Closer to Love Vex King, 2023-02-14 Beloved spiritual teacher Vex King follows up his international bestseller *Good Vibes, Good Life* with this essential guide to building meaningful, mindful, and loving relationships. It is nearly impossible to build healthy, sustainable bonds with others without first having a good relationship with yourself. To get along with others, we often alter our habits or subsume our unique personalities. By trying to transform or suppress our true selves, we erode our self-worth and self-knowledge. We begin to lose sight of who we really are and what we truly want. When our self-understanding and self-confidence are damaged, it ultimately hurts our relationships. Humans are social animals. In this wise and transformative book, Vex King helps us find and sustain the connections we want with ourselves and others. Good relationships begin with loving ourselves and recognizing our own desires and needs. This self-discovery allows our best selves to radiate with confidence and to attract and choose partners—romantic and platonic—who are truly compatible. When we feel comfortable in our own skin, we are able to give and receive love without being blocked by the destructive emotions and past trauma that previously held us back and prevented us from forming fulfilling and lasting relationships. Filled with Vex King's profound wisdom, thoughtful self-practices, and easy-to-adopt-habit builders, this guide opens you up to the love you deserve and shows you how to bring it into your life.

Summary of Vex King's Good Vibes, Good Life Everest Media,2022-02-28T00:00:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Law of Attraction is the idea that what you think about, you bring about. It is based on the belief that you can attract the things you want into your life by focusing on them. It applies to both the things you want and the things you don't want. #2 I heard about the Law of Attraction and decided to use it to change my life. I wanted to go on holiday with my friends, so I followed the guidelines and tried to be as positive as possible. #3 The Law of Attraction is not always effective. It is difficult to remain positive all the time, and when things go wrong, it is easy to become angry and frustrated. #4 I couldn't quit university when I'd already come so far. I'd expended so much energy trying to find a way out of the problem, but now it was time to face what needed to be done and hope for the best.
