A Chronicle of First Broadcast Performances of Musical Works in the United Kingdom, 1923-1996 Alastair Mitchell, 2019-06-04 First published in 2001, this work provides detailed information taken from the 'Programmes-as-Broadcast' daily log of output held at the BBC Written Archives Centre in Caversham. Arranged in chronological order, entries are given for broadcasts of first performances of musical works in the United Kingdom, and include details of: the date of the broadcast, the composer, the title of the work, performers and conductor. In addition to its usefulness as a reference tool, the Chronicle enables us to gauge the trends in twentieth-century British musical life, and the role of the BBC in their promotion.

Gabriel Samuel Adamson, 2013-08-01 This is noisily Protestant England - the England of William and Mary's Glorious Revolution at the end of a century of civil strife. This is London in the 1690s, the monster city tamed into awe by our only Orpheus: Henry Purcell. Monarchs, princes, prostitutes, wigmakers, composers, tapsters, musicians, transvestites and watermen jostle for attention in the teeming, unruly world of late seventeenth-century London, where enthralling stories both real and imagined merge and intersect. Samuel Adamson's *Gabriel* premiered at Shakespeare's Globe, London, in July 2013 with Alison Balsom, one of the world's finest trumpeters, performing the music of Purcell and Handel. Every day three trumpet calls from the theatres on the Bankside, then songs would float over the thatch and roll across the water and make my work sweet.

On Music Benjamin Britten, 2003 Benjamin Britten was a most reluctant public speaker. Yet his contributions were without doubt a major factor in the transformation during his lifetime of the structure of the art-music industry. This book, by bringing together all his published articles, unpublished speeches, drafts, and transcriptions of numerous radio interviews, explores the paradox of a reluctant yet influential cultural commentator, artist, and humanist. Whether talking about his own music, about the role of the artist in society, about music criticism, or wading into a debate on Soviet ideology at the height of the cold war, Britten always gave a performance which reinforced the notion of a private man who nonetheless saw the importance of public disclosure.

Tonic to the Nation: Making English Music in the Festival of Britain Nathaniel G. Lew, 2016-07-01 Long remembered chiefly for its modernist exhibitions on the South Bank in London, the 1951 Festival of Britain also showcased British artistic creativity in all its forms. In *Tonic to the Nation*, Nathaniel G. Lew tells the story of the English classical music and opera composed and revived for the Festival, and explores how these long-overlooked components of the Festival helped define English music in the post-war period. Drawing on a wealth of archival material, Lew looks closely at the work of the newly chartered Arts Council of Great Britain, for whom the Festival of Britain provided the first chance to assert its authority over British culture. The Arts Council devised many musical programs for the Festival, including commissions of new concert works, a vast London Season of almost 200 concerts highlighting seven centuries of English musical creativity, and several schemes to commission and perform new operas. These projects were not merely directed at bringing audiences to hear new and old national music, but to share broader goals of framing the national repertory, negotiating between the conflicting demands of conservative and progressive tastes, and using music to forge new national definitions in a changed post-war world.

Queen Anne James Anderson Winn,2014-06-03 As the last Stuart monarch, Queen Anne (1665-1714) received the education thought proper for a princess, reading plays and poetry in English and French while learning dancing, singing, acting, drawing, and instrumental music. As an adult, she played the guitar and the harpsichord, danced regularly, and took a connoisseur's interest in all the arts. In this comprehensive interdisciplinary biography, James Winn tells the story of Anne's life in new breadth and detail, and in unprecedented cultural context. Winn shows how poets, painters, and musicians used the works they made for Anne to send overt and covert political messages to the queen, the court, the church, and Parliament. Their works also illustrate the pathos of Anne's personal life: the loss of her mother when she was six, her troubled relations with her father and her sister (James II and Mary II), and her own doomed efforts to produce an heir. Her eighteen pregnancies produced only one child who lived past infancy; his death at the age of eleven, mourned by poets, was a blow from which Anne never fully recovered. Her close friendship with Sarah, Duchess of Marlborough, a topic of scabrous ballads and fictions, ended in bitter discord; the death of her husband in 1708 left her emotionally isolated; and the wrangling among her chief ministers hastened her death. Richly illustrated with visual and musical examples, *Queen Anne* draws on works by a wide array of artists-among them the composer George Frideric Handel, the poet Alexander Pope, the painter Godfrey Kneller, and the architect Christopher Wren-to shed new light on Anne's life and reign. This is the definitive biography of Queen Anne.
