**Traffic Secrets** Russell Brunson, 2023-07-25 Now in paperback, master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. If you have an existing business, then Traffic Secrets is like throwing gasoline on the fire! — Daniel Rosen, founder and CEO of Credit Repair Cloud The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand one essential skill: the art and science of getting traffic (or people) to find you. Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals the classic and foundational direct marketing techniques that will allow you to be at the front of new trends, see opportunities that are invisible to most everyone else, and master emerging tactics before most people even know they exist. With step-by-step instructions to master multiple traffic sources, Brunson reveals the market-tested strategies for: Understanding exactly who your dream customer is Discovering where they are congregating Throwing out the hooks that will grab their attention and pull them into your funnels so you can tell them a story and make them an offer. Don't wait for people to come to you. Implement these evergreen traffic strategies now so you can find your people and focus on changing their world with the products and services that you sell.

**Dotcom Secrets** Russell Brunson, 2022-08-09 Master the science of funnel building to grow your company online with sales funnels in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. DotCom Secrets is not just another how-to book on internet marketing. This book is not about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. Low traffic or low conversion rates are symptoms of a much greater problem that's a little harder to see (that's the bad news), but a lot easier to fix (that's the good news). What most businesses really have is a funnel problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals

his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online.
