**Tobias Bleicker**

Broadway Sheet Music Donald J. Stubblebine, 1995 Stubblebine, also the author of *Cinema Sheet Music* (1991), provides a comprehensive listing of the published songs from every composer in all Broadway shows, 1918 through 1993. Each of the 2,562 entries include the show's title, year the show opened, a listing of all songs in the production with composers and lyricists, and the show's leading players. The sheet music cover is also described, along with a one-line synopsis of the show. A limited number of shows that closed before reaching Broadway are also included. Indexed by song and by composer/lyricist. c. Book News Inc.

Tin Pan Alley David A. Jasen, 2004-06 For nearly a century, New York's famous Tin Pan Alley was the center of popular music publishing in this country. It was where songwriting became a profession, and songs were made-to-order for the biggest stars. Selling popular music to a mass audience from coast-to-coast involved the greatest entertainment media of the day, from minstrelsy to Broadway, to vaudeville, dance palaces, radio, and motion pictures. Successful songwriting became an art, with a host of men and women becoming famous by writing famous songs.

Oklahoma! Tim Carter, 2020 First published in 2007, *Oklahoma! The Making of an American Musical* tells the full story of the beloved Rodgers and Hammerstein musical. Author Tim Carter examines archival materials, manuscripts, and journalism, and the lofty aspirations and mythmaking that surrounded the musical from its very inception. The book made for a watershed moment in the study of the American musical: the first well-researched, serious musical analysis of this landmark show by a musicologist, it was also one of the first biographies of a musical, transforming a field that had previously tended to orient itself around creators rather than creations. In this new and fully revised edition, Carter draws further on recently released sources, including the Rouben Mamoulian Papers at the Library of Congress, with additional correspondence, contracts, and even new versions of the working script used - and annotated - throughout the show's rehearsal process. Carter also focuses on the key players and concepts behind the musical, including the original play on which it was based (Lynn Riggs's *Green Grow the Lilacs*) and the Theatre Guild's Theresa Helburn and Lawrence Langner, who fatefully brought Rodgers and Hammerstein together for their first collaboration. The crucial new perspectives these revisions and additions

provide make this edition of Carter's seminal work a compulsory purchase for all teachers, students, and lovers of musical theater.

*A Song for a New Day* Sarah Pinsker,2019-09-10 WINNER OF THE NEBULA AWARD After a global pandemic makes public gatherings illegal and concerts impossible, except for those willing to break the law for the love of music—and for one chance at human connection. In the Before, when the government didn't prohibit large public gatherings, Luce Cannon was on top of the world. One of her songs had just taken off and she was on her way to becoming a star. Now, in the After, terror attacks and deadly viruses have led the government to ban concerts, and Luce's connection to the world—her music, her purpose—is closed off forever. She does what she has to do: she performs in illegal concerts to a small but passionate community, always evading the law. Rosemary Laws barely remembers the Before times. She spends her days in Hoodspace, helping customers order all of their goods online for drone delivery—no physical contact with humans needed. By lucky chance, she finds a new job and a new calling: discover amazing musicians and bring their concerts to everyone via virtual reality. The only catch is that she'll have to do something she's never done before and go out in public. Find the illegal concerts and bring musicians into the limelight they deserve. But when she sees how the world could actually be, that won't be enough.

*Cinema Sheet Music* Donald J. Stubblebine,1991 Compiled from the author's own enormous collection and years of research, this book lists approximately 6,200 films and the music that was a part of them. Each entry gives the movie title, studio, year of release, stars, songs sung during the film (over 15,000 throughout the book), composers and/or lyricists, and a brief description of the album cover. This book is a necessity for sheet music collectors, musicians, historians and the general public who are interested in a greater knowledge of film music.
