A Song For Zenith M.A Amru, 2021-12-15 From acclaimed author, M.A Amru To be or not to be. That is all that matters... An overnight success, a bright future, and then a man from the future appeared. A computer from the past is among the things he wants. He goes by the name John Titor. The only person who can help him... Zenith's Mei Majid. They are, however, being pursued. Not even loved ones can be trusted. So, who can be trusted? Worlds can be undone, worlds can again fall into iniquity. For an old IBM, for their emotions, and the sake of humanity. Few would step forward as the righteous in a world of war, where lives are meaningless, and dictators rule. Each has its agenda, each has wicked visions, and each is against the other. The quest he has undertaken is crucial. She is his strength. If he fails, there will be a nuclear war, but the seeds of that conflict are unravelling before him. A Song For Zenith is a novel by Singaporean author, M.A Amru, that delves into an action-packed, thrill ride that would keep your nose on each page. A homage to 80s and 90s Japanese cyberpunk Anime, A Song For Zenith brings about a new perspective and retelling of the classic Shakespearean plays that of Henry V and Titus Andronicus. When I wrote this novel. I envisioned it as a homage to 80s, 90s cyberpunk anime that was popular at that time and I do have watched a lot of that kind of animation like Bubblegum Crisis and Angel Cop. What I am

trying to convey is the feeling of watching back those old animations in writing which in modern Science Fiction does not. Not many novels do focus on Japanese cyberpunk specifically from the 1980s and it has become a niche genre to say. Only a few knew of such obscure good content since they were released as OVAs rather than on television. However, I do make note of the newer Science Fiction trends in my novels although not to follow them entirely. What I present is a unique work for all to enjoy.

Love and Gravity Samantha Sotto Yambao, 2017-02-07 In this unforgettable novel for fans of *One Day* and *The Time Traveler's Wife*, a young Isaac Newton falls in love with a girl living in modern-day San Francisco, defying the laws of physics to forge a seemingly impossible connection. "Thoughtful, magical, and alive with romantic alchemy, *Love and Gravity* is a rare gem of a book, both intellectual and beautiful."—New York Times bestselling author Sarah Addison Allen Andrea Louviere is seven years old the first time he appears. While she's alone in her bedroom, practicing her beloved cello, the light shivers and a crack forms in the wall. Through the crack, she sees a candle, a window, a desk—and a boy. In the eerie silence, the boy clearly sees Andrea too. Then, as quickly as it opened, the crack closes and he vanishes. Over the years, summoning the boy becomes an obsession for Andrea. On her seventeenth birthday, she receives a three-hundred-year-old love letter from Isaac Newton. Andrea knows that Isaac will change the world with his groundbreaking discoveries; the letter tells Andrea that she will change him. As Isaac's letters intensify in passion and intimacy, Andrea grows determined to follow his clues to their shared destiny—despite a burgeoning romance in the present. Only when she discovers the way into Isaac's time does Andrea realize that she faces a heartbreaking decision between what was . . . and what might be. Praise for *Love and Gravity* "Sotto's remarkable story keeps the reader guessing until the very end. . . . The imaginative blend of romance, history, and paranormal is compulsively readable, hits all the romantic high notes, and provides a novel explanation for the development of calculus; highly recommended."—*Library Journal*, (starred review) "Hard to put down."—*Publishers Weekly* "Ingenious."—*Dear Author* "Creative and heartfelt, this novel captured my imagination and my heart with ease. . . . Samantha Sotto certainly gave us readers an original, almost fanciful story that was filled to the brim with real and very raw emotions."—*Harlequin Junkie* "Catching right from the start . . . If you like time travel romance novels, this book will not disappoint!"—*The Lit Bitch* Praise for Samantha Sotto's *Before Ever After* "I was floored by the gutsy scope of this highly unusual love story. *Before Ever After* is one of those books that challenges the natural laws of fiction writing, and Samantha Sotto pulls it off in a frisky and highly entertaining way."—Anne Fortier, New York Times bestselling author of *Juliet* "I was absolutely enchanted by *Before Ever After*. It's a highly original and engaging mix of romance, mystery, and magic that will challenge everything you think you know about happily ever after."—Jill Smolinski, author of *Objects of My Affection* "A smartly written romance, mystery, and historical adventure all wrapped up in a page-turner that will have you guessing until

the very end.”—Adena Halpern, author of *The Ten Best Days of My Life* “Exquisitely written and inventively told, *Before Ever After* is a beautiful, moving—and quite fun—exploration of what you think you know about your own life.”—Melissa Senate, author of *The Love Goddess’ Cooking School*
