Inside you will find no personal opinion or analysis. What you will find here is a chapter by chapter summary of everything that transpires within *The Silent Patient*. In short, this summary is an abridged version of the story that Alex Michaelides spins. *The Silent Patient* begins with a now-unknown narrator tell the reader about Alicia Berenson: a famous painter who was arrested and sent to a psychiatric facility for shooting her husband. The only problem is that Alicia does not speak, and therefore can neither confirm, nor deny, her guilt. The narrator is revealed to be a psychotherapist named Theo Faber, and he takes a job at the facility where Alicia is being held. By this point, Theo has expressed fascination with Alicia, and wants to do his very best to help her speak. From then on, the story takes off as Theo attempts to converse with Alicia, and takes various measures to learn about her life. Throughout the story are littered snippets of Alicia's diary entries from before her husband dies. Eventually, Alicia communicates with Theo by giving her diary to him. Through the diary, Theo learns of Alicia's rocky childhood, her strained relationship with her close friend, and the seemingly happy marriage with Gabriel. He also learns that Alicia was being watched and stalked by a mysterious man, who is never caught. In order to get Alicia to talk, Theo visits her childhood home to learn about her childhood, and contacts the people Alicia is closest to. Finally, Alicia talks to Theo. She tells him about the night her husband died, and how a stalker was part of it. In a shocking conclusion, the stalker is revealed, and the entire story takes on a different tone. Will justice be served at the end? *The Silent Patient* by Alex Michaelides is a must-read that will keep you flipping the pages in anticipation! Slouching Towards Bethlehem Nina Coltart, 2020-10-31 In 1982, Nina Coltart gave a paper to the English-Speaking Conference of Psychoanalysts called *Slouching towards Bethlehem ... or Thinking the Unthinkable in Psychoanalysis*, which created a stir and brought her to the attention of the psychoanalytic community. Ten years later, she produced her first book - this book - which contained her seminal paper, alongside so many others of note. Full of eloquent, meaningful, and provocative clinical stories - including *The Treatment of a Transvestite, What Does It Mean: 'Love Is Not Enough?'*, *The*

Analysis of an Elderly Patient, and The Silent Patient - Nina Coltart exposes the full truth of the therapeutic process, where the analyst may occasionally stray from orthodox practice but how such lapses can sometimes provide unforeseen breakthroughs in treatment. This volume introduced Coltart's characteristic style of journeying through important issues in analytic practice. She elaborates on the use of intuition, the special attention required by an analyst, the value of silence, and of humour, and the importance of psychosomatic processes - the way the body speaks through psychosomatic symptoms. All vitally relevant today and positively groundbreaking at the time.

How Much Is Enough? Lesley Murdin, 2013-04-03 *How Much is Enough?* addresses this important question, looking at the reasons why therapy can go on for too long or can come to a destructively premature ending, and offering advice on how to avoid either, with a timely conclusion. Using vivid examples and practical guidelines, Lesley Murdin examines the theoretical, technical and ethical aspects of endings. She emphasises that it is not only the patient who needs to change if one is to achieve a satisfactory outcome. The therapist must discover the changes in him/herself which are needed to enable an ending in psychotherapy. *How Much is Enough?* is a unique contribution to therapeutic literature, and will prove invaluable to students and professionals alike.

Summary of The Silent Patient Alexander Cooper, 2021-10-29 Summary of The Silent Patient - A Comprehensive Summary Chapter 1 ALICIA BERENSON WAS THIRTY-THREE YEARS OLD when she murdered her better half. I don't think enough about craftsmanship to state whether Alicia Berenson will stand the trial of time as a painter. A vehicle gathered him at 5:15 a.m. from the house he imparted to Alicia in northwest London, on the edge of Hampstead Heath, and he was headed to a shoot in Shoreditch. Alicia appeared to be negligent of the nearness of the police. At that point, something flashed in the torchlight—a blade was on the floor by Alicia's feet. Another light emission uncovered the blood splashed on Alicia's white dress. Alicia ward off the endeavors to spare her life; it took three officers to control her. As indicated by the court-selected mental medical attendant, Alicia scarcely ate or rested all she did was paint. Alicia regularly toiled weeks, even months, leaving off on another image, making unlimited outlines, orchestrating and improving the synthesis, trying different things with shading and...
