"The Religious Patronage of the Duke of Lerma, 1598?621 " LisaA. Banner,2017-07-05 Introducing fresh archival evidence, author Lisa Banner here demonstrates how Francisco G? de Sandoval y Rojas, first Duke of Lerma, served as a vital link in Habsburg architectural patronage. She traces Lerma's trajectory as, beginning with the ancient royal city of Valladolid, he embarked on a career of renovating or building religious foundations in various towns and cities around seventeenth-century Spain. The unintended consequence of his architectural patronage and involvement was to proliferate the distinctive royal architectural style developed under Philip II, which connected the foundations of Lerma indelibly with the traditions of noble patronage in Habsburg Spain.
