

I Who Have Never Known Men

Julius Sterling Morton

I Who Have Never Known Men Jacqueline Harpman, 1997-04-08 A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *I Who Have Never Known Men* shows us the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human.

Summary of I Who Have Never Known Men SellWave Audio, 2025-10-28 Jacqueline Harpman's *I Who Have Never Known Men* is a haunting and unforgettable exploration of isolation, resilience, and the human spirit. Deep underground, thirty-nine women live imprisoned in a cage, cut off from memory, time, and the outside world. Their existence is defined by endless confinement and the oppressive gaze of unseen guards, until the arrival of a fortieth prisoner—a young girl who begins as an outcast in the corner but soon emerges as the key to their survival and eventual escape. Set in a post-apocalyptic world, the novel explores the fragile bonds of female friendship, the power of solidarity, and the lengths people will go to preserve dignity and humanity under unimaginable conditions. Harpman's narrative captures both the physical and psychological dimensions of captivity, examining the interplay of memory, identity, and hope as the women confront the challenges of reintegration into a strange and dangerous world above ground. Informed by Harpman's experiences as a psychoanalyst and her own youth in exile during World War II, the story resonates with profound psychological insight. It is at once a meditation on trauma and a testament to resilience, portraying how human connection and courage can flourish even in the most oppressive circumstances. Long out of print until recently, *I Who Have Never Known Men* stands as a modern classic of feminist speculative literature. Its poignant exploration of intimacy, survival, and moral courage ensures its place as an essential work in both post-apocalyptic fiction and the broader canon of literature examining the human condition.

I Who Have Never Known Men Jacqueline Harpman, 2024-04-04 Discover the haunting, heartbreaking post-apocalyptic

tale of female friendship and intimacy set in a deserted world. Deep underground, thirty-nine women live imprisoned in a cage. Watched over by guards, these women have no memory of how they got there, no notion of time, and only vague recollections of their lives before. As the burn of electric light merges day into night and numberless years pass, a young girl - the fortieth prisoner - sits alone and outcast in the corner. But soon she will show herself to be the key to the others' escape and survival in the strange world that awaits them above. WITH AN INTRODUCTION BY SOPHIE MACKINTOSH

Orlanda Jacqueline Harpman, 2010-05-18 A magical novel on the theme of androgyny. Funny, subtle, poignant... - Nadine Sautel, Magazine littéraire Jacqueline Harpman drags us into one of those sexual phantasmagorias that are her own secret. She displays incredible confidence in juggling identities and meshing together yearnings and phobias, fantasies and frustrations - T G, L'Express How would it be to jump into the skin of another? To be both a man and a woman at once? And what would happen if you found yourself attracted to yourself? Beneath a mousy exterior, 35-year-old college lecturer Aline seethes with frustration. Sick of being bullied by her mother and treated like a piece of furniture by Albert, her live-in lover, one day Aline leaps from her own skin into the far more attractive body of Lucien, whom she spots in a café at the Gare du Nord. From here this brilliantly imaginative story runs on parallel lines. While Aline sensibly catches the train back to her orderly life, Aline-Lucien - or *Orlanda*, as her bold new composite self is called in homage to Virginia Woolf - follows, dragging chaos in his wake. Jacqueline Harpman, herself once a psychoanalyst, revels in the confusion, as ego falls for alter ego and mothers, sisters and lovers begin to ask awkward questions in this unusual perceptive comedy of double selves and bisexuality. Undoubtedly this is a novel to breathe life into characters through the unfettered use of the imagination. It offers a pretext for a great deal of humour and fantasy that stirs up the old myths' - André Brincourt, Figaro Winner of the Prix Médicis.
