The New Male Sexuality Bernie Zilbergeld, 2013-02-27 The New Male Sexuality addresses the most urgent questions of men today--and of the women who love them. Bernie Zilbergeld reports findings from his twenty years as a psychologist specializing in human sexuality, as well as those other experts in the field, and shares his own and his clients' experiences. the result is the most comprehensive guide ever to enhancing desire and arousal, focusing on pleasure rather than performance, and keeping sex exciting and fulfilling. Men Love Sex Alan Close, 1995 A collection of adult short stories by male authors from Australia and New Zealand in which their feelings about love and sex are freely expressed. Often confronting, frank, amusing, and poignant these stories reveal what men really talk about when they talk about love. The issue of gender confusion - what it means to be a man, what it means to be a woman - and the conclusion that it is becoming a matter of individual choice is one that sits below the surface of many of the stories. The contributors provide a mixed array of ideas given that they represent young men, old men, family men, single men, straight men, gay men.

The Sexual Laws Kiyoshi Kobayashi, 2021-01-28 Though the series is a coherent unit with the unified purpose, each book is designed to be read independently from the others. The first three books are preparing for the proposal and the last book is augmenting the proposal. His core proposition is in Book Four The Third Prophecy; in fact it can be expressed in one simple sentence 'To love a child is not to make one'.

He's Just Not Up for It Anymore Bob Berkowitz, Susan Yager-Berkowitz, 2024-02-27 An estimated twenty million American men and women are in relationships in which the man has stopped being sexually intimate. Is the problem physical, emotional, or psychological—or are these guys simply bored with their partners? To find answers, bestselling author and relationship expert Dr. Bob Berkowitz and his wife, Susan Yager-Berkowitz, began an unprecedented survey of more than four thousand men and women in this situation, gathering data and following up with hundreds of interviews with selected respondents. *Why Men Stop Having Sex* provides a unique window into the sexless man's mind—so that men and women can understand this important issue and begin to address the problems that have inhibited intimacy, and ultimately solve them.

Exploring Black Sexuality Robert Staples, 2006-04-27 In this pioneering, nonobjective study, a distinguished Black sexologist tackles one of the most controversial aspects of American race relations. The subject of Black sexuality has been widely discussed in every possible popular format for the past four hundred years, yet serious scholarship in the area is lacking. While Black sexuality has been a pervasive force in American life, it has been too sensitive a topic for Black or white authors to write about in a serious, non-polemical format. Robert Staples explores same-sex attitudes and behavior, interracial sexual relations, rape, prostitution, pornography, and the stereotypes of Black sexual superiority in this scholarly yet accessible collection. Staples shows how vaunted and feared sexual differences were the 'raison d'etre' of Southern school segregation, race-based laws, white flight from the inner cities, the double sexual standard, lynchings, and race riots. This groundbreaking study concludes with a speculation on the future of Black sexuality in the 21st century based on our knowledge of current demographic and economic forces.
