

# Take Me To The World Sheet Music

**Murry R. Nelson**

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1966

**Broadway Sheet Music** Donald J. Stubblebine, 1995 Stubblebine, also the author of *Cinema Sheet Music* (1991), provides a comprehensive listing of the published songs from every composer in all Broadway shows, 1918 through 1993. Each of the 2,562 entries include the show's title, year the show opened, a listing of all songs in the production with composers and lyricists, and the show's leading players. The sheet music cover is also described, along with a one-line synopsis of the show. A limited number of shows that closed before reaching Broadway are also included. Indexed by song and by composer/lyricist. c. Book News Inc.

*Early Broadway Sheet Music* Donald J. Stubblebine, 2002 This work, a companion to *Broadway Sheet Music: A Comprehensive Listing of Published Music from Broadway and Other Stage Shows, 1918 through 1993* (1996, \$75), provides information about sheet music published over the 75-year period from June 1, 1843, to May 31, 1918--the early days of modern American theatre. It covers all sheet music published from all Broadway productions--plus music from local shows, minstrel shows, night club acts, vaudeville acts, touring companies, and shows on the road that never made it to Broadway. Also included are all the major musicals from Chicago, which rivaled Broadway in original productions during that period. Each piece of sheet music has been assigned a number by the author, and the following information is given: production title (as listed on sheet music cover), year the production officially opened or tour began, name of the theatre (applicable only to

New York productions), number of performances (applicable only to New York productions), performers, song titles, composer and lyricist, original publisher of each song, and cover description. Also included are comments from the author.

World War I Sheet Music Bernard S. Parker, 2007 Catalogs the patriotic sheet music of World War I. Introductory information describes how the music messages often paralleled Woodrow Wilson's policies. Data includes title, authors of the lyrics and music when available, value based on auction prices and collector knowledge, publisher, folio size and cover description. More than 400 photos of outstanding sheet music covers are included--Provided by publisher.

**Show Music** ,1991

*The Music of Baseball* George Boziwick, 2025-10-14 Since 1858 when the first piece of baseball music was published and performed, music has been a constant companion to all aspects of the game, amplifying and enlivening the stories and experiences of the fans, players, performers, composers, lyricists and music publishers who documented and celebrated the game with music. As America was searching for its own musical identity separate from European influences, baseball would be riding that same crest into the twentieth century, with the song Take Me Out to the Ball Game branding baseball and its music as a popular and cherished American enterprise. The partnership of baseball and music would grow stronger through two world wars, suffrage, women's professional ball, racial integration and expansion of the game to the West Coast. These historical milestones, while familiar, are made startlingly new when viewed and expressed through a musical soundtrack. Presented by a professional music librarian, this first-of-its-kind history tells the story of baseball through the music that has accompanied it for over a century. As the rhythms and personalities of the game continue to change, so does its music, reflecting America's ongoing love for a game, and those who play it.

**Library of Congress Magazine** ,2014-03

American Sports Murry R. Nelson, 2013-05-23 America loves sports. This book examines and details the proof of this fascination seen throughout American society—in our literature, film, and music; our clothing and food; and the iconography of the nation. This momentous four-volume work examines and details the cultural aspects of sport and how sport pervasively reflects—and affects—myriad aspects of American society from the early 1900s to the present day. Written in a straightforward, readable manner, the entries cover both historical and contemporary aspects of sport and American culture. Unlike purely historical encyclopedias on sports, the contributions within these volumes cover related subject matter such as poetry, novels, music, films, plays, television shows, art and artists, mythologies, artifacts, and people. While this encyclopedia set is ideal for general readers who need information on the diverse aspects of sport in American culture for

research purposes or are merely reading for enjoyment, the detailed nature of the entries will also prove useful as an initial source for scholars of sport and American culture. Each entry provides a number of both print and online resources for further investigation of the topic.
