

Qu Cambios Introdujo La Reforma Constitucional De 1949

Bolsa de Comercio de Buenos Aires

Lecciones de Derecho constitucional. Teoría de la Constitución y Organización del Estado. Tomo I Alfonso Santiago, 2023-10-01 En esta obra se comparten algunas de las ideas fundamentales del Derecho constitucional argentino a partir de las clases que imparte el profesor Alfonso Santiago para los alumnos de grado y posgrado en la Universidad Austral. En este primer tomo, se estudia el concepto y los fines del Derecho constitucional y de la Constitución. Se abordan los distintos principios y técnicas constitucionales; los fundamentos filosóficos, históricos y normativos de la disciplina jurídica; y su relación con otras ciencias. Asimismo, se analizan las distintas fuentes del Derecho Constitucional argentino y las dos notas fundamentales que caracterizan a la Constitución Nacional y que la diferencian de cualquier otra norma: su origen en el Poder Constituyente y su carácter supremo, lo que exige como contrapartida el establecimiento de un sistema de control de constitucionalidad. El libro presenta una propuesta innovadora para el estudio del Derecho constitucional desde la óptica de una teoría constitucional del personalismo solidario, que concibe a la persona humana como principio y fin de todo el ordenamiento jurídico.

Reforma constitucional e instituciones políticas Gregorio Badeni, 1994

La tradición constitucional en la UC José Francisco García García, 2017 En medio del debate nacional sobre el cambio de la Constitución ha surgido con fuerza la noción de tradición constitucional chilena como parámetro de evaluación del proceso, pero los conceptos ligados a esta tradición han sido poco estudiados desde el constitucionalismo nacional y su contenido es objeto de continua controversia. ¿Cuál es el contexto político-cultural que marca los orígenes y forja los pilares fundamentales de una tradición constitucional específica, determinando su rumbo y desarrollo posterior? ¿Cuáles son las peculiaridades de esta tradición, sus valores, principios e instituciones? ¿Qué define la estructura y le da coherencia interna, distinguiéndola de otras tradiciones rivales? ¿Cuáles son, en fin, los mecanismos, instancias y formas a través de los cuales se transmite y evoluciona una tradición constitucional? El destacado académico constitucionalista José Francisco García busca examinar críticamente estas preguntas a la luz de la tradición del pensamiento constitucional construido desde la Facultad de Derecho de la Pontificia Universidad Católica de Chile, que ha sido uno de los referentes más importantes en la tradición

constitucional chilena lo largo del tiempo. En este volumen, el autor examina los aportes a dicha tradición constitucional en el periodo 1889-1967 donde distinguen las figuras de Abdón Cifuentes, José María Cifuentes, Carlos Estévez, y Alejandro Silva Bascuñán.

Derecho administrativo: Limitaciones a la libertad Benjamín Villegas Basavilbaso, 1949

Derecho administrativo Benjamin Villegas Basavilbaso, 1949

Intelectuales, peronismo y universidad Aritz Recalde, 2021-09-10 La historia intelectual de nuestra Patria está cargada de silenciosos que gritan y de olvidos que ofenden. Auscultar los primeros y redimir los segundos son objetivos de Intelectuales, peronismo y universidad, profunda indagación del itinerario de los múltiples desencuentros de generaciones de intelectuales con nuestro pueblo, y fundamentalmente, de recuperación del legado de voces ejemplares del nacionalismo popular que salieron un 17 de octubre a conquistar el futuro. Investigador incansable, la ciencia histórica de los argentinos le otorga a Recalde el puntual en que se apoyan los grandes cambios: los lentos y sigilosos avances de la conciencia nacional que emergen en tumultuosos desplazamientos de los pueblos con destino de grandeza. Punto de partida de movimientos telúricos que cierran etapas oscuras para abrir radiantes caminos a la esperanza. Provenimos de la larga marcha de más de 400 años sin descansos ni fatigas de quienes supieron leer, entender y cifrar las lecciones del subsuelo de la Patria ¡Qué no se detenga el reloj de la historia que los trabajadores argentinos están pariendo el porvenir!

La memoria de la deuda Carlos Juliá, 2002 La deuda externa como desafío ético y político. La deuda en el sistema mundial. Cómo comprender el caso argentino. Una visión jurídica de la deuda en el sistema judicial argentino. La deuda externa en la época de liberalización financiera: el caso de México durante el Tratado de Libre Comercio de América del Norte.

El pasado de la protesta Archila Neira, Mauricio, 2025-11-28 Esta obra reúne textos publicados en un lapso de cuarenta años. Esta nueva compilación es de carácter histórico, no propiamente historiográfico o teórico, como fue la intención de Labrar el pasado (2024), sino sobre la trayectoria de la protesta en Colombia en el contexto latinoamericano y global. De esta forma, intenta responder a diversas demandas y necesidades de nuestra sociedad y de su medio académico. Una de ellas, y la

más prominente en el actual momento por el que pasa el país, es tratar de entender la génesis de la movilización social que terminó derivando, aunque con quiebres y rupturas sustanciales, en los estallidos sociales de fines del decenio pasado e inicios del presente, especialmente el ocurrido en 2021. Por supuesto, con este libro no se pretende dar una explicación de los recientes acontecimientos, ni ahondar en los debates que tales hechos han producido, dimensiones que parcialmente ha abordado el autor en otras publicaciones, sino mostrar la trayectoria histórica de la protesta social en Colombia que se lee tanto en la larga duración como en algunas coyunturas puntuales de nuestro pasado.

Perspectivas José María Lladós, Samuel Pinheiro Guimarães, 1999

Mujeres, votos y asistencia social en el México priista y la Argentina peronista Gisela Zaremborg, 2013-09-10 En este libro se analizan las consecuencias de la obtención del derecho al voto de las mujeres, sobre un área fundamental de su agenda política, para la época: la asistencia social al conjunto materno-infantil en dos países latinoamericanos, México y Argentina. Una obra indispensable para entender el presente.
