fourteen essential characteristics of fascism, and draws on his own personal experiences growing up in the shadow of Mussolini. Umberto Eco remains one of the greatest writers and cultural commentators of the last century. In these pertinent pieces, he warns against prejudice and abuses of power and proves a wise and insightful guide for our times. If we strive to learn from our collective history and come together in challenging times, we can hope for a peaceful and tolerant future. Freedom and

liberation are never-ending tasks. Let this be our motto: 'Do not forget.' 'He brilliantly exposes all that is absurd and paradoxical in contemporary behaviour. Eco's irony is disarming, his cleverness dazzling' Guardian
