3000 Degrees Sean Flynn,2008-12-05 The unforgettable and heartbreaking true story of the firemen who bravely fought the perfect fire.

Black Fire Robert Graysmith,2012-10-30 The first biography of the little-known real-life Tom Sawyer (a friend of Mark Twain during his brief tenure as a California newspaper reporter), told through a harrowing account of Sawyer's involvement in the hunt for a serial arsonist who terrorized mid-nineteenth century San Francisco. When 28-year-old San Francisco Daily Morning Call reporter Mark Twain met Tom Sawyer at a local bathhouse in 1863, he was seeking a subject for his first novel. As Twain steamed, played cards, and drank beer with Sawyer (a volunteer firefighter, customs inspector, and local hero responsible for having saved ninety lives at sea), he had second thoughts about Shirley Tempest, his proposed book about a

local girl firefighter, and began to envision a novel of wider scope. Twain learned that a dozen years earlier the then eighteen-year-old New York-born Sawyer had been a “Torch Boy,” one of the youths who raced ahead of the volunteer firemen’s hand-drawn engines at night carrying torches to light the way, always aware that a single spark could reduce the all-wood city of San Francisco to ashes in an instant. At that time a mysterious serial arsonist known by some as “The Lightkeeper” was in the process of burning San Francisco to the ground six times in eighteen months – the most disastrous and costly series of fires ever experienced by any American metropolis. *Black Fire* is the most thorough and accurate account of Sawyer’s relationship with Mark Twain and of the six devastating incendiary fires that baptized one of the modern world’s favorite cities. Set amid a scorched landscape of burning roads, melting iron warehouses, exploding buildings, and deadly gangs who extorted and ruled by fear, it includes the never-before-told stories of Sawyer’s heroism during the sinking of the steamship *Independence* and the crucial role Sawyer and the Torch Boys played in solving the mystery of the Lightkeeper. Drawing on archival sources such as actual San Francisco newspaper interviews with Sawyer and the handwritten police depositions of the arrest of the Lightkeeper, bestselling author Robert Graysmith vividly portrays the gritty, corrupt, and violent world of Gold Rush-era San Francisco, overrun with gunfighters, hooligans, hordes of gold prospectors, crooked politicians, and vigilantes. By chronicling how Sawyer took it upon himself to investigate, expose, and stop the arsonist, *Black Fire* details – for the first time – Sawyer’s remarkable life and illustrates why Twain would later feel compelled to name his iconic character after his San Francisco buddy when he wrote *The Adventures of Tom Sawyer*.

Last Man Down Richard Picciotto, Daniel Paisner, 2003-05-06 A first responder’s harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City’s darkest hours. On September 11, 2001, FDNY Battalion Chief Richard “Pitch” Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building’s collapse.

The Day Donny Herbert Woke Up Rich Blake, 2007-11-27 The remarkable story of a fireman who miraculously came out of a coma for one full day. On a brutally cold December day, Donny Herbert, a hardworking firefighter from Buffalo, New York, was searching the attic of a burning house. The roof, heavy with snow, suddenly collapsed, and for six minutes he was without oxygen. Donny—a beloved husband, a father of four boys, and a neighborhood fixture who was always willing to lend a helping hand—fell into a vegetative state that lasted nearly a decade. His prognosis was poor, and while he could open his

eyes, he was unresponsive to the world around him. Donny Herbert was, for all practical purposes, gone. Until one day, in April 2005, when he woke up and spoke almost nonstop to his family and loved ones for nearly sixteen hours. The Day Donny Herbert Woke Up is the story of this unforgettable time, which was covered by the press worldwide. After his extraordinary day, Donny fell into a deep sleep and never experienced a comparable moment of clarity. He died of pneumonia in February 2006. For his doctors and nurses, it is a medical mystery. For his wife, Linda, who had held the family together for years, who had prayed nightly for Donny's recovery, no explanation is needed: prayer and love brought Donny back to her one last time. The Day Donny Herbert Woke Up is as much Linda's story—one of perseverance and faith—as it is of an exceptional husband, father, and firefighter.

Area Ignition Joseph N. Valencia, 2009-05-01 In August 1979, along a remote ridgeline near Santa Maria, four firefighters from a California Division of Forestry (CDF) engine crew, were preparing to defend the northern flank of the Spanish Ranch fire. Captain Ed Marty, and firefighters; Scott Cox, Ron Lorant and Steve Manley responded to the fire from the Nipomo fire station. They were all from California, but were as different as the golden state's angles, aspects and arenas. They were defined more from where they were from; Tehama, Goleta, Long Beach and La Habra. No one predicted what would happen next-but in a page from man versus nature, the fire accelerated and then swept across the face of the slope which the four young firefighters were on. At 4:25 PM their thin line of defense was cut-off and a retreating bulldozer operator was overrun. Minutes later, they tried to escape from the sweeping area ignition, but the fire cut-off their retreat and along with another dozer operator they were all overrun by fire. The tragedy that occurred and the subsequent investigation would change the way the state fire agency operated on area wildfires. Area Ignition looks back 30-years to honor the men who fought and died in the Spanish Ranch Fire. It recreates the courage, emotion and human frailties that are interwoven from the initial ignition point-to the final survivors' thoughts as they proceeded past a solitary CDF fire engine. Although much has changed since then-young firefighters still go out every year to battle California wildfires just like their brothers of the past. We owe it to them to understand a little bit of the awesome power of wildfires and the people who fight them.

Facing the Fire Pat Hardison, 2025-09-05 He lost his face in a fire. He never lost his faith. When firefighter Pat Hardison ran into a burning home, he came out alive-but with injuries so severe, he was unrecognizable. Facing the Fire is his raw, unfiltered true story of survival, a record-breaking face transplant, and the God who never left him in the flames. For the next fourteen years, Pat lived behind skin grafts, pressure masks, and the constant stares of strangers-fighting to be the husband and dad his family needed when every mirror told him to quit. Then came an unexpected call from New York: a chance at the most extensive face transplant ever attempted. The surgery would be dangerous. The outcome uncertain. But it might be his only shot at more than survival. Facing the Fire is the plainspoken, unforgettable true story of: A man who refused to let

tragedy write the ending The loved ones who walked every mile beside him A groundbreaking medical miracle that made history And the God who never left him-even in the fire Raw, gripping, and deeply human, Pat takes you inside the real cost of courage-one surgery, one hard decision, one answered prayer at a time. If you've ever wondered where hope comes from when life burns everything down, this book will show you.

My Lost Brothers Brendan McDonough,2016-05-03 The true story behind the events that inspired the major motion picture *Only the Brave*. A unique and bracing (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 hotshots--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--Donut as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. *Granite Mountain* is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, *Granite Mountain* is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

Fire Lover Joseph Wambaugh,2016-10-18 The hunt for the most prolific American arsonist of the twentieth century — in this Edgar Award-winning true crime story that's stranger than fiction (*The New York Times*) . From Joseph Wambaugh, the #1 *New York Times*-bestselling author of such classics as *The Onion Field* and *The Choirboys*, comes the extraordinary story of the chase for the Pillow Pyro, led by one ambitious firefighter. Growing up in Los Angeles, John Orr idolized law enforcement. However, after being rejected by both the LAPD and LAFD, he settled for a position with the Glendale Fire Department. There, he rose through the ranks, eventually becoming a fire captain and one of Southern California's best-known and most respected arson investigators. But Orr led another, unseen life, one that included womanizing and an insatiable thirst for recognition. While Orr busted a slew of petty arsonists, there was one serial criminal he could not track down. Nothing was safe from the so-called Pillow Pyro's obsession. Homes, retail stores, and fields of dry brush all went up in flames. His handiwork led to millions of dollars worth of property damage and the deaths of four innocent bystanders. But

after years of evading the police, he made a mistake—one that would turn Orr's life upside down. The Washington Post raves, When [Joseph Wambaugh] talks about the culture of cops versus the culture of firemen, we get no speculation, only hard-earned details. Based on meticulous research, interviews, case records, and thousands of pages of court transcripts, Fire Lover is Wambaugh at his best.
