The Foxfire 45th Anniversary Book Foxfire Fund, Inc.,2011-08-30 For almost half a century, Foxfire has brought the philosophy of simple living to hundreds of thousands of readers, teaching creative self-sufficiency and preserving the stories, crafts, and customs of Appalachia. Inspiring and practical, this classic series has become an American institution. The Foxfire 45th Anniversary Book continues the beloved tradition of celebrating a simpler life, this time with a focus on Appalachian music, folk legends, and a history full of outsized personalities. We hear the encouraging life stories of banjo players, gospel singers, and bluegrass musicians who reminisce about their first time playing at the Grand Ole Opry; we shiver at the spine-tingling collection of tall tales, from ghosts born of long-ago crimes to rumors of giant catfish that lurk at the bottom of lakes and quarries; we recollect the Farm Family Program that sustained and educated Appalachian families for almost fifty years, through the Depression and beyond; and we learn the time-honored skills of those who came before, from building a sled to planting azaleas and braiding a leather bull-whip. Full of spirited narrative accounts and enduring knowledge, The Foxfire 45th Anniversary Book is a piece of living history from a fascinating American culture.

American Silent Horror, Science Fiction and Fantasy Feature Films, 1913-1929 John T. Soister,Henry Nicolella,Steve Joyce,2014-01-10 During the Silent Era, when most films dealt with dramatic or comedic takes on the boy meets girl, boy loses girl theme, other motion pictures dared to tackle such topics as rejuvenation, revivication, mesmerism, the supernatural and the grotesque. A Daughter of the Gods (1916), The Phantom of the Opera (1925), The Magician (1926) and Seven Footprints to Satan (1929) were among the unusual and startling films containing story elements that went far beyond the realm of highly unlikely. Using surviving documentation and their combined expertise, the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror, science fiction and fantasy in the years from 1913 through 1929.

and representation Places refugee imaginaries at the centre of interdisciplinary exchange, demonstrating the vital new perspectives on refugee experience available in humanities research Brings together leading research in literary, performance, art and film studies, digital and new media, postcolonialism and critical race theory, transnational and comparative cultural studies, history, anthropology, philosophy, human geography and cultural politics The refugee has emerged as one of the key figures of the twenty-first-century. This book explores how refugees imagine the world and how the world imagines them. It demonstrates the ways in which refugees have been written into being by international law, governmental and non-governmental bodies and the media, and foregrounds the role of the arts and humanities in imagining, historicising and protesting the experiences of forced migration and statelessness. Including thirty-two newly written chapters on representations by and of refugees from leading researchers in the field, *Refugee Imaginaries* establishes the case for placing the study of the refugee at the centre of contemporary critical enquiry.
