Theatre Masks Out Side In Wendy J. Meaden, Michael A. Brown, 2023-02-28 Theatre Masks Out Side In examines masks from different angles and perspectives, combining the history, design, construction, and use of masks into one beautifully illustrated resource. Each chapter includes key information about an element of mask study: history and uses, theatre traditions, practical principles for directing, performing exercises, design considerations, mask-making techniques, and considering makeup as mask. Artist interviews, theatre company profiles, and hundreds of images provide insight into the variety of mask styles and performance applications. Project suggestions, discussion questions, useful worksheets, creative prompts, and resources for sourcing masks are included to inspire further exploration. Theatre Masks Out Side In is designed with the beginning theatre maker in mind, as well as prop makers, costume designers and technicians, and actors learning to use masks in performance.

Masks in Modern Drama Susan H. Smith, Susan Harris Smith, John Chandler, Susan V. Smith, 1984-01-01

Levinas and the Other in Narratives of Facial Disfigurement Gudrun Grabher, 2019-04-30 Offering readings of a range of fictional and biographical texts, including work by Richard Selzer, Nathaniel Hawthorne, Gaston Leroux, Willa Cather, Natalie Kusz, and Lucy Grealy, this book examines reactions to facially disfigured people on the basis of Emmanuel Levinas' ethics of the face. Drawing on Levinas' concern with the holistic dimension of the face as an encounter with the other's whole person and the sense of moral obligation that this instils in us—a sense that disfigurement disrupts by drawing our attention to the disfigurement as a spectacle and threatening to limit our view of that individual—the author explores how we react to the facially disfigured and how we ought to react.

Masks And The Origin Of The Greek Drama (Folklore History Series) F. B. Jevons, 2013-01-08 Greek drama is fascinating and the real beginning of modern drama as we know it today. This well researched and concise book is a must for anybody studying the history of drama. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality,

modern editions, using the original text and artwork.

The Ancient Greeks Jenny Chattington,1986 Puzzles and activities present information about ancient Greek culture, including mythology.

Team Players Mark Murphy,2025-10-07 The New York Times–bestselling author of *Hundred Percenters* and *Hiring for Attitude* shows you how to build the most successful team The conventional wisdom is wrong about how great teams are built. Great teams worry less about cohesion and more about assembling the right group of people with complementary talents and personalities. No amount of teambuilding, trust, or cohesion can overcome having the wrong mix of people in the room. In *Team Players*, Mark Murphy argues that the best teams contain an ideal mix of five vital roles: Director, Achiever, Stabilizer, Harmonizer, and Trailblazer. Murphy’s groundbreaking research shows how to unlock each team member’s talents and position them to succeed within the team. Murphy reveals how unlocking the Directors, Achievers, Stabilizers, Harmonizers, and Trailblazers on your team solves teams’ absence of accountability, the torment of aimless meetings, the unfairness of uneven workloads, the scarcity of active participation, the chaos of clashing agendas, and the dearth of decisiveness. With a balance of hard-hitting research and compelling real-world examples, this book is a pivotal read for anyone keen on accelerating team development while allowing individual brilliance to shine through.
