Corpus orales y lexicografía. A propósito de Preseaa-Puebla Niktelol Palacios,2024-12-03 El español de Puebla pertenece a la zona dialectal del Altiplano central. Quizá por el predominio político, socioeconómico y cultural de la capital del país o por el hecho de que esta zona se percibe bastante homogénea, representada por los usos lingüísticos de la Ciudad de México, el español de Puebla ha sido poco investigado en la lingüística mexicana. En este libro se presenta una propuesta de análisis que combina objetivos, métodos y herramientas de la lingüística computacional, la lexicografía, la lexicología y la sociolingüística. Se busca que la exposición detallada de las decisiones metodológicas sirva de punto de partida para la preparación de leuarios de otros corpus del Proyecto para el Estudio Sociolingüístico del español de España y América (Preseaa) —y de otros corpus orales regionales—; asimismo, se espera que, a partir de un método común, pueda haber un acercamiento a la variación lexicológica por parcelas referenciales, por el origen etimológico o por la distribución social e identitaria de ciertos ítems.

Manual of Applied Romance Linguistics Vera Mathieu,Julia Montemayor Gracia,Claudia Polzin-Haumann,2025-06-16 This handbook provides a systematic overview firstly of the basic concepts and secondly of current research topics and trends in Applied Romance Linguistics from a theoretical, methodological and empirical perspective. It takes account of both traditional and innovative research approaches. Following a general introduction to the field and its major topics, methods and objectives, the presentation is divided into four thematic sections (methods and methodology; language, society and knowledge; language acquisition and language education; specialised communication and transfer). The volume is geared towards researchers, teachers and students working in the fields of linguistic and communication studies, but also addresses the general public. It aims to provide useful information for anyone dealing with problems of language and communication in their professional or private lives, and illustrates career options for graduates of Romance Linguistics.

Remolino Sergio Aguayo Quezada ,2014-02-25 Incluye audio del autor. Remolino: el futuro depende de lo que hagan o dejen de hacer las minorías conscientes. ¿A dónde va México? Carecemos de respuestas definitivas, pero existe suficiente información para hacer un bosquejo bastante preciso de las fuerzas que, desde la sociedad, los poderes fácticos y las élites, están cincelandó el futuro para conformar el gran Remolino de nuestra historia. Aunque nadie puede anticipar los desenlaces, sí es posible asegurar que la sociedad organizada tiene la capacidad de influir en la agenda nacional. Nada está

escrito. Remolino es mi primer libro digital, y está repleto de información manejada desde ángulos poco frecuentados. Es también una obra comprometida por el futuro de nuestro país, y guiada por el convencimiento de que sí es posible transformar a México en beneficio de las mayorías, para lo cual, primero hay que entenderlo.

Historia sociolingüística de México Rebeca Barriga Villanueva, Pedro Martín Butragueño, 2022-07-13 La riqueza y la complejidad lingüísticas que se dan en el vasto territorio mexicano son de suyo una incitante invitación al análisis y a la historia. Tal es el objetivo final de esta *Historia sociolingüística de México*: narrar desde varias perspectivas la historia de las lenguas y, en especial, la de los hablantes en México a lo largo de los siglos, tanto en términos de consenso como de conflicto. Múltiples miradas convergen en esta *Historia* en torno a los diversos procesos que han imbricado lenguas y hablantes en el paradójico México pluriétnico. Este volumen 5, que es la última entrega de la serie y oscila entre el pasado y el presente, busca ofrecer perspectivas interpretativas adicionales sobre las palabras literarias, la gestación del español mexicano, la presencia de minorías dialectales y lingüísticas, la importancia de la capital del país, el papel del español mexicano en el mosaico hispanico y el desarrollo de la enseñanza de esta lengua en diferentes espacios.

Environmental Impact III C.A. Brebbia, J.L. Miralles i Garcia, 2016-07-14 Delegates to the 3rd International Conference on Environmental and Economic Impact on Sustainable Development contributed the peer-reviewed papers contained in this book. The papers discuss the most serious problems affecting sustainable development. They consider the impact of economic constraints on the environment, taking into account the social aspects as well as the over-use of natural resources. Uncontrolled development can also result in damage to the environment in terms of the release of toxic substances and hazardous waste. Thus, attention is paid to issues related to whether some forms of development are compatible with environmental protection, particularly in cases of possible serious contamination and toxicity. The focus in the book is on more constructive and progressive approaches to the problems discussed, to ensure sustainability. The hope is that through the shared experiences of experts, we can learn from past failure, to avoid repeating similar mistakes, while attempting to prevent emerging threats to the environmental and ecological systems. Fundamental to these concepts are an analysis of the inherent risks and the development of appropriate strategies. The papers in the book address such topics as: Environmental policies and planning; Environmental assessments; Development issues; Sustainable cities; Economic impact; Natural resources management; Energy and the environment; Food production systems and policies; Ecosystems health; Soil contamination; Remediation; Decommissioning of hazardous plants; Brownfields rehabilitation; Water resources management; Air and water pollution; Toxicity studies; Pollution and public health; Environmental health risk; Community participation; Legislation and regulations.

Decolonization and Anti-colonial Praxis ,2019-06-07 Decolonization and Anti-colonial Praxis presents research on contemporary forms of decolonization and anti-colonialism in practice. It pertains to the ways in which individuals, groups, and communities engage with the logic of epistemic colonial power within areas of citizenship, migration, education, Indigeneity, language, land struggle, and social work. The contributions in this edited volume empirically document the conceptual and bodily engagement of racialized and violated individuals and communities as they use anti-colonial principles to disrupt criminalizing institutional discourses and policies within various global imperial contexts. The terms 'Decolonization' and 'Anti-colonialism' are used in diverse and interdisciplinary academic perspectives. They are researched upon and elaborated in necessary ways in the theoretical literature, however, it is rare to see these principles employed in applied forms. Decolonization and Anti-colonial Praxis provides a much needed contemporary and representative reclamation of these concepts from the standpoint of racialized communities. It explores the frameworks and methods rooted in their

indigeneity, cultural history and memories to imagine a new future. The research findings and methodological tools presented in this book will be of interdisciplinary interest to teachers, graduate students and researchers. Contributors are: Harriet Akanmori, Ayah Al Oballi, Sevgi Arslan, Jacqueline Benn-John, Lucy El-Sherif, Danielle Freitas, Pablo Isla Monsalve, Dionisio Nyaga, Hoda Samater, Rose Ann Torres, Umar Umangay, and Anila Zainub.
