**The First Day of Spring** Nancy Tucker, 2022-05-31 "Tense, addictive and powered by an unforgettable narrative voice." - PAULA HAWKINS A stunning debut...Suspenseful? You bet. Heart-rending? From beginning to end.—The Washington Post "Gripping...The voices of Chrissie and Julia reside deep in your skull: visceral and wicked, sad and wonderful, all at the same time." —The New York Times "Fans of Lisa Jewell and smart psychological suspense will eagerly await Tucker's next." —Publishers Weekly, STARRED review "So that was all it took," I thought. "That was all it took for me to feel like I had all the power in the world. One morning, one moment, one yellow-haired boy. It wasn't so much after all." Meet Chrissie... Chrissie is eight and she has a secret: she has just killed a boy. The feeling made her belly fizz like soda pop. Her playmates are tearful and their mothers are terrified, keeping them locked indoors. But Chrissie rules the roost -- she's the best at wall-walking, she knows how to get free candy, and now she has a feeling of power that she never gets at home, where food is scarce and attention scarcer. Twenty years later, adult Chrissie is living in hiding under a changed name. A single mother, all she wants is for her daughter to have the childhood she herself was denied. That's why the threatening phone calls are so terrifying. People are looking for them, the past is catching up, and Chrissie fears losing the only thing in this world she cares about, her child. Nancy Tucker leaves the reader breathless as she inhabits her protagonist with a shocking authenticity that moves the reader from sympathy to humor to horror to heartbreak and back again.

**The First Day of Spring** Raymond Knister, 1976

The First Day of Spring Nancy Tucker, 2021-06-24 A tense, psychological novel about what propels one 8-year-old girl to murder, and the complex ways this past chases her down in later life. Chrissie is eight years old and she has a secret: she has just killed a boy. The feeling of it made her belly fizz like soda pop. Across her neighborhood, Chrissie's playmates and their parents are tearful and terrified. But Chrissie rules the roost - she's the best at wall-walking, she knows how to get free candy, and now she has a secret, thrilling power she doesn't get to experience much at home, where food is scarce and attention scarcer. Twenty years later, Chrissie has a new identity and a new name. As Julia, she is working in a cafe to support herself and her six-year-old daughter, Molly. All she wants is a fresh start, but the past hasn't seemed to let her and Molly alone, and when, suddenly, their future together is threatened, Chrissie/Julia must find a new way to take matters into her own hands. Nancy Tucker leaves the reader breathless as she considers what happens when innocence and survival

instincts collide. Tucker writes from professional experience in pediatric mental health, and she inhabits the voices of her young protagonists with a shocking authenticity and precision that moves the reader from sympathy to humor to horror to heartbreak and back again.

**Three Books of Occult Philosophy or Magic, By...Henry Cornelius Agrippa Von Nettesheim...Book One-Natural Magic; Which Includes the Early Life of Agrippa, His Seventy-Four...** Heinrich Cornelius Agrippa von Nettesheim, 2025-06-24 Heinrich Cornelius Agrippa's Three Books of Occult Philosophy is among the most influential and foundational texts in the Western esoteric tradition. In Book One, Natural Magic, Agrippa presents the first pillar of his grand synthesis of Renaissance occult science—an intricate worldview in which natural forces, astrological influences, and divine correspondences intermingle in a sacred hierarchy of being. First published in the early 16th century, this volume explores the hidden virtues of herbs, stones, animals, metals, and planetary energies, demonstrating how nature's secrets can be harnessed through sympathetic magic and ritual. Agrippa, a scholar, physician, and theologian, insists that true magic is a sacred science, rooted not in superstition but in the divine order of creation. Natural Magic includes detailed discussions of talismans, numerology, elemental spirits, and the power of words and images, all aimed at elevating the practitioner's understanding of the cosmos and one's place within it. Revered by magicians, alchemists, and philosophers for centuries, Agrippa's work helped shape early modern ideas of science, spirituality, and human potential. This edition of Book One is essential reading for students of magic, history, and Hermetic philosophy, offering timeless insight into a world where nature itself was seen as a language of divine revelation.

**Books of Fate and Popular Culture in Early China** Marc Kalinowski, Donald Harper, 2017-11-06 Books of Fate and Popular Culture in Early China is a comprehensive introduction to the manuscripts known as daybooks, examples of which have been found in Warring States, Qin, and Han tombs (453 BCE–220 CE). Their main content concerns hemerology, or “knowledge of good and bad days.” Daybooks reveal the place of hemerology in daily life and are invaluable sources for the study of popular culture. Eleven scholars have contributed chapters examining the daybooks from different perspectives, detailing their significance as manuscript-objects intended for everyday use and showing their connection to almanacs still popular in Chinese communities today as well as to hemerological literature in medieval Europe and ancient Babylon. Contributors include: Marianne Bujard, László Sándor Chardonnens, Christopher Cullen, Donald Harper, Marc Kalinowski, Li Ling, Liu Lexian, Alasdair Livingstone, Richard Smith, Alain Thote, and Yan Changgui.

Ritual Civilization and Mythological Coding Qicui Tang, 2020-07-18 This book places Li Ji (the Book of Rites) back in the overall context of “books,” “rites” and its research history, drawing on the interrelations between myth, ritual and “materialized” symbols to do so. Further, it employs the double perspectives of “books” and “rites” to explore the sources and symbols of the capping ceremony (rites of passage), decode the prototypes of Miao and Ming Tang, and restore the discourse patterns of “people of five directions.” The book subsequently investigates the formation and function of the Yue Ling calendar and disaster ritual, so as to reveal the human cognitive encoding and metalanguage of ritual behavior involved. In the process, it demonstrates that Li Ji, its textual memories, archaeological remains and “traditional ceremony” narratives are all subject to the latent myth coding mechanism in China’s cultural system, while the “compilation” and “materialized” remains are merely forms of ritual refactoring, interpretation and exhibition, used when authority seeks the aid of ritual civilization to strengthen its legitimacy and maintain the social order.

*Discovering Heavenly Mandate* Yi-Long Huang, 2025-05-19 This book adopts a multidisciplinary approach, incorporating knowledge and techniques from disciplines such as astronomy and history. The purpose of astrological divination is to discern the will of the heavens, and its subjects are the ruling class or the entire social body of a nation. The selection of auspicious methods is aimed at seeking good fortune and avoiding misfortune, with its influence ranging from the imperial family to the common people. By comparing them with ancient Chinese textual records, it seeks to verify their authenticity. Based on this foundation, the book explores the origins of certain important astronomical events and divinatory behavioral patterns in ancient times, as well as the reasoning behind the actions of ancient Chinese people. Overall, this book provides significant inspiration and reference for scholars and researchers in the field of history of social astronomy in China and history of Sino-Western exchanges, in terms of ideas and research methodologies.
