Three Bags Full Leonie Swann,2010-10-29 A witty philosophical murder mystery with a charming twist: the crack detectives are sheep determined to discover who killed their beloved shepherd. On a hillside near the cozy Irish village of Glennkill, a flock of sheep gathers around their shepherd, George, whose body lies pinned to the ground with a spade. George has cared devotedly for the flock, even reading them books every night. Led by Miss Maple, the smartest sheep in Glennkill (and possibly the world), they set out to find George's killer. The A-team of investigators includes Othello, the "bad-boy" black ram; Mopple the Whale, a Merino who eats a lot and remembers everything; and Zora, a pensive black-faced ewe with a weakness for abysses. Joined by other members of the richly talented flock, they engage in nightlong discussions about the crime, wild metaphysical speculations, and embark on reconnaissance missions into the village, where they encounter some likely suspects. Along the way, the sheep confront their own all-too-human struggles with guilt, misdeeds, and unrequited love. Funny, fresh, and endearing, it introduces a wonderful new breed of detectives to Canadian readers.

Three Bags Full Leonie Swann,2007 After a herd of sheep discover their shepherd pinned to their pasture with a spade, they embark on an investigation to nail his murderer. While some of the detectives insist on chewing the evidence, Miss Maple, keeps her cohorts in line.

Three Bags Full Leonie Swann,2025-03-20 On a hillside near the quaint Irish village of Glennkill, the flock gathers around the dead body of their shepherd, George, who lies pinned to the ground with a spade. George cared deeply for the sheep, reading to them daily, and as a result they are far smarter than your average flock. Led by Miss Maple, the sharpest sheep in Glennkill (and possibly the world), they set out to find George's killer. With an assortment of woolly investigators on the case, there are furtive missions into the village and a collection of two-legged suspects to chew over. Dazzingly original, *Three Bags Full* introduces a band of detectives who are a breed apart.

Big Bad Wool Leonie Swann,2025-05-06 In the highly anticipated follow-up to the breakout offbeat hit *Three Bags Full*, an enterprising flock of sheep must get to the bottom of just who—or what—is leaving a trail of grisly destruction in its wake. With one solved mystery under their woolly belts, the time has come for the sheep of Glennkill to explore Europe. Together with their new shepherdess, Rebecca, they move into their winter quarters in the shadow of a French chateau. But their new home is far from idyllic. A number of sheep from a previous flock have disappeared, and deer are dying unnatural deaths in

the forest. The strange goats from the neighboring pasture have a theory: a werewolf. Could that be real, or just a fantasy? When a human falls victim, it becomes clear that even fantasies can be fatal. And the last thing the sheep want is to lose another shepherd. With the help of the goats next door, they follow the werewolf's trail in a desperate attempt to save both themselves and Rebecca with sheep logic, courage, and woolpower. This clever, tense mystery features the ultimate amateur sleuths as they ponder curious human motives, attempt to change their fortunes by eating tarot cards, and borrow a harebrained scheme from a not-so-secret spy in an attempt to thwart the beast that's been stalking them.

American Fiction, American Myth Philip Young, David Morrell, Sandra Spanier, 2010-11 Few experts in American literature have written as insightfully and brilliantly as did Philip Young, renowned Hemingway critic and scholar at large. His unique work bursts with a joy in the humanities, with a sensibility, a humor, and a style that communicate to academics and general readers alike. Although Young died in 1991, he survives in his remarkable prose. *American Fiction, American Myth* features nineteen groundbreaking essays in which Young masterfully reveals the &so what?& that he insisted all literary studies ought to have. In the first section, he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle, reaching powerful conclusions about America and its people. In the second section, he becomes &Our Hemingway Man,& explaining his germinal and still provocative theory that Hemingway's severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self-psychoanalysis. Young's book on Hemingway was the first of its kind, but Young was more than a one-author critic, as his essays demonstrate in the third section, exploring such diverse topics as Hawthorne's secret love, the Lost Generation that was never lost, F. Scott Fitzgerald's debt to T. S. Eliot, and the relationship between American fiction and American life. What Hemingway once said about himself can be equally applied to Young: &I am a very serious but not a solemn writer.& The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them.

Furry Tales Fred Patten, 2019-09-06 Tales featuring anthropomorphic animals have been around as long as there have been storytellers to spin them, from Aesop's Fables to Reynard the Fox to Alice in Wonderland. The genre really took off following the explosion of furry fandom in the 21st century, with talking animals featuring in everything from science fiction

to fantasy to LGBTQ coming-out stories. In his lifetime, Fred Patten (1940-2018)--one of the founders of furry fandom and a scholar of anthropomorphic animal literature--authored hundreds of book reviews that comprise a comprehensive critical survey of the genre. This selected compilation provides an overview from 1784 through the 2010s, covering such popular novels as *Watership Down* and *Redwall*, along with forgotten gems like *The Stray Lamb* and *Where the Blue Begins*, and science fiction works like *Sundiver* and *Decision at Doona*.

Made in America, Sold in the Nam Rick Ritter, Paul Richards, 2006-09-01 Hope and Healing For All Who Have Been Touched by War *Made in America, Sold in the Nam* brings together the writings of more than two dozen Vietnam-era veterans who have never before had the chance to speak their peace. Through diaries, essays, and poems, each contributor brings a unique first-person perspective that will be appreciated by veterans, their families, and historians. Taken together, this book represents the conscience of a nation: patriotic, duty-bound, and mired in a swamp of confusion and pain. New Second Edition includes material by the spouses, adult children, and other survivors of the war. *Made in America, Sold in the Nam* is Book #2 in the *Reflections of History Series* from Modern History Press. For Viet Nam Vets: an opportunity to verify their experiences against experiences of others leading to validation and perhaps even an airing of their suspicions and fears about themselves. No matter how long it has been, healing is possible. For Families of the KIA: peace and understanding about the experiences of their loved one and if they have letters from their loved ones, perhaps a way to fill in what could never be spoken. For Adult Children and Spouses of Vets empathy for their war experience, in spite of whether or not there has been communication about how it really went down. For Vets of Recent Conflicts: a shortcut to understanding the overall experience of war and how one copes with its indelible marks. Discover the commonality of those who have endured their time as warriors. For Society and Generations to come: . Learn what really happens during a modern military conflict. . A plea for wisdom in how we deal with other peoples on Earth. . A chance to break the cycle of doing the same things and hoping for magically different outcomes. That there is conflict and confusion over how we are to view the Viet Nam War and how we are to feel about those who sacrificed for this effort, makes this book all the more important. These pieces give the average person insight into what really happened to those that served and what they thought that they were trying to accomplish. There is some personal truth, buried emotion, and a few heroes in their own right. -Tami Brady, TCM Reviews Modern History Press is an imprint of Loving Healing Press (www.LovingHealing.com)
