

I Am 4 Series

Pittacus Lore

I Am Number Four Pittacus Lore, 2010-08-03 The first book of the #1 New York Times bestselling series and the inspiration for the hit movie from Dreamworks! John Smith seems like an ordinary teenager, living a normal life with his guardian Henri in Paradise, Ohio. But for John, keeping a low profile is essential, because he is not an ordinary teenager. He's an alien from the planet Lorien, and he's on the run. A group of evil aliens from the planet Mogadore, who destroyed his world, are hunting anyone who escaped. Nine Loric children were sent to Earth to live in hiding until they grew up and developed their Legacies, powers that would help them fight back—and help them save us. Three of them are now dead. John is Number Four, and he knows he's next.... Michael Bay, director of Transformers, raved: "Number Four is a hero for this generation." This epic story is perfect for fans of action-packed science fiction like The 5th Wave series by Rick Yancey, The Maze Runner series by James Dashner, and Orson Scott Card's Ender's Game. The battle for Earth's survival wages on. Read all of the books: #2: The Power of Six, #3: The Rise of Nine, #4: The Fall of Five, #5: The Revenge of Seven, #6: The Fate of Ten, and #7: United as One. Don't miss the first book in the brand-new I Am Number Four spin-off series: Generation One.

I Am Number Four: The Lost Files: Secret Histories Pittacus Lore, 2013-07-23 The perfect companion book to the New York Times bestselling I Am Number Four series! I Am Number Four: The Lost Files: Secret Histories is the second collection of action-packed novellas from Pittacus Lore. Initially published separately as digital originals, these three stories are now together in one print volume. Lost Files: #4: The Search for Sam follows the rogue Mogadorian Adam on his journey of redemption as he finds the key to saving both Sam Goode and his father, Malcolm. Lost Files: #5: The Last Days of Lorien reveals how the fight began with the once-peaceful planet being taken by surprise and attacked. Lost Files: #6: The Forgotten Ones is the riveting continuation of Adam's story, in which he uncovers an incredible secret that will turn the tide for the Garde. You know the truth about the Mogadorians' invasion of Earth and the Garde who will do anything to defeat them—yet there is still so much to learn. The stories in Secret Histories will help you get the answers you seek, but they will not help you stop the coming war. Only the Garde can save our planet. The I Am Number Four series is perfect for fans of science fiction adventures like the Fifth Wave series by Rick Yancey and the Beautiful Minds series by Alexandra Bracken.

The Power of Six Pittacus Lore, 2011-08-23 The second book of the #1 New York Times bestselling I Am Number Four series! In the beginning, nine aliens left their home planet Lorien when it fell under attack by the evil Mogadorians. They

scattered on Earth and went into hiding. They look like ordinary teenagers but have extraordinary powers. The Mogs have come for them. They killed Number One in Malaysia, Number Two in England, and Number Three in Kenya. They tried to get John Smith, Number Four, in Ohio—but they failed. Now John has joined forces with Number Six, and they are on the run. But they are not alone. Already John and Six have inspired Marina, Number Seven, who has been hiding in Spain. She's been following the news of what's happening, and she's certain this is the sign she's been waiting for. It's time to come together. Michael Bay, director of Transformers, raved: "Number Four is a hero for this generation." This epic story is perfect for fans of action-packed science fiction like The Fifth Wave series by Rick Yancey, The Maze Runner series by James Dashner, and Orson Scott Card's Ender's Game. The battle for Earth's survival wages on. Don't miss the rest of the series: #3: The Rise of Nine, #4: The Fall of Five, #5: The Revenge of Seven, #6: The Fate of Ten, and #7: United as One. Don't miss the first book in the brand-new I Am Number Four spin-off series: Generation One.

The American Revolution in Georgia, 1763-1789 Kenneth Coleman,2021-10-15 The American Revolution in Georgia explores the political, economic, and social impacts of the American Revolution throughout the state of Georgia. In this detailed historical study, Kenneth Coleman describes the events leading up to the Revolution, the fighting years of war, and the years of readjustment after independence became a reality for the United States. Coleman investigates how these events impacted Georgia's history forever, from the rise of discontent between 1764 and 1774 to the fighting after the siege in Savannah between 1779 and 1782 and changes in interstate affairs between 1782 to 1789, and more. The American Revolution in Georgia contributes to the complicated history of the American Revolution and its impacts on the South. The Georgia Open History Library has been made possible in part by a major grant from the National Endowment for the Humanities: Democracy demands wisdom. Any views, findings, conclusions, or recommendations expressed in this collection, do not necessarily represent those of the National Endowment for the Humanities.

Annual Report for the Year Ended ... Sydney (N.S.W.),1903

Campaign of the Century Irwin F. Gellman,2022-01-04 Based on massive new research, a compelling and surprising account of the twentieth century's closest election The 1960 presidential election between John F. Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century, yet the accounts to date have been remarkably unbalanced. Far more attention is given to Kennedy's side than to Nixon's. The imbalance began with the first book on that election, Theodore White's *The Making of the President 1960*—in which (as he later admitted) White deliberately cast Kennedy as the hero and Nixon as the villain—and it has been perpetuated in almost every book since then. Few historians have attempted an unbiased account of the election, and none have done the archival research that Irwin F. Gellman has done. Based on previously unused sources such as the FBI's surveillance of JFK and the papers of Leon Jaworski, vice-presidential candidate Henry Cabot Lodge, and many others, this book presents the first even-handed history of both the primary campaigns and the general election. The result is a fresh, engaging chronicle that shatters long-held myths and reveals the strengths and weaknesses of both candidates.
