From My Heart to Your Heart 2 Alicia G. Smith-Mackall, 2016-09-27 I feel very blessed after writing my first book, *From My Heart To Your Heart*. I was extremely happy to have located many of the poems written over forty years ago. They are dated throughout this book. It is my desire to blend the old with the new. To my surprise many of the things addressed over forty years ago have come to pass. It is easy to see that some of the poems were before their time, and perhaps that is why

they were hidden from me for such a time as this. The message continues from the first book, delving a little deeper into the things we still struggle with throughout our lives. We are encouraged here to deal with matters of the heart so that we can be free from the many traps that the Enemy has set for us, causing us to fail in our relationships and fall short of the glory of God.

Since then, aliens have become familiar characters in books, films and video games. Given their overwhelming popularity, visitors from other worlds are sure to be featured in pop culture for many years to come.

Critical Foundations in Young Adult Literature: Challenging Genres Antero Garcia, 2013-10-11 Young Adult literature, from *The Outsiders* to *Harry Potter*, has helped shape the cultural landscape for adolescents perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking, challenging, and transforming the assumptions of some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media.
