Encyclopedia of Latin American Theater Eladio Cortés, Mirta Barrea-Marlys, 2003-12-30 Latin American culture has given birth to numerous dramatic works, though it has often been difficult to locate information about these plays and playwrights. This volume traces the history of Latin American theater, including the Nuyorican and Chicano theaters of the United States, and surveys its history from the pre-Columbian period to the present. Sections cover individual Latin American countries. Each section features alphabetically arranged entries for playwrights, independent theaters, and cultural movements. The volume begins with an overview of the development of theater in Latin America. Each of the country sections begins with an introductory survey and concludes with copious bibliographical information. The entries for playwrights provide factual information about the dramatist's life and works and place the author within the larger context of international literature. Each entry closes with a list of works by and about the playwright. A selected, general bibliography appears at the end of the volume.

Historia de los musulmanes de España Libro I & Libro II Reinhart Dozy, 2016-04 Fruto de largos años de trabajo y de una prodigiosa labor de investigación original, la Historia de los musulmanes de España, obra cumbre del filólogo e historiador holandés Reinhart P. Dozy, provocó de inmediato una verdadera revolución en el campo de los estudios arábigos. La utilización de fuentes y documentos de primera mano, hasta entonces inexplorados, un estilo literario de gran belleza y una estructura narrativa impecable la convirtieron en un clásico de la historiografía moderna. Pasado más de un siglo desde su primera edición, continúa siendo la obra de referencia erudita a la que recurren los estudiosos del tema y una lectura cautivante para todos aquellos interesados en una de las facetas más apasionantes de la historia de España. Publicada ahora en dos tomos, La historia de los musulmanes de España comprende el período que media entre los años 711 y 1110, o sea, hasta la conquista de Andalucía por los almorávides.

Finally, the Dictionary will be of great interest to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.
