The Esoteric Collections The Magical Keys of Solomon Book II vashisht Vaid,2013-10-19 This book of The Esoteric Collections - Part II came to be in existence as the previous Part -I could not contain all the esoteric articles, which I wished to, compile in that book, so I decided to compile the remaining articles in this second book which happens to be the 12th book in the esoteric knowledge series written by me. Although the science and technology has much advanced in the last few hundred years, which all humanity of planet earth has willingly accepted with open arms, the indwelling personality nature of the evolving human beings have continued their age old selfish nature based on prejudice, due to their unwilling to give up age old beliefs and established orders, which is unfortunately an attribute of so called false pride, attachments and greed, and which exists due to their polarization of evolving consciousness in the emotional plane of feelings and desires known as the Astral Plane [Kama Manas].

The Wisdom of King Solomon's Seals. The Keys to Accessing 44 Ancient Wisdom Secrets Joseph Kefir,2021

The Esoteric Collections Vashist Vaid,2014-12-23 Unknown to many, the so called Great magicians of this world, the Great Wise "King Solomon" who being a humble servant of the "Most high" and an upholder of "True Justice" based upon the Universal Law, Will To Do Good whom as per the holy Bible, the Lord God called himself As His Own Son [1 Chronicles 17.13], was a practitioner of only the "Divine Light White Magic", but after his passing away from this world, the corrupt invisible demonic entities through their henchmen made "Nonsense Books" falsely in his name dealing with gruesome blood and other heinous black magic rituals. The Great Wise King Solomon made 3 sets of Magical Keys during his 40 year reign, which he named as the [1] Simple Magical Keys, [2] Advanced Magical keys and [3] the Complex Magical Keys, which were beneficial to ward off all "Evil" for the safe keeping of all those beings, who faithfully served performing their various incarnated roles, during their cyclic existence upon this planet earth.

The Key of Solomon the King S. L. Macgregor Mathers,2016-11-01 A magical grimoire of sigils and rituals for

summoning and mastering spirits, The Key of Solomon the King is the most famous, or infamous, of all magick books. It has influenced everything from the revival of magick and the Western Mystery Traditions (tarot, alchemy, astrology, etc.) to fictional works such as Lovecraft's The Necronomicon. Purported to have been penned by King Solomon himself, the book provides instruction for incantations, rituals, and sigils used to call upon and control spirits and demons. Those practicing magick have used it extensively through the centuries, but its true origins and purpose have been lost in the mists of time. No library of the contemporary occult student or practicing magician is complete without this tome. It remains a standard of esoteric lore by which others are measured. This edition includes a new foreword by noted esoteric scholar Joseph Peterson.
