Conspiracy Theories Mark Fenster, 1999 JFK, Karl Marx, the Pope, Aristotle Onassis, Queen Elizabeth II, Howard Hughes, Fox Mulder, Bill Clinton -- all have been linked to vastly complicated global (or even galactic) intrigues. In this enlightening tour of conspiracy theories, Mark Fenster guides readers through this shadowy world and analyzes its complex role in American culture and politics. Fenster argues that conspiracy theories are a form of popular political interpretation and contends that understanding how they circulate through mass culture helps us better understand our society as a whole. To that end, he discusses Richard Hofstadter's *The Paranoid Style in American Politics*, the militia movement, *The X-Files*, popular Christian apocalyptic thought, and such artifacts of suspicion as *The Turner Diaries*, the *Illuminatus!* trilogy, and the novels of Richard Condon. Fenster analyzes the conspiracy community of radio shows, magazine and book publishers, Internet resources, and role-playing games that promote these theories. In this world, the very denial of a conspiracy's existence becomes proof that it exists, and the truth is always out there. He believes conspiracy theory has become a thrill for a bored subculture, one characterized by its members' reinterpretation of accepted history, their deep cynicism about contemporary politics, and their longing for a utopian future. Fenster's progressive critique of conspiracy theories both recognizes the secrecy and inequities of power in contemporary politics and economics and works toward effective political engagement. Probing conspiracy theory's tendencies toward scapegoating, racism, and fascism, as well as Hofstadter's centrist acceptance of a postwar American consensus, he advocates what conspiracy theory wants but cannot articulate: a more inclusive, engaging political culture.

Sync My World Rodney St. Michael, 2017-07-11 People universally worship the Oedipus complex through gods such as

Yah, the son of Allah, and Hawah, Allah's wife. When Yah, a snake god, tongues the Burning Bush of Hawah, a tree goddess, their union is symbolized by the menorah. Together, they are called Yahweh. The female child has a similar instinct, visually evident through the Crescent and Star, symbolizing Sin, the bisexual moon god, and Easter, the Superstar (Venus). They are aspects of the sky god Allah, representing a daughter's attachment to her mother-father. The Oedipal force is innate in everyone's unconscious mind. As part of Easter's five political identities, it is the source of all conflict. Yahweh's Deep State aims to rule One World using Cabbala. He plotted the 7-11 Apollo mooning, the 9-11 attacks and the 3-11 Fukushima disasters. Now, he's setting the stage for 5-11-18, when North Korea's Shining-Star satellite takes the blame for an EMP and black out in the US that will lead to Armageddon. If the ego foils it, time renews it.

The Unauthorized Dan Brown Companion John Helfers, 2012-03-01 The definitive truth within Dan Brown's fantastic fiction—revealed at last. With millions of copies of his books in print, a major motion picture based on *The Da Vinci Code* in theaters, and religious leaders everywhere launching scathing attacks on his work, Dan Brown is, quite simply, a

phenomenon. His novels, intricate mosaics combining well-researched facts with action-packed storytelling, have created their own industry of location tours, seminars—even PBS specials. But perhaps the one thing that still keeps his readers guessing is that nagging question: How much of this is true? The Unauthorized Dan Brown Companion tells all. Unlike the avalanche of books specifically about The Da Vinci Code, The Unauthorized Dan Brown Companion covers all of Dan Brown's books and, crucially, has no religious agenda or political axe to grind—these are the facts. • Could there actually be an unbreakable code that would cripple US intelligence, as in Digital Fortress? • How much truth lies in The Da Vinci Code's history-altering propositions that have so angered the Vatican? • Are the Illuminati from Angels and Demons really alive and well? The answers are here, covering every picture, place, proper name, and historical event through all of Brown's books, explaining what's absolutely true, possible, improbable, or completely fictitious. One of Dan Brown's greatest accomplishments as a writer is his uncanny ability to blur the line between fact and fiction. Now, with The Unauthorized Dan Brown Companion, readers will at last have all of the information to distinguish for themselves between the inventions of a master storyteller and the historical revelations of a first-rate investigator. John Helfers is a full-time writer and editor currently living on Green Bay, Wisconsin. He is the co-editor of The Valdemar Companion, a guide to the work and life of fantasy writer Mercedes Lackey. Recent published books include two anthologies he edited, In the Shadow of Evil and Slipstreams. He has also written nonfiction, with his history of the United States Navy, The Alpha Bravo Delta Guide to the U.S. Navy, published in 2003.

Kinderculture Shirley R. Steinberg, Joe Kincheloe, 1997-03-20 For corporate America, children—and their parents' money—are one of the most targeted groups in our consumer society. There are TV shows, movies, video games, toys, books, and restaurants that are specifically directed at children—all of which has produced a “kinderculture” run by marketing and advertising executives. Through a series of entertaining and insightful essays, *Kinderculture: The Corporate Construction of*

Childhood explores some of the icons that shape the values and consciousness of children, from Beavis and Butt-Head to Barney, from Disney movies to Nintendo. Contributors drawn from the fields of education, sociology, and popular culture analyze the profound effects and the pervasive influence of these corporate productions in a style parents, educators, and general readers will welcome. Arguing that the experience of childhood has been, with or without our consent, reshaped into something that is prefabricated, Shirley Steinberg and Joe Kincheloe bring home to readers the impact our “marketing blitz” culture has on our children—and on our beliefs about childhood.
