Wings of Fancy Joan Garner,2006-09-30 Featuring scripts for well known classical fantasy stories, as well as more current entries into the genre, Wings of Fancy addresses subgenres such as: Fairies and Enchanted Creatures; Fantastic Beasts and Talking Animals. Each script offers a summary of the story with background information on the author and story, plus suggested further readings. Staging and presentation directions are included, as is a glossary of new and unfamiliar terms. Unlike most other books of this type, lesson plans and project ideas are also included for each story. Grades 4-8 The Readers Theatre series presents original scripts written for the purpose of teaching a specific literary genre. Each book is composed of 24-28 scripts, keyed to published books, plays, poems or stories in that genre, encouraging students to read the originals to accomplish the correlated project. Staging and presentation directions are included. Two-leveled (lower and

higher level) projects with all needed lesson plans, forms and discussion are also provided for each script.

Dinosaurs in Fantastic Fiction Allen A. Debus, 2013-03-25 From the first illustrated edition of Jules Verne's Journey to the Center of the Earth in 1867, dinosaurs and prehistory have fascinated readers. Writers would time and again come back to dinosaurs as an element of fantastic fiction, often using these creatures--through the venue of the written word--to reflect the world of the writers' own time. This literary survey examines how paleoliterature originated, developed and matured to the present day. Also discussed are the ways in which dinosaur fiction mirrors contemporary ideas about subjects such as geology, the Cold War, environmentalism, time travel, evolution and bioengineering. Featured authors include Ray Bradbury, H.G. Wells, and Poul Anderson, among others. In select cases, the novelizations of movie scripts are also examined. An appendix provides brief summaries of deserving dinosaur texts.

Utopian and Dystopian Writing for Children and Young Adults Carrie Hintz, Elaine Ostry, 2013-10-11 This volume examines a variety of utopian writing for children from the 18th century to the present day, defining and exploring this new genre in the field of children's literature. The original essays discuss thematic conventions and present detailed case studies of individual works. All address the pedagogical implications of work that challenges children to grapple with questions of perfect or wildly imperfect social organizations and their own autonomy. The book includes interviews with creative writers and the first bibliography of utopian fiction for children.
