

Waking The Demon Tabs

Brendan G. Carr

Demon Theory Stephen Graham Jones, 2011-07-27 On Halloween night, following an unnerving phone call from his diabetic mother, Hale and six of his med school classmates return to the house where his sister disappeared years ago. While there is no sign of his mother, something is waiting for them there, and has been waiting a long time. Written as a literary film treatment littered with footnotes and experimental nuances, *Demon Theory* is equal parts camp and terror, combining glib dialogue, fascinating pop culture references, and an intricate subtext as it pursues the events of a haunting movie trilogy too real to dismiss. There are books about movies and movies about books, and then there's *Demon Theory* - a refreshing and occasionally shocking addition to the increasingly popular "intelligent horror" genre.

Demon's King Connie Suttle, 2012-12-13 Reah, we have good information on Zellar. That had me jerking my head up to stare at Lendill. Zellar. Just the sound of that name had every member of the ASD seething. Zellar—the rogue warlock who left drained planet cores in his wake. For years, he only worked on worlds outside the Alliance—the ASD had gotten too close to him on too many occasions. Burned him a few times—Ry had almost gotten him once, but Zellar had used the very last of a planet's power and escaped. Ry always insisted that he'd wounded Zellar, though. I thought he could be right—we hadn't heard anything from the murdering bastard in two years. While battling personal grief, Reah is sent after Zellar, who has become one of the worst enemies the Alliance has ever faced. While determined to take down the rogue warlock, Reah learns that Zellar has trained other rogues to follow in his footsteps. Forced to work with the unlikeliest of allies, she pursues Zellar's trained rogues in and outside the Alliance.

Witches Unleashed Carrie Harris, 2021-11-09 Johnny Blaze, AKA the Ghost Rider, has accidentally released Lucifer from Hell, and that's a serious problem. While hunting down fragments of Lucifer's soul, Johnny Blaze enlists the help of witches Jennifer Kale, Satana Hellstrom and Topaz to hunt down a fragment that has animated the body of Jennifer's cousin, Magda.

The Gaslight Dogs Karin Lowachee, 2010-04-01 At the edge of the known world, an ancient nomadic tribe faces a new enemy—an Empire fueled by technology and war. A young spiritwalker of the Aniw and a captain in the Ciracusan army find themselves unexpectedly thrown together. The Aniw girl, taken prisoner from her people, must teach the reluctant soldier a forbidden talent -- one that may turn the tide of the war and will surely forever brand him an outcast. From the rippling curtains of light in an Arctic sky, to the gaslit cobbled streets of the city, war is coming to the frozen north. Two people have

a choice that will decide the fates of nations -- and may cast them into a darkness that threatens to bring destruction to both their peoples.

Belize Survivor Nancy R. Koerner,2007 In the early seventies, the anti-establishment counterculture evolved into a new movement of health and agricultural purists. Rebelling against the politics and pollution of the U.S., these young people sought to create their own natural paradise outside its borders. This is the story of one such expatriated American, a starry-eyed wild child who searches for a fantasy lifestyle and gets more than she bargains for. The storyline, a colorful tapestry of romantic adventure set in the jungles of Belize, Central America, is flavored with vivid imagery, picturesque characters, wild animals, and Mayan archaeological intrigue. But it is also a compelling story of a maturing young woman and her battle with the darker side of human nature, of innocence lost, deception, infidelity, and heartbreaking exile. Full of poignant moral dilemma, it is a story of one woman's survival, of exceptional courage, strength in overcoming adversity, spiritual growth, and eventual triumph.
