

What Is A Myth

Mike Jess

What is a Myth? Geoff Barker, 2014 Every culture in human history has created its own myths to describe how the natural world works. These stories explain the cultural lessons, values, and religious beliefs of a specific group of people.

What Is a Myth? Geoff Barker, 2014-01-01 Myths can explain cultural lessons, values, and religious beliefs of a specific group of people, and are a prime component of the Common Core Reading standards for grade levels 2 and 3. Within this book, Norse, Egyptian, and Chinese myths are reproduced in a way that young readers can interpret their meanings and prompt them to make cross-cultural comparisons.

The Truth of Myth Tok Thompson, Gregory Schrempp, 2020-02-03 The Truth of Myth is a thorough and accessible introduction to the study of myth, surveying the intellectual history of the topic, methods for studying myth cross-culturally, and emerging trends. Readers will encounter insightful commentaries on such questions as: What is the relation of mythology to religion? To science? To popular culture? Did the events recounted in myths actually occur? Why does the term myth have so many contradictory definitions and connotations? Offering serious students with an intellectual toolkit for launching into this fascinating field, the book is especially useful in conjunction with case studies of individual mythological traditions.
