**The Black Squares Club** Joseph Cairo,2014-09-05 The Black Squares Club is a gripping psycho-sexual detective novel written for the mature reader. It is the second novel of the Sam Sonn series, built on the persona of a hi-tech sleuth who undertakes high profile cases. This time, a serial killer taunts both the police and his victims by mailing in crosswords that give clues to the time and place of his next murder. Sonn attempts to unmask the killer by applying his knowledge of crosswords, his background in computer science as well as his uncanny ability to decipher the criminal mind. In order to solve this case, however, he must sacrifice what he deems most precious--the only woman he ever truly loved. The author spins a chilling narrative that traps the readers psyche in unsuspecting twists, intellectual challenges, passionate sexual encounters and chilling violence. This is escapism in its purest form, transporting the reader to a place from which he may never return. Reader discretion is advised.

**Tolerance : Experiments with Freedom in the Netherlands** Cees Maris,2018-08-27 This book presents a collection of philosophical essays on freedom and tolerance in the Netherlands. It explores liberal freedom and its limits in areas such as

freedom of speech, public reason, sexual morality, euthanasia, drugs policy, and minority rights. The book takes Dutch practices as exemplary test cases for the principled discussions on these subjects from the perspective of political liberalism. Indeed, the Netherlands may be viewed as a social laboratory in human tolerance. During the Cultural Revolution of the 1960s, Holland took the lead in a global emancipation process towards a society based on equal freedom. It was the first country to legalize euthanasia, soft drugs and gay marriage. In the final sections, the book examines the question of whether the political murders on the politician Pim Fortuyn and the film director Theo van Gogh, the reactions to Ayaan Hirsi Ali's film Submission, as well as the success of the populist politician Geert Wilders are signs of the end of Dutch tolerance. Although it recognizes that the political climate has taken a conservative turn, the book shows that the Netherlands still shows remarkable tolerance.
