Theory and Practice of Leadership Roger Gill,2006-02-08 Theory and Practice of Leadership provides a comprehensive and critical review of the major theories of leadership and clearly lays out a more holistic understanding of leadership that integrates the disparate approaches and theories. Throughout the book, Roger Gill uses illustrative examples and cases, drawn from research and practice in the UK, mainland Europe, and the USA as well as Asia and elsewhere, enabling students to better relate the theories to real cases and their own experience. A clear picture of leadership theory and leadership development is set out through accessible language and a focus on bridging the gap between theory and practice.

Lessons in Leadership John Adair,2018-06-28 The fundamental concepts of leadership that will guide, inspire and reassure aspiring or established leaders. Designed to challenge and inspire anyone who is seeking a deeper understanding of management, *Lessons in Leadership* provides a series of reflections on the very fundamentals of leadership as a management function. In the midst of current global concerns about the quality of leadership, this book is both a practical handbook and a vital contribution to the ongoing debate about what kind of leadership we should be encouraging in today's volatile and uncertain world. Sometimes it's easy to lose sight of the basics in this dynamic sector. To help steer both current and future leaders to greatness, John Adair has distilled his vast experience into 12 key guiding concepts, including: · Leading from the front; · Integrity; · The strategic leader; · Warmth and humanity; and · Sharing dangers and hardships. Leadership and change go hand in hand – but even during times of change, the basic building blocks of leadership remain the same. *Lessons in Leadership* is the first book in the John Adair Masterclass Series, and it offers guidance, inspiration, reassurance and insight for anyone who is expected to lead or who wants to refresh and sharpen their current leadership practices.

Shakespeare on Management Paul Corrigan,2000 A look at the psychology of greatness using classic Shakespearean characters. Paul Corrigan shows how, through his plays, Shakespeare demonstrates the different roles a leader can take and the different skills those leaders need.
