The Clash of Chronologies Thomas R. Trautmann,2009 The Clash of Chronologies shows the crucial value of the ancient period of Indian history for understanding India's deep history. In this valuable volume, Thomas Trautmann makes this connection with great acuity through a series of studies, on topics ranging from the contrasting theories of time and history in India and Europe, persistent codes of kinship and marriage between north and south India, the conjuncture of ancient Indian and European traditions of language analysis in the eighteenth and nineteenth centuries, legacies of European scholars of India's deep history such as Sir William Jones and A.L.Basham, and structures of the ancient Indian state. At a time when ancient history is being dismissed by some as a projection of colonial rule or hyper-magnified by others as the charter of the modern state, this book finds a middle way that restores the true weight and value of ancient history, namely as an essential component of the long view, a way of finding our place and a tool for making a future. This is a critical volume for students and scholars of ancient as well as modern Indian History, Anthropology and Linguistics.

Indian Chronology to Indian History Ravi Prakash Arya,2019-02-16 So far as the chronology of Indian history is concerned, Indian writers were well versed in astronomy. They have given astronomical dateline everywhere whether it is literary sources or epigraphic records. So, the need is to formulate an ancient calendar so that the dateline given into literature and epigraphic records may be verified and a true chronology of Indian history may be constructed. The present author has made an humble attempt to construct the 7000 years old calendar and has successfully verified the astronomical dateline quoted in epigraphic records, Puranas and other Sanskrit texts to fix the epochs of various events of Indian history

and personalities. Hope the present work will be helpful to learned and laity alike for understanding the actual and factual dateline of Indian history.

An Alternative Timeline of Indian History Raja Ram Mohan Roy,2023-03 The chronology of ancient India is based on counting backward and forward from two sheet anchors of Indian history - the identification of Sandrokottos of Greek

accounts with Chandragupta Maurya and the identification of Devanampriya Priyadarshi of major rock edicts with Ashoka Maurya. For Sandrokottos there is another candidate which fits better, Chandragupta I of Imperial Gupta dynasty. Thus most of ancient Indian chronology is based on a single set of evidence, major rock edicts of Devanampriya Priyadarshi. While Devanampriya Priyadarshi attributes his conversion to Buddhism to Kalinga war, there is no mention of Kalinga war in all the available literature about Ashoka Maurya. In this book it is proposed that the identification of Devanampriya Priyadarshi with Ashoka Maurya is wrong and Devanampriya Priyadarshi should be identified with Kumaragupta I, the great grandson of Chandragupta I of Imperial Gupta dynasty. Based on this identification, a new chronology of ancient Indian history has been proposed.
