Literature for Today's Young Adults Alleen Pace Nilsen, Kenneth L. Donelson, 2001 Introduction to young adult literature to help motivate teenagers become life-long readers. Reader friendly and comprehensive.

Young Adult Literature Mary Elizabeth Gallagher, 1988

Young Adult Fiction by African American Writers, 1968-1993 Deborah Kutenplon, Ellen Olmstead, 2014-04-08 Comprehensive and up-to-date The first contemporary publication to go beyond examining broad themes and trends in the field, this timely volume looks closely at specific authors and texts. The book is comprehensive and as current as possible, covering works by African American authors for young adults published between 1968-1993-some 200 titles by close to 50 writers. In addition to established authors and bestselling titles, the coverage includes material overlooked by previous studies, such as works from small presses and talented new authors. Guidelines for evaluation An extensive introduction reviews important milestones in this body of literature and analyzes noteworthy bibliographical and critical publications about such writing. It includes suggested guidelines for evaluating a work in terms of its direct and indirect treatment of such issues as race, gender, class, ability, age, sexuality, and sexual orientation. The book also offers specific guidance for determining the appropriate readership for a work with regard to age and gender. Unusually extensive annotations The main body of the book is an annotated bibliography, alphabetical by author, with the works arranged chronologically by publication date. The annotations are much more extensive than those in other bibliographies. Each annotation reads more like a full-length book review and is from one to two pages long and explores themes, plot and character development, evaluates the quality of the writing, judges the handling of issues of race, class, and gender, and provides a readership recommendation. Written in accessible language, this user-friendly book presents a wide range of factual information, evaluations, and analyses. It is a valuable tool for all teachers, librarians, counselors, and young adults

Writers for Young Adults Theodore W. Hippie, 1997 Contains articles on writers whose works are popular with young adults, including contemporary authors, such as Francesca Lia Block and Maya Angelou, and classic authors, such as Sir Arthur Conan Doyle and Louisa May Alcott.

Literature for Today's Young Adults Kenneth L. Donelson, Alleen Pace Nilsen, 1989

LGBTQ Young Adult Fiction Caren J. Town, 2017-07-05 Young adult literature featuring teenage lesbian, gay, bisexual, transgender and questioning characters is fast growing in popularity. Unlike the problem novels of the past, which focused on the guilt, bullying and isolation of LGBTQ characters, today's narratives present more sympathetic and celebratory portrayals. The author explores a selection of recent novels--many of which may be new to readers--and places them in the wider contexts of LGBTQ literature and history. Chapters discuss a range of topics, including the relationship of Queer Theory to literature, LGBTQ families, and recent trends in utopian and dystopian science fiction.
