Iniciación literaria en Educación Infantil Ignacio Ceballos Viro, 2015-02-02 El principal objetivo de este manual es superar una forma anquilosada de presentar la literatura, excesivamente vinculada a su forma escrita y demasiado centrada en la recepción. Igual que existe una literatura escrita para niños, existe una literatura oral, y del mismo modo que hay una recepción literaria, también hay una expresión literaria que los niños desean y realizan. La primera infancia es una etapa clave en nuestras relaciones con la literatura, y es fundamental que los niños no sean solo escuchadores o lectores de literatura, sino también productores, autores, creadores. La primera parte del libro, titulada «Lo que se puede querer hacer», atiende al ideal de desarrollo armónico de los niños y evita subestimar su potencial. No solo se aborda lo que los maestros pueden hacer con la literatura, sino también lo que desean hacer los niños, buscando los lugares de encuentro entre una cosa y otra. La segunda parte, que engloba doce adendas bajo el epígrafe «Lo que se debe saber», analiza algunos de los aspectos teóricos más interesantes relacionados con la literatura infantil: sus características y géneros, su historia y sus líneas evolutivas, la ideología y los valores que transmite, así como una lista de libros recomendados e información sobre ilustración e ilustradores. Recommended Readings in Spanish Literature California. Department of Education,1991 A list of almost 300 titles of Spanish language reading materials represents the recommendations of the California Media and Library Educators Association for use with Spanish-speaking, limited-English-proficient students in kindergarten through eighth grade. It is intended as a guide for teachers of Spanish and teachers of English language arts who work with this population. Selections include those originally written in Spanish and tales from the oral Spanish tradition, and comprise a variety of genres, including biography, drama, folklore and mythology, historical fiction, modern fantasy, nonfiction, picture book, poetry, realistic fiction, and science fiction. The materials were selected to appeal to readers with a variety of learning abilities and interests. Citations are divided into three sections, including: core and extended materials, recreational and motivational materials, and dual-text materials. Each entry is annotated and includes an entry type (in the case of core and extended materials), recommended grade span, an indication whether the entry is a translation from another language, and genre. Author and title indexes are also provided. (MSE)
