Warrior to Civilian Robert Sarver, Alex Gendzier, 2025-01-28 A compassionate, practical guidebook for veterans transitioning from active duty to civilian life and for the loved ones supporting their journey. Challenging yet reassuring....a key addition to every veteran's packing list. --Stan McChrystal, General, US Army (Ret) and Co-Founder and CEO, McChrystal Group Some important statistics: There are over 22 million veterans alive today Each year, more than 200,000 new veterans transition out of active duty. Approximately 22 veterans commit suicide a day, and even more are living with PTSD, traumatic brain injury (TBI), struggling with substance abuse, homelessness, and experience many, many other difficulties. It's clear that we have not honored the promise we make to veterans: that we as a country will help them after

they've served and sacrificed. And while there are many books written by and for veterans, only a small selection of those address the transition to civilian life, and none are a truly complete reference for stepping out of service and back into normal life. *Warrior to Civilian* covers a range of topics, from the practical—finding a job, reintegrating into family life—to the more challenging topics, like dealing with loss, and finding new purpose in life. This well-curated resource incorporates stories, insights, and observations from veterans and their partners; evidence-based advice from health professionals and experts who work closely with veterans; and inspiration taken from heavyweights like Jon Kabbat-Zinn and Tony Robbins. The authors take care to address the unique challenges faced by veterans of color, and those in the LGBTQ+ communities. With support from some of our country's most recognizable military members, authors Rob Sarver, a former SEAL, and Alex Gendzier, combine their voices and their experiences in and out of the military in a unique way that will make this resource shine. Scaffolded by the hero's journey, in which the hero experiences a series of transformative events, they reveal that within the loss that many veterans have suffered while serving and suffer in the transition, there is great opportunity for healing.

*Songs of the Serbian People* Milne Holton, Vasa D. Mihailovich, 2014-06-27 In the early nineteenth century, Vuk Karadzic, a Serb scholar and linguist, collected and eventually published transcriptions of the traditional oral poetry of the South Slavs. It was a monumental and unprecedented undertaking. Karadzic gathered and heard performances of the rich songs of Balkan peasants, outlaws, and professional singers and their rebel heroes. His four volumes constitute the classic anthology of Balkan oral poetry, treasured for nearly two centuries by readers of all literatures, and influential to such literary giants as Goethe, Merimee, Pushkin, Mickiewicz, and Sir Walter Scott. This edition of the songs offers the most complete and authoritative translations ever assembled in English. Holton and Mihailovich, leading scholars of Slavic literature, have

preserved here the unique meter and rhythm at the heart of Serbian oral poetry, as well as the idiom of the original singers. Extensive notes and comments aid the reader in understanding the poems, the history they record and the oral tradition that lies beneath them, the singers and their audience. The songs contain seven cycles, identified here in sections titled: Songs Before History, Before Kosovo, the Battle of Kosovo, Marko Karadzic, Under the Turks, Songs of the Outlaws, and Songs of the Serbian Insurrection. The editors have selected the best known and most representative songs from each of the cycles. A complete biography is also provided.

**Rewire for Wealth: Three Steps Any Woman Can Take to Program Her Brain for Financial Success** Barbara Huson, 2021-01-12 A groundbreaking program to help women create a habit of building wealth—from renowned financial therapist Barbara Huson (formerly Barbara Stanny). The men in her life had always handled Barbara Huson's money: First her father (the "R" of H&R Block), and then her husband, a stockbroker who turned out to be a compulsive gambler. When tax bills arrived for over \$1m for his illegal deals, her ex left the country, her father refused to help, and Huson—who'd always been "scared and intimidated by money"—realized she had to grow up financially, fast. Since that dramatic financial wake-up call, Huson has devoted herself to learning everything there is to know about women and money, and in *Rewire for Wealth* she goes to the very core of the disconnect between the two: According to multiple studies, women's and men's brains process information differently—and that has a profound effect when it comes to money. (Men, for example, view investing as a challenge; women see it as a threat.) Fortunately, you can "un-learn" previous bad lessons—and train your brain to process differently. In *Rewire for Wealth*, Huson offers a proven and integrative approach to re-wiring your brain. Using the latest neuroscience, psychology, and mind-training techniques with original research that includes more than 20 years of hard-won financial expertise, she shows you how to quickly but methodically eliminate maladaptive financial behaviors, and expand your ability to build wealth. By repeatedly applying a practical three-step formula—recognize, reframe, and respond differently—old brain circuits become weaker and new ones grow stronger, paving the way to a more confident approach to wealth building. You may never get a financial wake-up call as dramatic as Huson's, but the real, positive, and life-changing power to take charge, now, is at your fingertips.
