R Pring

**Derecho Penal** Edgardo Alberto Donna, Natalia Barbero, 2006

**El concepto jurídico del delito político** Ricardo Posada Maya, 2023-05-01 El concepto jurídico del delito político revisa y profundiza la teoría general de los delitos políticos y las distintas modalidades delictivas previstas en la parte especial de la legislación y los diversos efectos constitucionales y legales que estas figuras comportan en el derecho penal moderno. Todo ello, desde una perspectiva garantista y crítica que acoge los postulados de política criminal que se desprenden del Estado social y democrático de derecho. A lo anterior se suma la visión de esta clase de infracciones en la Jurisdicción Especial para la Paz (JEPP), a propósito de los acuerdos de paz entre el Gobierno nacional y las Fuerzas Armadas Revolucionarias de Colombia - Ejército del Pueblo (FARC-EP) del 2016. Esta obra es una fuente de consulta teórica actualizada para los estudiantes de Derecho, los jueces ordinarios o transicionales, los fiscales y para quienes se dedican a estudiar cualquier disciplina relacionada con los delitos políticos.

*Estudios críticos de jurisprudencia de la Corte Suprema de Justicia 3* Posada Maya, Ricardo, Velásquez Velásquez, Fernando, Correa Flórez, María Camila, 2016-10-31 La presente obra de estudios de jurisprudencia constituye un esfuerzo continuo realizado por los profesores de derecho penal de las facultades de derecho de la Universidad de los Andes y de la Sergio Arboleda (Bogotá, Colombia), algunos de ellos colombianos y otros extranjeros, y, desde luego, jueces y abogados en ejercicio. La idea fundamental es analizar, de manera seriada, algunas sentencias escogidas de la Sala de Casación Penal de la Corte Suprema de Justicia colombiana, para acercar la jurisprudencia de esta corporación, como una herramienta imprescindible, a la realidad y práctica de los tribunales, a las aulas de clase y al ejercicio profesional, con el objetivo de generar nuevo conocimiento.

*Imputación subjetiva* Urs Kindhauser, Diego Luzón Peña, Percy García Caveró, 2023-12-13 Afirmar o negar la existencia de dolo o imprudencia en el comportamiento de un imputado, muchas veces, resulta ser una labor sumamente complicada para los principales actores jurídicos (Defensa Técnica, Ministerio Público y Poder Judicial), produciendo, como consecuencia, un grave debilitamiento en la teoría del caso asumida, así como una evidente ausencia de motivación en las decisiones judiciales. La escasa literatura publicada en nuestro país sobre la materia, explica, de algún modo, dicha situación. Bajo este contexto, la presente obra no solamente busca constituirse en una herramienta que facilite la labor fiscal y judicial, sino

también servir de vehículo para propiciar el debate científico sobre la imputación subjetiva, cuya ausencia hoy es evidente. ¿Por qué es necesaria una imputación subjetiva para atribuir responsabilidad penal?, ¿Cuál es la estructura del dolo y de la imprudencia en el marco de la sociedad contemporánea?, ¿Se deben proscribir los delitos preterintencionales?, ¿Qué repercusiones para la imputación subjetiva tienen los supuestos de error vencible, caso fortuito y consentimiento presunto? Estas y otras cuestiones cruciales son abordadas a lo largo de la presente obra. Carlos A. Pinedo Sandoval (Coordinador).

**Teorías en torno al error de prohibición** José Cornejo Aguiar, José Sebastián Cornejo Aguiar, José Wilmer Maza Gonza, 2023-12-01 La presente obra cuenta con cuatro capítulos muy bien estructurados, en los cuales se analizan aspectos como: “el error de prohibición.”; “la culpabilidad”; “error de prohibición”; y, “error de prohibición de diversas legislaciones”. Capítulos que comprenden la profunda ciencia y el verdadero sentido de un libro, que nos ha permitido entender y comprender la maravilla de la dogmática penal, ya que se abordan temas complejos de una manera objetiva y con una estructura lógica, que como veremos en el capítulo primero, referente al “error de prohibición; parten de una esquematización que radica en el antecedente histórico del error de derecho al error de prohibición, vislumbrando su evolución. Revisión que permitirá confluir en que es el poder punitivo, el mismo que hace un quiebre lineal de la forma que se viene estudiando el error de derecho y error de prohibición ya que estaríamos en la obligación moral de hacer saber al lector de dónde nace ese poder que tiene el Estado antes y durante el ejercicio del poder y sobre que contexto jurídico, social, político y económico se ha construido el poder punitivo. Ya que sin lugar a dudas el poder en manos de la autoridad pública ha causado y va a causar siempre efectos positivos o negativos, todo dependerá de una serie de factores políticos e ideológicos en el ejercicio y del concepto que tenga sobre: el Estado, la democracia y los derechos humanos, a tal punto que en la presente obra se puede observar como el Derecho Penal es la denominación categórica y conceptual que hace el legislador en la ley penal, que abarca de forma general y abstracta e hipotética un sinnúmero de conductas sancionadas penalmente, pero que el mismo siempre debe tener una relación a la dogmática. Consecuentemente en el capítulo dos al abordar lo referente a “la culpabilidad”; se parte desde la teoría de la culpabilidad, su definición, para adentrarse en el estudio de sus teorías como son la: Teoría psicologista; normativista; normativista-finalista y sus elementos. Destacando en todo momento que la culpabilidad es la última categoría dogmática que debe ser analizada por el juzgador, para llegar a determinar la responsabilidad penal, o dicho de otra manera, es el filtro final que ha de considerar el órgano de jurisdicción penal para determinar la pena. En lo atiente del capítulo tercero denominado: “error de prohibición”, se utiliza un esquema que permite entender desde el concepto; clases de error. Lo mismo que deja en claro al lector como la institución jurídica del error de prohibición era necesaria que se la revise desde su origen del proceso evolutivo, haciendo incluso alusión a sus características, elementos y más circunstancias que encierra esta institución jurídica penal, que nos permitirá comprender la función que desempeña y los efectos que ocasiona cuando la persona alega no tener conocimiento de que su acto es

antijurídico. En fin, este capítulo tiene como finalidad ayudar a enfocar desde la dogmática penal la función que cumple el conocimiento como parte medular de esta institución jurídica. Quito- Ecuador, abril de 2023 José Sebastián Cornejo Aguiar José Wilmer Maza Gonza.

**Ciberdelitos** Gustavo E. Aboso, José Luis Agüero Iturbe, Javier Teodoro Álvarez, Gustavo A. Arocena, Jorge Eduardo Buompadre, Rubén E. Figari, Carlos Gonella, María Belén Linares, Víctor Hugo Portillo, Marcelo A. Riquert, Marcos Salt, Carlos Christian Sueiro, 2022-04-11 Durante la Pandemia por COVID-19, la delincuencia informática aumentó en un 300% en la República Argentina. Esta obra colectiva nuclea trabajos de reconocidos autores, publicados en el Suplemento de Derecho Penal y Procesal Penal -dirigido por el Dr. Gustavo E. Aboso-, sobre aspectos sustanciales y procesales de los ciberdelitos e incluye una gran selección de jurisprudencia sobre el tema. El lector interesado en adentrarse en esta compleja realidad, podrá hacerlo a través de una prolija clasificación de las cuestiones principales y más controvertidas. La estafa informática, la clonación de tarjetas de crédito y débito, el phishing, el hackeo de datos, el sabotaje informático, la nueva regulación del delito de distribución de material de abuso sexual infantil y la controvertida incorporación de la tenencia para autoconsumo punible, la pornovenganza, el sexting, el acceso no autorizado a comunicaciones telemáticas, el ciberbullying, el lavado de activos por medio de criptomonedas, son solo algunos de los temas abordados en esta obra de innegable actualidad.

**Estudios de cibercrimen** Ezequiel A. Ferrer, 2023-12-06 El sistema penal que hemos conocido hasta ahora estaba pensado para la persona física y construido sobre la base de las relaciones causales. Los delitos dicen nuestros códigos son acciones u omisiones. Sin embargo, sobre esos presupuestos no es posible extender la responsabilidad penal a comportamientos que, en ocasiones no realiza el ser humano y que no pueden ubicarse ni en el tiempo ni en el espacio. La aparición del internet da al traste con los criterios de territorialidad y se compadece mal con el principio según el cual los delitos resultan cometidos allá donde se produce la acción o con el criterio clásico de la dimensión temporal del delito, según la cual se entiende producido en el momento en que el sujeto ejecuta la acción u omite el resultado. La cibercriminalidad y sus consecuencias directas o colaterales para el sistema penal son de tal magnitud que el mundo del derecho tampoco ha sido capaz de reaccionar a tiempo. Es necesario que hagamos un gran esfuerzo por asegurar que estos cambios vertiginosos en el ordenamiento jurídico con el objetivo de luchar contra esta criminalidad no terminen convirtiéndose en una coartada para consolidar unas políticas criminales empeñadas en limitar el acceso de las personas a sus derechos. Con este panorama la obra, que va a comenzar a leer, tiene el valor añadido de reflexionar sobre estas reformas, estas nuevas tipificaciones desde la visión crítica de unos juristas comprometidos con las exigencias de un Estado de Derecho. Borja Mapelli Caffarena. Catedrático de Derecho Penal. Director del Instituto de Criminología.

**Lo vivo y lo muerto en la teoría del delito de Hans Welzel** Michael Pawlik, Varios, 2022-05-22 A partir de reflexiones iusfilosóficas, Hans Welzel desarrolló una de las concepciones más influyentes de la dogmática penal alemana del siglo

pasado, la cual gozó de una amplia recepción en muchos países de Europa, Asia Oriental y América Latina. No obstante, a partir de la década de 1970 empezó a perder influencia frente a las nuevas concepciones normativistas, por lo que algunas de las ideas centrales de Welzel han ido cayendo lentamente en el olvido. Una postura reflexiva sobre el estado actual de la ciencia penal, sin embargo, solo puede alcanzarla quien conozca la tradición y esté en capacidad de diferenciar lo vivo, aquello que merece ser conservado, de lo muerto, aquello que estaba unido a un tiempo determinado. Los escritos contenidos en esta antología ofrecen una detallada ordenación y valoración de la obra de Hans Welzel. De esta manera, pretenden contribuir a una visión más diferenciada de la teoría de Welzel, de su influencia sobre las principales concepciones teóricas posteriores y, en consecuencia, de los aciertos y dificultades del sistema del derecho penal contemporáneo.
