Truth Seeker Warren M. Mueller, 2019-05-07 Have you ever wondered why humans think and act the way we do? This book explores how we are wired and the limitations and biases of the way we are designed. It also explores the convergence of science and the Bible based on recent discoveries. It then develops models that synthesis and harmonize this information to explain the meaning and purpose of being human.

The Global Conspiracy Exposed The Whistleblower, 2021-10-28 America is no longer a government by the people and for the people. According to information retrieved from the Council on Foreign Relations website, in 1921 a group of diplomats, financiers, generals, and lawyers concluded that Americans needed to be better prepared for significant responsibilities and decision making in world affairs, with this in mind they founded the 'Council on Foreign Relations.' In other words, a group of elites created a government independent of our elected government. Diplomats, financiers, generals, and lawyers created their own government in 1921 which continues to operate and circumvent our elected government to this very day. Readers will learn from this book that the Council on Foreign Relations, the Establishment, the Deep State, and

the Shadow Government are all one and the same. Their goal is a corporate controlled one world government, and it appears as if the majority of our representatives are serving them. Many Americans are just recently becoming aware of and thus concerned with the establishments GREEN NEW DEAL and are totally unaware that it is already the law of the land via Executive Order No. 12852. In 1993 President Bill Clinton DAMNED the United States with the creation of the President's Council on Sustainable Development which is the original title for the GREEN NEW DEAL.

The Four Great Inventions of Ancient China Jixing Pan, 2019 This book, as a systematic and profound research of the origin, early development and outward spread of China's four great inventions, papermaking, printing, gunpowder and the compass, is written on the basis of investigation of the newest archaeological materials and textual research of Sino-foreign sources during the past three decades. It also talks about the role and influence of the four great inventions on the development of the world civilization. Apart from this, the scientific principles and the manufacture process of these inventions are approached, and new technical restoration of some utensils is also made. This book, as a reference, is suitable to be read by scientists, technical personnel historians, teachers, and students of high schools and universities.
