

# Women In The Walls

**Bret Hinsch**

**The Women in the Walls** Amy Lukavics, 2016-09-27 Lucy Acosta's mother died when she was three. Growing up in a Victorian mansion in the middle of the woods with her cold, distant father, she explored the dark hallways of the estate with her cousin, Margaret. They're inseparable—a family. When her aunt Penelope, the only mother she's ever known, tragically disappears while walking in the woods surrounding their estate, Lucy finds herself devastated and alone. Margaret has been spending a lot of time in the attic. She claims she can hear her dead mother's voice whispering from the walls. Emotionally shut out by her father, Lucy watches helplessly as her cousin's sanity slowly unravels. But when she begins hearing voices herself, Lucy finds herself confronting an ancient and deadly legacy that has marked the women in her family for generations.

**The Women in the Walls**, 2016

**Women's Roles in Sub-Saharan Africa** Toyin Falola, Nana Akua Amponsah, 2012-01-06 This exhaustive exploration of the sociocultural, political, and economic roles of African women through history demonstrates how African women have shaped—and continue to shape—their societies. Women play essential, critical roles in every society; African women south of the Sahara are certainly no different. *Women's Roles in Sub-Saharan Africa* adds significantly to our understanding of the ways in which women contribute to the fabric of human civilization. This book provides an in-depth exploration of African women's roles in society from precolonial periods to the contemporary era. Topical sections describe the roles that women play in family, courtship and marriage, religion, work, literature and arts, and government. Each of the six chapters has been structured to elucidate women's roles and functions in society as partners, as active participants, as defenders of their status and occupations, and as agents of change. Authors Nana Akua Amponsah and Toyin Falola present a thought-provoking work that looks at the complicated victimhood/powerful-female paradigm in women and gender studies in Africa, and challenge ideological interest in African historiography that privilege male representation.

**The Congress of Women Held in the Woman's Building**, 1894

**The Diseases of women** Heinrich Fritsch, 1883

**Women in Song and Yuan China** Bret Hinsch, 2020-12-16 This deeply researched book provides an original history of Chinese women during the pivotal Song and Yuan dynasties (960–1368). Bret Hinsch explores the most important aspects of

female life in this era?political power, family, work, inheritance, religious roles, and emotions?and considers why the status of women declined during this period.

**The Preacher's Complete Homiletical Commentary on the Old Testament: Chronicles** ,1892

**The diary of an idle women in Sicily** Frances Minto Elliot,1885

Painted Women in the Walls Jenny Benjamin,2025-01-17 Painted Women in the Walls houses a multitude of women's voices, from Sylvia Plath to Lizzie Siddel to women etched on Tarot cards. Within the walls, other characters, whose labels and roles shift, speak in lyrical lines about familial and romantic love, loss, mystery, injustice, and discovery. The poems, infused with internal rhymes, create a mosaic where fantasy, domesticity, and fable meet.

*Northern Ghanaian Women's Artistry* Brittany Sheldon,2023-12-06 Many existing studies present women's artistry as a consistent and enduring element of Indigenous culture, emphasizing overarching systems of artistic practices, aesthetic goals, and symbolic repertoires. Brittany Sheldon complicates this image within Northern Ghanaian Women's Artistry: Visualizing Culture by emphasizing variations in individual training, knowledge, experience, techniques, skills, and ideas that inevitably exist among artists and within their communities. This book traces women's wall painting, known as bambɔlse, in northern Ghana. Based on extensive observations and numerous interviews, Sheldon digs into women artists' experiences and knowledge and describes their technical processes. This book delves into the history of bambɔlse, how this tradition has changed over time, and how it is tied to understandings of gender, social hierarchy, cultural identity, and memory. Rather than portraying the tradition as static, Sheldon demonstrates how women adapt their artistry to changing circumstances, including shifting preferences, incentives, markets, and audiences. With its vivid descriptions and detailed discussions, this book brings women artists and their wall paintings to life for readers, and, as such, it is relevant to scholars and students of African art history, anthropology, and gender studies.

Eugenics and Physical Culture Performance in the Progressive Era Shannon L. Walsh,2020-11-16 This book strives to unmask the racial inequity at the root of the emergence of modern physical culture systems in the US Progressive Era (1890s-1920s). This book focuses on physical culture - systematic, non-competitive exercise performed under the direction of an expert - because tracing how people practiced physical culture in the Progressive Era, especially middle- and upper-class white women, reveals how modes of popular performance, institutional regulation, and ideologies of individualism and motherhood combined to sublimate whiteness beneath the veneer of liberal progressivism and reform. The sites in this book give the fullest picture of the different strata of physical culture for white women during that time and demonstrate the unracialization of whiteness through physical culture practices. By illuminating the ways in which whiteness in the US became a default identity category absorbed into the "universal" ideals of culture, arts, and sciences, the author shows how

physical culture circulated as a popular performance form with its own conventions, audience, and promised profitability. Finally, the chapters reveal troubling connections between the daily habits physical culturists promoted and the eugenics movement's drive towards more reproductively efficient white bodies. By examining these written, visual, and embodied texts, the author insists on a closer scrutiny of the implicit whiteness of physical culture and forwards it as a crucial site of analysis for performance scholars interested in how corporeality is marshaled by and able to contest local and global systems of power.

**Women who Work** New York (State). Bureau of Women in Industry,1922

**Women in Qing China** Bret Hinsch,2022-03-10 This groundbreaking work provides an original and deeply knowledgeable overview of Chinese women and gender relations during the Qing Dynasty (1644–1912). Bret Hinsch explores in detail the central aspects of female life in this era, including family and marriage, motherhood, political power, work, inheritance, education, religious roles, and ethics. He considers not only women's experiences but also their emotional lives and the ideals they pursued. Drawing on a wide range of Western, Japanese, and Chinese primary and secondary sources—including standard histories, poetry, prose literature, and epitaphs—Hinsch makes an important period of Chinese women's history accessible to Western readers.

dec 1 2004 lois w banner attempts a  
comparative biography like the  
comparative work that ruth benedict  
and margaret mead accomplished as  
anthropologists moreover she provides  
an intimate examination of their lives as  
student and teacher lovers and  
professional peers
