## Joe Vitale

**The G Spot** Sumner M. Davenport, 2008 Not your typical book about gratitude. This book is for the cynic, the hopeless, the happy and the already grateful. Do you have an opinion, a belief in gratitude or a passionate knowing? Is it how you were taught, or was it a lesson you learned through experience. People fake many things in life and I found that some even fake gratitude. The message in this book invites you on a self discovery journey sometimes through other perspectives and opinions. Question its message as you question your current opinions and perceptions.

**Subediting and Production for Journalists** Tim Holmes, 2015-08-27 The new edition of Subediting and Production for Journalists is a concise, clear and contemporary introduction to the skills required for subediting newspapers, magazines and websites. Tim Holmes describes how subediting has developed, from the early days of print to the modern era of the internet browser and social media, and explores the many challenges for the sub working today. Using numerous practical examples drawn from print and online, Subediting and Production for Journalists introduces the various techniques employed by the sub to help make the written word stand out on the page, including: subbing news and features for sense and style writing headlines and sells making copy legally safe understanding production, using software packages and content management systems editing and rewriting stories for online publication creating suitable page furniture for websites handling and sizing pictures digitally handling audio and video. Subediting and Production for Journalists is the perfect guide for all those with an interest in subbing in today's multimedia environments, as well as anyone wanting to see their words come to life.

Mine Your Language Abhishek Borah, 2024-03-18 Statutory warning: Language is a minefield. Words that firms and consumers use can be dealbreakers! Today, firms have many language-based decisions to make—from the brand name to the language of their annual reports to what they should or shouldn't say on social media. Moreover, consumers leave a goldmine of information via their words expressing their likes, dislikes, perceptions and attitudes. What the firm communicates and what consumers say have an impact on consumer attitudes, satisfaction, loyalty, and ultimately, on a firm's sales, market share and profits. In this book, Abhishek Borah meticulously and marvellously showcases the influence of language on business. Through examples ranging from Toyota to Tesla and Metallica to Mahatma Gandhi, you will read about how to improvise on social media, how changing the use of simple pronouns like 'we' and 'you' can affect a firm's bottom line, how to spot a fake review online and much more. So whether you are just inquisitive about the role of language in affecting

consumer and company behaviour or a student wondering about the utility of language analysis in understanding them, Mine Your Language will teach you to use language to influence, engage and predict!

*American Extremists* John George,Laird M. Wilcox,1996-05 Originally published: Nazis, communists, klansmen, and others on the fringe, 1992.

**Journal of the Gypsy Lore Society** ,1928

**Nazis, Communists, Klansmen, and Others on the Fringe** John George,Laird M. Wilcox,1992 The freedoms guaranteed by our Bill of Rights have allowed a simmering subculture of political fringe groups to develop and even to flourish in America, as they have in no other nation. These radical associations - sometimes dangerous, sometimes merely quirky - illuminate a dark part of the American psyche. In this encyclopedic work, John George and Laird Wilcox present a thorough and fair assessment of extremist groups on the periphery of the American political system. The authors begin by surveying the history of the extremist trend in America prior to 1960. They then delineate the general characteristics of extremism on both ends of the political spectrum, relate extremism to constitutional principles, and analyze the factors that motivate fringe-group members. The bulk of the book is devoted to an in-depth discussion of more than forty separate groups from the extreme right and left. The authors examine each group's history, beliefs, and current activities. The book concludes with a fascinating appendix on the use of fake quotes and fabricated documents, a common ploy of many extremist organizations.

*Accessing Post-School Studies* Venicia McGhie & Madge du Preez,2017-12-01 ¿Accessing Post-School Studies: A student's GPS to successful learning makes a valuable contribution to often problematic and pertinent South African higher education issues such as student access and success, student learning, student support and student engagement. In this regard, the authors draw on the works of higher education theorists such as Kuh, Tinto, Marton and S„lj”. The book is primarily a helpful resource for South African learners in school, students at universities, life orientation teachers, as well as parents of prospective university students. It will especially assist students to adapt to the university environment. ? Prof Victor N. Teise (Sol Plaatje University, Kimberley, South Africa)

Is That True? Chuck Stephens, Larry N Willard, 2025-06-21 Have we entered an era where AI programs like Grok 4 have made it impossible to discern truth and reality from sophisticated deceptions and outright forgeries? Have prominent members of the traditional media succumbed to political interference in their honest presentation of the news? Has absolute truth suffered a fatal wound with the forceful advent of subjective truth into every area of life? What can we truly believe in this age of clever deception? In their new book, *Is That True? Discerning Truth in an Age of Deception*, Larry Willard and Chuck Stephens team up to confront the confusion and doublespeak that are prevalent in today's media news. In Parts I and II, Larry tackles how media news evolved from reporting news to what has now really become infotainment, obscuring the issues of truth with intentional mixes of partisan deception. He then takes a hard look at the capabilities of artificial intelligence, noting where it is going and asks if there is a danger that it may lead us into artificial truth without built-in safeguards. In Part III, Chuck goes back to the future, to the days of clear divisions between right and wrong, warning that the postmodern remix of subjective, objective, and revealed truth is changing the meaning of truth, suggesting that our ethical plumb line is wobbling. He presents key perspectives of 24 major issues being debated in the public space in the ingenious, unique format borrowed from the old popular TV celebrity panel program, *To Tell the Truth*, complete with four illustrious panelists, who probe three challengers—right, left, and middle. The exchanges present us with a toolbox of tips and skills to help screen out deception. Chuck argues that objectivity and subjectivity are not enough. There must be a place

for revealed truth. CHUCK STEPHENS was born and raised in Africa as a “missionary kid,” later spending two decades in Canada. He returned to Africa as a career missionary, serving a total of forty years in Southern Africa as senior manager at the Desmond Tutu Centre for Leadership. He also spent periods in Angola, Zimbabwe, and Mozambique. Chuck is an author, writer, activist, and public speaker, with over fifteen books published, and is an op-ed columnist in the South African media. He holds a master’s degree in communications and a doctor of letters degree in religious studies. LARRY N. WILLARD, MDiv, is a writer, author, leading thinker on social, political, and religious issues, and the founding publisher of Castle Quay Books. He spent thirty years holding several major senior management positions with top Fortune 100 global corporations and served nine years in various VP roles for Tyndale University in Toronto, and has resided in Canada, Brazil, and the US. Castle Quay Books titles have been nominated for over 130 publishing awards by various groups and have won 70 of those awards.
