Leslie Marmon Silko's Ceremony Allan Chavkin, 2002-01-24 Leslie Marmon Silko's *Ceremony*, the most important novel of the Native American Renaissance, is among the most most widely taught and studied novels in higher education today. In it, Silko recounts a young man's search for consolation in his tribe's history and traditions, and his resulting voyage of self-discovery and discovery of the world. The fourteen essays in this casebook include a variety of theoretical approaches and provide the reader with crucial information, especially on Native American beliefs, that will enhance their understanding and appreciation of this contemporary classic. The collection also includes two interviews with Silko in which she explains the importance of the oral tradition and storytelling, along with autobiographical basis of the novel.

Leslie Marmon Silko's Ceremony Robert M. Nelson, 2008 Leslie Marmon Silko's *Ceremony*: The Recovery of Tradition is a study of the embedded texts that function as the formal and thematic backbone of Leslie Marmon Silko's 1977 novel. Robert M. Nelson identifies the Keresan and Navajo ethnographic pretexts that Silko reappropriates and analyzes the many ways these texts relate to the surrounding prose narrative.

Ceremony Leslie Marmon Silko, 2006-12-26 The great Native American Novel of a battered veteran returning home to heal his mind and spirit One of The Atlantic's Great American Novels of the Past 100 Years More than thirty-five years since its original publication, *Ceremony* remains one of the most profound and moving works of Native American literature, a novel that is itself a ceremony of healing. Tayo, a World War II veteran of mixed ancestry, returns to the Laguna Pueblo Reservation. He is deeply scarred by his experience as a prisoner of the Japanese and further wounded by the rejection he encounters from his people. Only by immersing himself in the Indian past can he begin to regain the peace that was taken from him. Masterfully written, filled with the somber majesty of Pueblo myth, *Ceremony* is a work of enduring power. The Penguin Classics Deluxe Edition contains a new preface by the author and an introduction by Larry McMurtry. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Living In-between: The Search for Identity in Leslie Marmon Silko's Ceremony Ariane Peters, 2007-09 Seminar paper from the year 2003 in the subject American Studies - Literature, grade: 1,3 (A), Ernst Moritz Arndt University of Greifswald (Institute for Anglistics/American Studies), language: English, abstract: Although Leslie Marmon Silko's complete works have received exemplary reviews, Ceremony seems to be the most talked about and recognized for its literary achievement. One reason for this large attention is the strange narrative form due to the combination of the Indian storytelling, myth, poetry and a plot that takes place in a modern western environment. Another reason for the remarkable success of this novel is Silko's way to show the negative repercussions on Native Americans caused by racism, alcoholism, dislocation, poverty as well as the industrial exploitation of the land. In this paper I will discuss one of the principal themes presented in Leslie Silko's Ceremony: the issue of Native American identity. In the first part I will briefly introduce the characters of Tayo and Rocky, two Native Americans who grew up on a reservation for the Laguna Pueblo in New Mexico. After that I will examine the similarities between these two young men who both take part in the Second World War and make horrible experiences. In the main part of this paper I will try to find out the differences between Tayo and Rocky in order to explain their different ways of searching their own identity. Furthermore I will explore the sources of Tayo's selfdestructive behaviour and his problem of alienation. Therefore I will have to ponder on the following questions: How does the white culture influence these characters? Do both men suffer from the loss of Indian self-esteem? What are the effects of internalized racism and colonization on the health of Tayo? Why is Tayo able to return to the community to lead a stable and productive life? In the final comment there will be a concluding assessment and a summary of the theme.

Leslie Marmon Silko David L. Moore, 2016-09-22 A major American writer at the turn of this millennium, Leslie Marmon Silko has also been one of the most powerful voices in the flowering of Native American literature since the publication of her 1977 novel Ceremony. This guide, with chapters written by leading scholars of Native American literature, explores Silko's major novels Ceremony, Almanac of the Dead, and Gardens in the Dunes as an entryway into the full body of her work that includes poetry, essays, short fiction, film, photography, and other visual art. These chapters map Silko's place in the broad

context of American literary history. Further, they trace her pivotal role in prompting other Indigenous writers to enter the conversations she helped to launch. Along the way, the book engages her historical themes of land, ethnicity, race, gender, trauma, and healing, while examining her narrative craft and her mythic lyricism.

Leslie Marmon Silko's Ceremony Allan Chavkin, 2002 Along with Louise Erdrich's *Love Medicine*, Leslie Marmon Silko's *Ceremony* is one of the two most widely taught and studied Native American literature texts. In *Ceremony* Silko recounts a young man's search for consolation in his tribe's history and traditions, and his resulting voyage of self-discovery and discovery of the world. This casebook includes a variety of theoretical approaches and provides readers with crucial information, especially on Native American beliefs, that will enhance their understanding and appreciation of this contemporary classic. This collection also includes two interviews with Leslie Marmon Silko in which she explains the importance of oral tradition and storytelling, along with the autobiographical basis of the novel.

Caught between two worlds. Identity in Leslie Marmon Silko's "Ceremony" Daniel Schroeder, 2014-11-24 Seminar paper from the year 2012 in the subject English Language and Literature Studies - Literature, grade: 3,0, University of Rostock (Institut für Anglistik/Amerikanistik), course: Worldly and Imaginary Spaces in American Transcultural Literature, language: English, abstract: In our life everybody asks himself: Who am I? The answers to that question generate everyone's self-perception which will be always part of one's identity. The latter is one of the major themes appealing in Leslie Marmon Silko's *Ceremony* and this seminar paper will focus on the two characters Tayo and Rocky. They show the problems occurring for persons that are "caught between two worlds". Tayo feels ashamed of himself because of his white ancestry. His cousin Rocky, on the other hand, is a full-blood Indian, but does everything to be a part of the "white world". Both are somehow caught in the middle because of living in-between. The first part of the paper will focus on demonstrating the development of these two major characters in *Ceremony*. It is an important section because "[in] essence, the individual's actions and character define his identity" (Jenlink & Townes 2009: 127). Therefore, to analyze Tayo's and Rocky's identity or search for it, one has to examine their life career and relations with other persons because "[...] a person's identity is [also] influenced by others recognition of that identity [...]" (Jenlink & Townes 2009: 127). This seminar paper will also focus on the similarities and distinctions between the two mentioned characters and the topic identity including the associated term hybridity, for example. The reasons for the accurate analysis of Tayo's and Rocky's characteristics by comparison are their different philosophy of life and searching for identity. Living in a reservation unfolds a unique way of life which differs from the lifestyle of the White's. Therefore, it creates further hurdles for Tayo and Rocky, but "[this] search for identity [...]" is a social as well as an individual problem. The kind of answers one gives to the question Who am I? depends in part upon how one answers the question What is this society? - and this world - in which we live" (Lynn 1999: 14)? One has to be able to define his position in the world. This is why this topic also represents a problem of today's people. There are still humans that are

caught between two worlds because they are of mixed descend and were unsuccessful in the search for the sense of belonging. The reasons are sometimes the same like 50 years ago.

Storytelling in Leslie Marmon Silko's Ceremony Berenice Walther, 2007-01-30 Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 1,7, University of Münster (Englisches Seminar), course: Contemporary American and Canadian Fiction, language: English, abstract: Oral storytelling is a tradition inherent to all cultures. By definition, its genre is determined by its original oral transmission; many of the world's greatest literary classics such as El Cid, La Chanson de Roland, Beowulf or the Odyssey were originally orally transmitted. In most cases the author is unknown and the story has undergone many modifications in the course of the telling processes; still they are today's primary testimonies for language, history, culture and people of the past. In this paper, a definition of oral storytelling will be provided along with an introduction in order to define the subject matter as well as the significance of putting oral storytelling into writing as Silko did in Ceremony. Leslie Marmon Silko was brought up in the Laguna Pueblo community in New Mexico, a Native American tribe where storytelling plays an important cultural role. For Silko, the process of writing her novel Ceremony was not only a way of staying sane - as she states herself - but also to identify with her Native American origins. In this novel, she points out the opposition between the Native stories about reciprocity with nature and Euro-American stories of dominion. This confrontation is a conflict of two paradigms reflecting the protagonist's, Tayo's, inner state of mind; he has to reconstruct stories to reestablish an agreement with both cultures - for himself. The main focus will therefore be on the forms and functions of storytelling in the novel itself. Hereby, crucial aspects revolving around the cultural differences between Native American and Euro-American culture, the clash of cultures and both sides' impact on the individual will be in the center of discussion. The conclusion summarizes the paper's assessment of the results attained.

Tradition and Renewal in Leslie Marmon Silko's "Ceremony" Timo Dersch, 2011-02-16 Essay from the year 2011 in the subject Didactics for the subject English - Literature, Works, grade: 1,5, University of Stuttgart, language: English, abstract: Leslie Mormon Silko, a Native American writer, grew up at the edge of the Laguna Pueblo Reservation, New Mexico, USA. Because of her mixed origins and for the fact that she was not living directly in the reservation and thereby in the pueblo society, she was not allowed to attend several rituals. Silko's roots are Native American, Anglo American and Mexican American but she was raised and educated by her grandmother and aunts with the traditional Laguna stories. This led to a strong identification of her with the native part of her ancestry and to her writing, which always deals with Native American topics. Her writing includes autobiographical parts and lots of relations to tradition which only a member of this particular native tribe could describe as precisely as she does. In "Ceremony", her highly regarded 1977 novel, these

traditional relations seem to play an important role. The following essay will show how the importance of tradition for the Native American communities is expressed in the novel, and how it is responsible for the healing of the main protagonists illness.

A Performance-centered Approach to Leslie Marmon Silko's Ceremony Randall Thomas Hill, 1993

Understanding Ceremony Lynn Domina, 2004-12-30 Since its publication in 1977, Leslie Marmon Silko's Ceremony has become one of the most frequently assigned and important literary works in the expanded canon. It has garnered praise and respect both as a masterpiece of American fiction and for its contributions to the growing field of Native American literature. This casebook helps readers appreciate the work for both its literary merit and for its exploration of important cultural and historical themes and topics. The initial chapter offers a fresh literary analysis of the novel, with discussion of character and thematic development. Four topical chapters interweave essays with primary documents that situate the work within historical contexts and ongoing contemporary issues. Chapter 2 takes the reader to the heart of the Laguna Pueblo with historical accounts, including a chronology and excerpts from several treaties dating back to 1848, and cultural perspectives based on epics and legends, daily life sketches, and traditional arts and crafts. Other historical context chapters explore the impact of World War II— particularly the development of the atomic bomb—and traditional Native American spiritual and healing practices. The final chapter of this casebook takes a close look at issues of social welfare and problems of alcohol in both historical and contemporary contexts. Western views of medicine are juxtaposed and compared to traditional Native American attitudes and practices. Each chapter in this casebook relates an important thematic topic from Ceremony to its broader social and cultural concerns. Readers are invited to move beyond the text to consider the different perspectives offered by various experts and by people who directly experienced the developments described. Essays help make the connection between the text and the documents that offer these firsthand and historical experiences. Teachers will find numerous ways to incorporate these materials in the classroom for discussions and assignments. Suggested topics and questions are provided with each chapter for educational applications. Further suggested readings enhance this work as a research and learning tool.
