

Doubt Larte Del Dubbio

Giulana Pieri

Italian Crime Fiction Giulana Pieri, 2011-10-15 The present volume is the first study in the English language to focus specifically on Italian crime fiction, weaving together a historical perspective and a thematic approach, with a particular focus on the representation of space, especially city space, gender, and the tradition of impegno, the social and political engagement which characterised the Italian cultural and literary scene in the postwar period. The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present, by focusing on a wide range of detective and crime novels by selected Italian writers, some of whom have an established international reputation, such as C. E. Gadda, L. Sciascia and U. Eco, whilst others may be relatively unknown, such as the new generation of crime writers of the Bologna school and Italian women crime writers. Each chapter examines a specific period, movement or group of writers, as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture. The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which, when viewed without the artificial distinction between high and popular literature, shows a remarkable insight into Italy's postwar history, tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong, evil, redemption, and the search of the self.

The Voice in the Desert Valerio Di Stefano, 2023-09-22 The voice in the desert, beyond a skillfully written novel, is also a series of notes masterfully expressed by the amazing pen of Valerio di Stefano. Valerio, already author of several books, all of literary and philanthropic inspiration, is also a philologist, skill perfectly shown in this work. A work that is capable of completely immersing us in the illusory and, at times, oniric universe of Don Fiorentino. This Don is a parish priest of an unknown village who has a great passion: the classics of Italian and foreign literature. The incredible strength of this novel is the alternation of letters that the protagonist forwards to his favorite authors, almost as if he wanted to teach them how to write and to express themselves, by praising some techniques and harshly criticizing others. Valerio's writing is driving, it leads you page after page to discover biblical notes and quotes, always with the clear awareness of broadening your own cultural baggage which, compared to his, appears meager and eternally empty.

Methods of Murder Elena Past, 2012-01-01 Past traces the roots of the twentieth-century literature and cinema of crime

to two much earlier, diverging interpretations of the criminal: the bodiless figure of Cesare Beccaria's Enlightenment-era *On Crimes and Punishments*, and the biological offender of Cesare Lombroso's positivist *Criminal Man*

Andrea Camilleri Lucia Rinaldi,2014-01-10 This is the first comprehensive reference work in English dedicated to the writing of world-famous Italian mystery writer Andrea Camilleri. It includes entries on plots, characters, dates, literary motifs, and themes from the bestselling author's detective stories and television crime dramas, with special attention given to the serialized policeman Inspector Salvo Montalbano, Camilleri's most famous character. It also equips the reader with background information on Camilleri's life and career and provides a guide to the writings of reviewers and critics.
