*The Alchemy of Sexual Energy* Mantak Chia, 2009-12-23 Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in *Healing Light of the Tao*. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

**Essential Reiki** Diane Stein, 2011-02-02 Reiki is an ancient and profoundly simple system of “laying on of hands” healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki “attunements,” ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Awaken Healing Energy Through the Tao Mantak Chia, 1983 Taoist Esoteric Yoga is an ancient, powerful system of physical, psychological and spiritual development encompassing meditative and internal energy practices. This unique and comprehensive book reveals the Taoist secret of circulating Chi, the generative life force, through the acupuncture meridians of the body. This comprehensive list includes: Opening the Energy Channels; Proper Wiring of the Etheric Body; Acupuncture and the Microcosmic Orbit; Taoist Yoga and Kundalini; How to Prevent Side Effects; MD's Observations on the Microcosmic Orbit. Written in clear, easy-to-understand language and illustrated with many detailed diagrams that aid the development of a powerful energetic flow, for psychological and spiritual health and balance.

*Essential Psychic Healing* Diane Stein, 2011-04-06 Author and healer Diane Stein brings to the layperson psychic healing techniques once assumed to be too esoteric to use without highly specialized knowledge, years of training, and a paranormal gift. ESSENTIAL PSYCHIC HEALING helps us tap into the potent healing power of our own psychic energies. For the beginner, Diane offers theory and instruction in basic meditation, visualization, kundalini energy, chakras, and auras. Those at the intermediate level will learn to utilize spirit guides and angels, and how to use healing crystals, hands-on healing methods, emotional release work, and remote healing. An advanced program discusses healing karma and past lives, soul retrieval, releasing entities, spirit attachments, and understanding and aiding the death process. Whether you are new to or well acquainted with these principles, ESSENTIAL PSYCHIC HEALING is an indispensable primer.

**Fusion of the Eight Psychic Channels** Mantak Chia, 2009-01-15 Advanced Inner Alchemy exercises that promote the free flow of energy throughout the body in preparation for the Practice of the Immortal Tao • Explains how to open the Great Bridge Channel and the Great Regulator Channel • Includes exercises to strengthen and wrap the spinal cord with energy • Reveals how to create a thicker aura to protect the body and receive the higher frequencies of the Universal Force The

Fusion of the Eight Psychic Channels practice builds upon the Fusion of the Five Elements and Cosmic Fusion practices and is the final step in preparation for the Practice of the Immortal Tao. Master Mantak Chia shows how to open the Great Bridge Channel and the Great Regulator Channel--the last of the eight psychic channels that connect the twelve organ meridians and enable energy to flow from one meridian to another. By opening these psychic channels in conjunction with the Microcosmic Orbit, practitioners can balance and regulate the energy flow throughout the body to protect all the body's centers. Master Chia also illustrates the Spinal Cord Microcosmic Orbit practice, which strengthens and wraps the spinal cord with energy, and the practice of Sealing the Aura, which creates a thicker aura to protect the body and facilitate the reception of higher frequencies of the Universal Force. Mastery of the practices in this book enables the creation of the energy body needed to receive the larger Universal Force vibrations accessible through the Practice of the Immortal Tao.

**Healing Light of the Tao** Mantak Chia,2008-05-27 The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

Summary of Mantak Chia's The Alchemy of Sexual Energy Everest Media,2022-05-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The five elements play a major role in Taoist practices. They are symbolized as water, wood, fire, earth, and metal or air. When we make contact with these forces and learn to

integrate them within our own energy field, we become connected to the entire universe. #2 The universe is a spinning system. Everything around us spins, and we must establish ourselves in the universe and make contact with it. We must have our own spin to create our own identity, and be able to make contact with it. #3 The Microcosmic Orbit is the circulation of a baby before it is born, and after it is born. It gets food and oxygen from its mother via the placenta, and its blood flows through the umbilical cord to the placenta. #4 Taoist teachings often refer to the Three Treasures of Heaven, Earth, and Man. Cosmic Chi Kung opens up all the possibilities of the Three Treasures. It cultivates self-awareness and develops your personal soul pattern.

*Taoist Cosmic Healing* Mantak Chia, 2003-10-20 • Includes practices for cleansing the blood of toxins, relieving pain, using sexual energy for healing, and other tools for the treatment and prevention of disease • Explains the unique healing potential of chi kung color therapy and how to harness universal and earthly elemental energies in healing • By Mantak Chia, coauthor of *The Multi-Orgasmic Man* Taoists believe in an underlying unity that permeates the universe and intimately binds all things. Taoist Cosmic Healing presents chi kung techniques that develop and strengthen awareness of the forces and energetic principles of the universe and the earthly six directions, allowing the reader to draw upon these forces for healing themselves and others. Taoist Cosmic Healing teaches the reader how to use the major acupuncture points in the hands to activate, open, and balance the chi meridians throughout the body. This practice allows the student to detoxify and rejuvenate the major organ systems and, when combined with specific body positions and the chi kung stance, to heal others. Through Mantak Chia's profound understanding of the ancient esoteric science of guiding chi energy, students can learn how to harness the astral energies of specific stars. Master Chia also explains the important role that compassion and positive energy play in enhancing one's ability to heal. He presents for the first time in the West the details of chi kung color therapy and how it can activate and strengthen the immune system.

Chi Self-massage Mantak Chia, 1986 Virtually all Western massage is massage primarily of the muscles. Whatever its virtues, Western massage is altogether different from Chi Massage. Tao Rejuvenation employs one's own internal energy, Chi energy, to strengthen and rejuvenate the sense organs-eyes, ears, nose, tongue, teeth and skin-and the inner organs. The techniques used by Taoists are some five thousand years old and, until very recently, were closely guarded secrets passed on from a Master to a small group of students. Often, too, each Master knew only a small part. Now Master Chia has pieced

together the entire system of Chi Massage in a logical sequence in such a way that once you have it shown to you, you need only five or ten minutes of practice daily. In short order you will note improvement in complexion, taste, vision, hearing, sinuses, gums, teeth, tongue, the internal organs and general stamina -- Back cover.
