*Youth Culture and Sport* Michael D. Giardina, Michele K. Donnelly, 2008 Youth Culture and Sport critically interrogates and challenges contemporary articulations of race, class, gender, and sexual relations circulating throughout popular iterations of youth sporting culture in late-capitalism. Written against the backdrop of important changes in social, cultural,

political, and economic dynamics taking place in corporate culture's war on kids, this exciting new volume marks the first anthology to critically examine the intersection of youth culture and sport in an age of global uncertainty. Bringing together leading scholars from cultural studies, gender studies, sociology, sport studies, and related fields, chapters range in scope from 'action' sport subcultures and community redevelopment programs to the cultural politics of white masculinity and Nike advertising. It is a must read for anyone interested in gaining a better understanding of the role sport plays in the construction of experiences, identities, practices, and social differences of contemporary youth culture.

Gender and Narrative Rajul Bhargava, Jasbir Jain, Supriya Agarwal, 2002 This book has grown out of a felt-need to rethink and re-evaluate the forces that have been at work shaping the literature of the last decade of the century--literature written in English. There is no denying that what had largely emerged as insurgent writing, especially focusing on the socio-political realities of our country, has today gained wider ground, acceptability and acclaim. It has become a vehicle of articulating awareness, voicing dissatisfaction and reviewing historical and philosophical truths. In its long-strided progress Indian writing in English has not overlooked the literary canons and in the directions it has taken, it has created not only a niche for itself but also made a discernible mark on literary theory. The essays included in this volume represent the multiple ways in which we view our literature.
