Of Human Bondage (Autobiographical Novel) William Somerset Maugham, 2024-01-04 In 'Of Human Bondage,' William Somerset Maugham crafts a profound semi-autobiographical novel that intricately explores the themes of desire, ambition, and the quest for identity. Through the journey of Philip Carey, a psychologically complex protagonist marked by a clubfoot, Maugham delves into existential struggles and the complexities of human attachments. The novel's realist style reflects Maugham's keen observational prowess, drawing on his own life experiences, and situating the narrative within the modernist literary movement that resonates with the works of contemporaries like D.H. Lawrence and Virginia Woolf. It blends introspection with a candid portrayal of societal norms and personal relationships, elucidating the perennial human struggle against emotional and societal bondage. Maugham, an illustrious figure in early 20th-century literature, faced a tumultuous upbringing and a diverse career as a playwright, novelist, and short story writer. His experiences in the medical field, coupled with a keen interest in psychological nuance and human behavior, deeply informed his character-driven narratives. 'Of Human Bondage' stands as a transformative reflection of Maugham's own existential inquiries and the search for authenticity in a world rife with constraints. This seminal work is highly recommended for readers seeking a nuanced understanding of human condition and relationships. Maugham's poignant prose and rich character development make this novel an essential read for those interested in the interplay of desire and freedom, and anyone drawn to the literary exploration of self and society. Somerset Maugham*About *Of Human Bondage***Of Human Bondage* Summary*Character List*Glossary*Themes*Quotes*Analysis*Symbols, Allegory and Motifs*Metaphors and Similes*Irony*Imagery*Literary Elements*Essay Questions*Of Human Bondage* is one of the most famous novels of English writer William Somerset Maugham. The novel was written in 1915. The protagonist - Philip Carey, is an orphan and is with a lame leg, which makes his life very difficult. The novel itself is considered as an autobiographic, as there are many details from Maugham's life. Maugham had a stammer, and Phillip had a club foot; as well as the main character Maugham has lost his mother when was a child and was sent to his uncle and aunt; Maugham also was very interested in art, though did not practice it himself. This all gives an impression of an autobiographic novel, but as Maugham said himself, even though this is true, the novel is not an autobiographical, most of it is fictional. The title is borrowed from Spinoza's *Ethics*, part IV *Of Human Bondage, or the Strength of the Emotions*. The idea of bondage as an inability of people to take control over their emotions became a monument point for Maugham to develop the plot. In the beginning of the 20th century 9-year-old Philip Carey became an orphan, and was sent for bringing up to his uncle in Blackstable. His uncle was a vicar and did not feel soft feelings toward his nephew, but in his house Philip found a lot of different books, which helped him to forget about his solitude. In the school, where he was sent, he was mocked at because of his club foot. These mocking made him very timid and bashful, it seemed to him that suffer was his destiny. Philip begged God to make him healthy, and after it had not happened, he was the only one he blamed. He thought that his faith was not strong enough. He hated school, and there was no way he considered continuing his education at Oxford, as his uncle wanted. Philip himself wanted to study in Germany, and he managed to achieve his aim. In Germany Philip got acquainted with Hayward and got under his influence. Hayward was talented and rather out of the common. The arguments of Hayward with other people about religion and literature left a very significant track in Philip's soul: in one moment he understood that did not believe in God anymore, was not afraid of hell, and a human should be responsible for his deeds only before himself. Having returned from Germany to England Philip met a daughter of the former Mr. Carey's assistant in Blackstable. She was about 30, mincing and rather flirtatious. At first Philip did not like her, but even though, she became soon his lover. Being very proud Philip wrote Hayward about his love affair, describing it very vividly and romantically. But in fact when Ms. Wilkinson left he was rather relieved, but he felt a little sad because the really did not coincide with the dreams. Mr. Carey having already accepted the Philip's unwillingness to study at Oxford, sent him to London to become a clerk. But this profession was not for Philip and without

friends he felt really lonely in a big city. But then he got a letter from Hayward with an invitation to go to Paris and study there art. It seemed to Philip that this idea had been maturing in his soul as well, and disregarding his uncle's objections Philip left for Paris. There he joined the artistic studio and met a girl called Fanny Price. She was rather unattractive and not neat. Nobody could stand her because of her rudeness and self-conceit, even though she had little talent in drawing. But she helped Philip to adapt to circumstances and he stayed very grateful. The life of Paris bohemia changed Philip's world outlook: he did not consider anymore ethical tasks the main for art, but as before saw the life in the spectrum of Christian virtue.

Hartley, 2006 The Wisdom Background and Parabolic Implications of Isaiah 6:9-10 in the Synoptics seeks to understand the divine act of fattening in Isaiah 6:9-10 and how it shapes one's understanding of parables in the Synoptic Gospels. Of Human Bondage W. Somerset Maugham, 2012-01-30 *Of Human Bondage* is a novel by W. Somerset Maugham which was published in 1915. It is generally agreed to be his masterpiece and to be strongly autobiographical in nature. The book begins with the death of the mother of the nine-year-old protagonist, Philip Carey. Philip's father had already died a few months before, and the orphan Philip is sent to live with his aunt and uncle. His uncle is vicar of Blackstable, a small village in Kent. Philip inherits a small fortune but the money is held in custody by his uncle until he is twenty-one, giving his uncle a great deal of power over him until he reaches his maturity. Early chapters relate Philip's experience at the vicarage. His aunt tries to be a mother to Philip, but she is herself childish and unsure of how to behave, whereas his uncle takes a cold disposition towards him. Philip's uncle has an eclectic collection of books, and in reading Philip finds a way to escape his mundane existence and experience fascinating worlds of fiction. In 1998, the Modern Library included *Of Human Bondage* on its list of the 100 best English-language novels of the 20th century. Einstein Books' edition of *Of Human Bondage* contains supplementary texts: * *Rain, A Short Story* By W. Somerset Maugham * *Of Human Bondage*, by Benedict de Spinoza. (Maugham chose the title to his novel after reading Spinoza's *Ethics*.) * *One Hundred Quotes* Of W. Somerset Maugham.
